

If you are in any doubt about the contents of this Prospectus, the risks involved in investing in the ICAV or the suitability for you of investment in the ICAV, you should consult a stock broker or other financial adviser. Prices of Shares in the ICAV may fall as well as rise.

The Directors of the ICAV whose names appear under the heading “**Management and Administration**” in this Prospectus accept responsibility for the information contained in this Prospectus. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts in all material respects and does not omit anything likely to affect the import of such information. The Directors accept responsibility accordingly.

TRINETRA UCITS ICAV

An umbrella type Irish collective asset-management vehicle with segregated liability between Funds

(an open-ended umbrella type Irish collective asset-management vehicle with limited liability and segregated liability between Funds registered with and authorised by the Central Bank of Ireland to carry on business as an ICAV, pursuant to Part 2 of the Irish Collective Asset-management Vehicles Act, 2015 and established as an undertaking for collective investment in transferable securities pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (S.I. No. 352 of 2011), as amended by the European Union (Undertakings for Collective Investment in Transferable Securities) (Amendment) Regulations, 2016 (S.I. No. 143 of 2016).

P R O S P E C T U S

The date of this Prospectus is 25 March, 2022

IMPORTANT INFORMATION

This Prospectus should be read in conjunction with the section entitled “**Definitions**”.

The Prospectus

This Prospectus describes Trinetra UCITS ICAV (the “**ICAV**”), an umbrella type Irish collective asset-management vehicle registered with and authorised by the Central Bank of Ireland to carry on business as an ICAV, pursuant to Part 2 of the Irish Collective Asset-management Vehicles Act, 2015 and established as an undertaking for collective investment in transferable securities pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 as amended by the European Union (Undertakings for Collective Investment in Transferable Securities) (Amendment) Regulations, 2016, with segregated liability between its Funds. The ICAV is structured as an umbrella fund and may comprise several Funds each representing a separate portfolio of assets. The share capital of the ICAV may be divided into different Classes of Shares to denote differing characteristics attributable to particular Classes of Shares.

This Prospectus may only be issued with one or more Supplements, each containing information relating to a separate Fund. Details relating to Classes may be dealt with in the relevant Fund Supplement or in separate Supplements for each Class. Each Supplement shall form part of, and should be read in conjunction with, this Prospectus. To the extent that there is any inconsistency between this Prospectus and any Supplement, the relevant Supplement shall prevail.

The latest published annual and half yearly reports of the ICAV will be supplied to Shareholders free of charge upon request and will be available to the public as further described in the section of the Prospectus headed “**Reports and Accounts**”.

Authorisation by the Central Bank

The ICAV is both authorised and supervised by the Central Bank. Authorisation of the ICAV by the Central Bank shall not constitute a warranty as to the performance of the ICAV and the Central Bank shall not be liable for the performance or default of the ICAV. The authorisation of the ICAV is not an endorsement or guarantee of the ICAV by the Central Bank and the Central Bank is not responsible for the contents of this Prospectus.

Promoter

The promoter of the ICAV is Trinetra Investment Management LLP, the Investment Manager. The Investment Manager’s biography can be found in this Prospectus under the heading “MANAGEMENT AND ADMINISTRATION”.

Redemption Fee

Shares of each Fund may be liable for a Redemption Fee based on a percentage of the Net Asset Value per Share of each Share redeemed. Details of any such charge with respect to one or more Funds will be set out in the relevant Supplement.

The difference at any one time between the sale price (to which may be added a Subscription Fee or commission) and the redemption price of Shares (from which may be deducted a Redemption Fee) means an investment should be viewed as medium to long term.

Restrictions on Distribution and Sale of Shares

The distribution of this Prospectus and the offering of Shares may be restricted in certain jurisdictions. This Prospectus does not constitute an offer or solicitation in any jurisdiction in which such offer or solicitation is not authorised or the person receiving the offer or solicitation may not lawfully do so. It is the responsibility of any person in possession of this Prospectus and of any person wishing to apply for Shares to inform himself of and to observe all applicable laws and regulations of the countries of his nationality, residence, ordinary residence or domicile.

The Manager, in consultation with the Directors and the Investment Manager may restrict the ownership of Shares by any person, firm or corporation where such ownership would be in breach of any regulatory or legal requirement or may affect the tax status of the ICAV or may in the opinion of the Manager, in consultation with the Directors and the Investment Manager, result in the ICAV incurring any liability to taxation or suffering any tax, legal, pecuniary regulatory liability or disadvantage or material administrative disadvantage which the ICAV or its Members or any of them might otherwise have incurred or suffered. Shares in the Fund will not be available directly or indirectly to any US Person as defined herein. Any restrictions applicable to a particular Fund or Class shall be specified in the relevant Supplement for such Fund or Class. Any person who is holding Shares in contravention of the restrictions set out above or, by virtue of his holding, is in breach of the laws and regulations of its competent jurisdiction shall indemnify the ICAV, the Directors, the Manager, the Investment Manager, the Depositary, the Administrator and Shareholders for any loss suffered by it or them as a result of such person or persons acquiring or holding Shares in the ICAV.

The Directors have the power under the Instrument to compulsorily redeem and/or cancel any shares held or beneficially owned by a Member in contravention of the restrictions imposed by them as described herein.

United States of America

Unless otherwise stated in a Fund Supplement:

There will be no public offering of Shares in the United States. The Shares will not generally be available to US Persons, unless they are, among other things, “**accredited investors**” (as defined in Rule 501(a) of Regulation D under the US Securities Act of 1933, as amended (the “**1933 Act**”)) and “**qualified purchasers**” (as defined in Section 2(a) (51) of the US Investment Company Act of 1940, as amended (the “**1940 Act**”)).

The Shares have not been and will not be registered under the 1933 Act or the securities laws of any of the states of the United States, nor is such registration contemplated. The Shares may not be offered, sold or delivered directly or indirectly in the United States or to or for the account or benefit of any US Person except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the 1933 Act and any applicable state laws. Any re-offer or resale of any of the Shares in the United States or to US Persons may constitute a violation of US law.

There is no public market for the Shares in the United States and no such market is expected to develop in the future. The Shares offered hereby are subject to restrictions on transferability and resale and may not be transferred or resold except as permitted under the Instrument, the 1933 Act and applicable state securities law pursuant to registration or exemption therefrom. The Shares are being offered outside the United States pursuant to the exemption from registration under Regulation S under the 1933 Act and inside the United States in reliance on Regulation D promulgated under the 1933 Act and Section 4(2) thereof.

The ICAV has not been and will not be registered under the 1940 Act pursuant to the provisions of Section 3(c)(7) of the 1940 Act. Under Section 3(c)(7), a privately offered fund is excepted from the definition of “**investment company**” if US Person security holders consist exclusively of “**qualified purchasers**” and the Shares are only offered in the US on a private placement basis.

Australia

Notice to Australian Investors: Prospective Australian investors should be aware that this Prospectus was not prepared from the point of view of an Australian investor and accordingly, the Prospectus should be read subject to the following: 1) the Prospectus is provided to prospective investors and, by receiving it, each prospective investor is deemed to represent and warrant that it is a “Professional” or “Sophisticated Investor” and “Wholesale Client” (as those terms are defined in Australian Corporations Act (“Act”)). Any advice contained in the Prospectus is provided by Trinetra UCITS ICAV. Trinetra UCITS ICAV does not hold an Australian financial services license (AFSL) which authorises it to provide advice in relation to the Shares. The Manager is authorised as a management company with the Central Bank of Ireland and the Investment Manager is authorised as an investment firm with the Financial Conduct Authority of the UK, under Irish and UK laws respectively, which differ from Australian laws. The Manager and the Investment Manager are each exempt from the requirement to hold an Australian financial services licence under the Australian Corporations Act in respect of the financial services that they provide.

You should read the Prospectus before making a decision to acquire Shares. No cooling-off regime applies to an acquisition of the Shares. The information contained in the Prospectus has been prepared solely for information purposes and sets out information relating to the ICAV. Australian investors interested in gaining exposure to the ICAV may do so by investing pursuant to the Prospectus and the Application Form. The Prospectus is not a prospectus, product disclosure statement or any other form of disclosure document for the purposes of Chapter 6D or Chapter 7 (as the case may be) of the Act. Amounts referenced in this Prospectus may be expressed in currencies other than the Australian dollar, including the US Dollar, being the Base Currency of the ICAV’s first Fund, Trinetra Emerging Markets Growth Fund. All information contained in the Prospectus is current as of the date of the Prospectus and will not be updated or otherwise reviewed to reflect information that subsequently becomes available or changes occurring after that date. The risks of investing in Trinetra Emerging Markets Growth Fund are outlined in the Risk Factors section of the Prospectus and the Trinetra Emerging Markets Growth Fund Supplement. You should note however, as an Australian investor, you may be exposed to additional risks outlined in the Prospectus such as foreign exchange risks. You should consider these risks before investing in Trinetra Emerging Markets Growth Fund.

Reliance on this Prospectus

Statements made in this Prospectus and any Supplement are based on the law and practice in force in the Republic of Ireland at the date of the Prospectus or Supplement as the case may be, which may be subject to change. Neither the delivery of this Prospectus nor the offer, issue or sale of Shares in the ICAV shall under any circumstances constitute a representation that the affairs of the ICAV have not changed since the date hereof. This Prospectus will be updated by the ICAV to take into account any material changes from time to time and any such amendments will be effected in accordance with the requirements of the Central Bank. Any information or representation not contained herein or given or made by any broker, salesperson or other person should be regarded as unauthorised and should accordingly not be relied upon.

Investors should not treat the contents of this Prospectus as advice relating to legal, taxation, investment or other matters. You should consult a stockbroker or other financial adviser.

Risk Factors

Investors should read and consider the section entitled “**Risk Factors**” in this Prospectus and any Supplement before investing in the ICAV.

Risk Management Process and Financial Derivative Instruments

The ICAV may engage in transactions in financial derivative instruments (“**FDI**”) on behalf of a Fund either for investment purposes (i.e. exposure and/ or hedging) and/or for the purposes of efficient portfolio management as more particularly disclosed in this Prospectus and the Supplement for the relevant Fund. The ICAV employs a risk management process which enables it to accurately measure, monitor and manage the risks attached to financial derivative positions and details of this process have been provided to the Central Bank. The ICAV will not utilise financial derivatives which have not been included in the risk management process until such time as a revised risk management process has been submitted to and cleared by the Central Bank. The ICAV will provide to Shareholders on request supplementary information relating to the risk management methods employed by the ICAV including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investments. The expected effect of transactions in FDI is described in the Supplement for the relevant Fund.

Translations

This Prospectus and any Supplements may also be translated into other languages. Any such translation shall only contain the same information and have the same meaning as the English language Prospectus and Supplements. To the extent that there is any inconsistency between the English language Prospectus/Supplements and the Prospectus/Supplements in another language, the English language Prospectus/Supplements will prevail, except to the extent (but only to the extent) required by the law of any jurisdiction where the Shares are sold, that in an action based upon disclosure in a Prospectus in a language other than English, the language of the Prospectus/Supplement on which such action is based shall prevail.

SUPPLEMENT113

DEFINITIONS

In this Prospectus the following words and phrases have the meanings set forth below:-

All references to a specific time of day are to Irish time.

“Accounting Period”	means, in respect of each Fund, a period ending on the Annual Accounting Date and commencing, in the case of the first Fund, on the date the ICAV’s registration and, in subsequent such periods, on the day following expiry of the last Accounting Period and, in the case of subsequent Funds, on the date of the Fund’s approval by the Central Bank.
“Act”	means the Irish Collective Asset-management Vehicles Act, 2015 and every amendment or re-enactment of the same.
“Administration Agreement”	means the Administration Agreement made between the Manager, the ICAV and the Administrator dated June 29, 2017 as may be amended and / or supplemented from time to time.
“Administrator”	means BNP Paribas Fund Administration Services (Ireland) Limited.
“AIF(s)”	means Alternative Investment Fund(s) as defined in Directive 2011/61/EU.
“Annual Accounting Date”	means in the case of each Fund, as set out in the relevant Supplement or such other date as the Directors, in consultation with the Manager, may from time to time decide and notify in advance to the Central Bank.
“Application Form”	means any application form to be completed by subscribers for Shares as prescribed by the ICAV or its delegate from time to time and attached to the Supplement of the relevant Fund.
“Auditors”	means Grant Thornton.
“Base Currency”	means the currency of account of a Fund as specified in the relevant Supplement relating to that Fund.

“Business Day”	means in relation to a Fund such day or days as shall be so specified in the relevant Supplement for that Fund.
“Central Bank”	means the Central Bank of Ireland or any successor regulatory authority with responsibility for the authorisation and supervision of the ICAV.
“Central Bank Regulations”	means the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2015 and every amendment or re-enactment of the same.
“Class”	means a particular division of Shares in a Fund.
“Country Supplement”	means a supplement to this Prospectus specifying certain information pertaining to the offer of Shares of the ICAV or a Fund or Class in a particular jurisdiction or jurisdictions.
“Dealing Day”	means in relation to a Fund such day or days as shall be specified in the relevant Supplement for that Fund provided that there shall be at least two Dealing Days in every month occurring at regular intervals.
“Dealing Deadline”	means in relation to a Fund, such time on any Dealing Day as shall be specified in the relevant Supplement for the Fund.
“Depositary”	means BNP Paribas Securities Services Dublin Branch.
“Depositary Agreement”	means the Depositary Agreement made between the ICAV, the Manager and the Depositary dated June 29, 2017 as may be amended and/or supplemented from time to time.
“Directors”	means the directors of the ICAV or any duly authorised committee thereof or delegate thereof.
“Duties and Charges”	means in relation to Subscription Price and Redemption Price, all stamp and other duties, taxes, governmental charges, valuation fees, agents fees, brokerage fees, bank charges, transfer fees, registration fees and other charges whether in respect of the constitution or increase of the assets or the creation, exchange, sale purchase or transfer of shares or the purchase or sale or proposed purchase or sale

of investments or otherwise which may have become or will become payable in respect of, or prior to, or upon, the occasion of any transaction, dealing or valuation, but not including commission payable on the issue of Shares.

“EEA”

means the countries for the time being comprising the European Economic Area (being at the date of this Prospectus, European Union Member States, Norway, Iceland and Liechtenstein).

“Eligible Assets”

means assets eligible for inclusion in a UCITS portfolio as described in the UCITS Regulations.

“Eligible CIS”

means UCITS collective investment schemes (including money market schemes) and eligible AIFs as described in the UCITS Regulations and Central Bank guidance. These include:

(a) (i) schemes established in Guernsey and authorised as Class A Schemes, (ii) schemes established in Jersey as Recognised Funds, (iii) schemes established in the Isle of Man as Authorised Schemes and (iv) retail investor AIFs authorised by the Central Bank provided such collective investment schemes comply in all material respects with the provisions of the UCITS Regulations and the Central Bank Regulations; and

(b) AIFs authorised in any EEA member state, the United States, Jersey, Guernsey or the Isle of Man which comply in all material respects with the provisions of the UCITS Regulations and the Central Bank Regulations. The consideration of “all material respects” will include, inter alia, consideration of the following: the existence of an independent depositary with similar duties and responsibilities in relation to both safekeeping and supervision, requirements for the spreading of investment risk including concentration limits, ownership restrictions, leverage and borrowing restrictions, availability of pricing information and reporting requirements, redemption facilities and frequency and restrictions in relation to dealings by related parties.

Other jurisdictions and types of AIF may be considered by the Central Bank on the basis of submissions made for that purpose.

To be an Eligible CIS, the scheme may not invest more than 10% of its net asset value in underlying collective investment schemes.

“Eligible Counterparty”

means (a) a credit institution authorised:

- (i) in the EEA;
- (ii) within a signatory state, other than a member state of the EEA, to the Basle Capital, Convergence Agreement of July 1988 (Switzerland, Canada, Japan, United States); or
- (iii) in Jersey, Guernsey, the Isle of Man, Australia or New Zealand; or

(b) an investment firm, authorised in accordance with the Markets in Financial Instruments Directive in an EEA member state; or

(c) a group company of an entity issued with a bank holding company license from the Federal Reserve of the United States of America (the **“Federal Reserve”**) where that group company is subject to bank holding company consolidated supervision by the Federal Reserve.

“euro” or “€”

means the lawful currency of the participating member states of the European Union which have adopted the single currency in accordance with the EC Treaty of Rome dated March 25, 1957 (as amended by the Maastricht Treaty dated February 7, 1992).

“Financial Instruments”

means the transferable securities, financial derivative instruments (**“FDIs”**) and all other investments as outlined in the Appendix entitled **“Permitted Investments and Investment Restrictions”**, including any cash balances and liabilities of the relevant Fund.

“Fund”

means a sub-fund of the ICAV, the proceeds of the issue of Shares of which are pooled separately and invested in accordance with the investment objective and policies applicable to such sub-fund and which is established by the Directors from time to time with the prior approval of the Central Bank.

“ICAV”

means Trinetra UCITS ICAV.

“Ineligible Applicant”	means an ineligible applicant as described in the section entitled “The Shares” .
“Initial Offer Period” / “Subscription Period”	means the period as specified in the relevant Supplement, during which Shares in a Fund or Class are initially offered.
“Initial Offer Price”	means the initial price payable for the initial subscription of a Share as specified in the relevant Supplement for each Fund.
“IFRS”	means the International Financial Reporting Standards.
“Initial Subscription”	means the minimum initial subscription for Shares as specified in the relevant Supplement.
“Instrument”	means the Instrument of Incorporation of the ICAV as amended from time to time in accordance with the requirements of the Central Bank.
“Investment Management Agreement”	means the investment management agreement made between the Manager, the Investment Manager and the ICAV dated June 29, 2017 as may be amended and/or supplemented from time to time.
“Investment Management Fee”	means the fee defined in the section entitled “Investment Management Fee” in the relevant Supplement.
“Investment Manager”	means Trinetra Investment Management LLP.
“Ireland”	means the Republic of Ireland.
“Management Agreement”	means the management agreement made between the ICAV and the Manager dated June 29, 2017 as may be amended and/or supplemented from time to time.
“Management Shares”	means a management share in the capital of the ICAV which shall have the right to receive an amount not to exceed the consideration paid for such Management Share.
“Manager”	means Carne Global Fund Managers (Ireland) Limited.
“Member”	means a Shareholder or a person who is registered as the holder of one or more Management Shares in the

ICAV, the prescribed particulars of which have been recorded in the register of the ICAV.

“Member State”	means a member state of the European Union.
“Minimum Holding”	means the minimum number or value of Shares which must be held by Shareholders as specified in the relevant Supplement.
“Money Market Instruments”	means instruments normally dealt in on the money market which are liquid and have a value which can be accurately determined at any time and which comply with the requirements of the Central Bank (including, but not limited to, certificates of deposit and commercial paper).
“Net Asset Value”	means the net asset value of the ICAV, a Fund or attributable to a Class (as appropriate) calculated as referred to herein.
“Net Asset Value per Share”	means the Net Asset Value of a Fund divided by the number of Shares in issue in that Fund or the Net Asset Value attributable to a Class divided by the number of Shares issued in that Class rounded to two decimal places.
“OECD”	means the Organisation for Economic Co-Operation and Development
“OECD Governments”	means governments of Australia, Austria, Belgium, Canada, Chile, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Japan, South Korea, Latvia, Luxembourg, Mexico, Netherlands, New Zealand, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, United Kingdom and the United States or other such other members as may be admitted to the OECD from time to time.
“Ordinary Resolution”	means a resolution of the Members of the ICAV or of the Shareholders of a particular Fund or Class passed by a simple majority of the votes cast in person or proxy at a general meeting of the ICAV, Fund or Class of Shares as the case may be.
“OTC”	means Over-the-Counter.

“Paying Agent”	means one or more paying agents / representatives / facilities agents, appointed by the Manager and/or the ICAV in certain jurisdictions as detailed in the relevant Country Supplement.
“Performance Fee”	means the fee, if any, defined in the relevant Supplement.
“Prospectus”	means the prospectus of the ICAV and any Supplements and addenda thereto issued by the ICAV in accordance with the requirements of the UCITS Regulations.
“Redemption Fee”	means unless specified otherwise in the relevant Supplement, a fee of up to 3% of the Net Asset Value of Shares being redeemed. The Redemption Fee is charged at the absolute discretion of the Directors, in consultation with the Manager and the Investment Manager. The party or parties entitled to such fee shall be described in the relevant Supplement.
“Redemption Form”	means any form to be completed by a Shareholder requesting redemption of any or all of their Shares, as prescribed by the ICAV or its delegate from time to time.
“Redemption Price”	means, in respect of each Share being redeemed, the value payable to the investor of each Share based on the Net Asset Value per Share, and any Duties and Charges, each calculated as at the Valuation Day related to the Dealing Day upon which such Share is to be redeemed.
“Redemption Settlement Cut-Off”	means the time by which payment for redemptions must be received in the bank account as specified on the application form and in the relevant Supplement for the Fund to permit processing as at the relevant Dealing Day.
“Regulated Market”	means the stock exchanges or markets set out in Appendix II.
“Secretary”	means Carne Global Financial Services Limited.
“Semi-Annual Accounting Date”	means in respect of each Fund such date as shall be specified in the relevant Supplement.

“Share”	means a participating share or, save as otherwise provided in this Prospectus, a fraction of a participating share in the capital of the ICAV referable to a particular Fund.
“Shareholder”	means a person who is registered as the holder of Shares in the register of Shareholders for the time being kept by or on behalf of the ICAV.
“Special Resolution”	means a special resolution of the Members of the ICAV or the Shareholders of a particular Fund or Class in general meeting passed by 75% of votes cast in person or by proxy at a general meeting of the ICAV, a Fund or Class of Shares as the case may be.
“Specified US Person”	means (i) a US citizen or resident individual, (ii) a partnership or corporation organized in the United States or under the laws of the United States or any State thereof (iii) a trust if (a) a court within the United States would have authority under applicable law to render orders or judgments concerning substantially all issues regarding administration of the trust, and (b) one or more US persons have the authority to control all substantial decisions of the trust, or an estate of a decedent that is a citizen or resident of the United States; excluding (1) a corporation the stock of which is regularly traded on one or more established securities markets; (2) any corporation that is a member of the same expanded affiliated group, as defined in section 1471(e)(2) of the U.S. Internal Revenue Code, as a corporation described in clause (i); (3) the United States or any wholly owned agency or instrumentality thereof; (4) any State of the United States, any U.S. Territory, any political subdivision of any of the foregoing, or any wholly owned agency or instrumentality of any one or more of the foregoing; (5) any organization exempt from taxation under section 501(a) or an individual retirement plan as defined in section 7701(a)(37) of the U.S. Internal Revenue Code; (6) any bank as defined in section 581 of the U.S. Internal Revenue Code; (7) any real estate investment trust as defined in section 856 of the U.S. Internal Revenue Code; (8) any regulated investment company as defined in section 851 of the U.S. Internal Revenue Code or any entity registered with the Securities Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. 80a-64); (9) any common trust fund as defined in section 584(a) of the

U.S. Internal Revenue Code; (10) any trust that is exempt from tax under section 664(c) of the U.S. Internal Revenue Code or that is described in section 4947(a)(1) of the U.S. Internal Revenue Code; (11) a dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any State; or (12) a broker as defined in section 6045(c) of the U.S. Internal Revenue Code. This definition shall be interpreted in accordance with the US Internal Revenue Code.

“Subscription Fee”

means, unless otherwise specified in the relevant Supplement, a fee, of up to 5% of the aggregate investment amount subscribed. The Subscription Fee is charged at the absolute discretion of the Directors, in consultation with the Manager and the Investment Manager. The party or parties entitled to such fee shall be described in the relevant Supplement.

“Subscription Price”

means, in respect of each Share applied for, the cost to the investor of each Share based on the Net Asset Value per Share adjusted for any Duties and Charges, each calculated as at the Valuation Day related to the Dealing Day upon which such Share is to be issued.

“Subscription Settlement Cut-Off”

means the time by which payment for subscriptions must be received in the bank account as specified on the Application Form and in the relevant Supplement for the Fund to permit processing as at the relevant Dealing Day.

“Supplement”

means a supplement to this Prospectus specifying certain information in respect of a Fund and/or one or more Classes.

“Sterling” or “£”

means the lawful currency for the time being of the United Kingdom.

“UCITS”

means an Undertaking for Collective Investment in Transferable Securities established pursuant to the UCITS Directive.

“UCITS Directive”

means EC Council Directive 2009/65/EC of July 13, 2009 as amended by way of EC Council Directive 2014/91/EU, as may be amended, consolidated or substituted from time to time.

“UCITS Regulations”

means the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 as amended by the European Union (Undertakings for Collective Investment in Transferable Securities) (Amendment) Regulations, 2016) (as amended consolidated or substituted from time to time).

“UK”

means the United Kingdom of Great Britain and Northern Ireland.

“United States” or “US”

means the United States of America (including the States and the District of Columbia) its territories, possessions and all other areas subject to its jurisdiction.

“US Dollar”, “USD” or “US\$”

means United States Dollars, the lawful currency for the time being of the United States of America.

“US Person”

means a person described in one or more of the following:

- (a) with respect to any person, any individual or entity that would be a US Person under Regulation S of the 1933 Act;
- (b) with respect to individuals, any US citizen or **“resident alien”** within the meaning of US income tax laws as in effect from time to time; or
- (c) with respect to persons other than individuals:
 - (i) a corporation or partnership created or organised in the United States or under the laws of the United States or any state;
 - (ii) a trust where (x) a US court is able to exercise primary supervision over the administration of the trust and (y) one or more US persons have the authority to control all substantial decisions of the trust; and
 - (iii) an estate which is subject to US tax on its worldwide income from all sources.

“Valuation Day”	means in relation to a Fund such day or days as shall be specified in the relevant Supplement for that Fund.
“Valuation Point”	means such time as shall be specified in the relevant Supplement for each Fund.
“1933 Act”	means the United States Securities Act of 1933, as amended.
“1940 Act”	means the US Investment Company Act of 1940, as amended.

1. THE ICAV

General

The ICAV is an open-ended umbrella type Irish collective asset-management vehicle with limited liability and segregated liability between Funds, registered by the Central Bank on March 28, 2017 to carry on business as an ICAV pursuant to the UCITS Regulations. The ICAV has been authorised by the Central Bank as a UCITS pursuant to the UCITS Regulations.

The ICAV is structured as an umbrella type Irish collective asset-management vehicle which may consist of different Funds, each comprising one or more Classes. As at the date of this Prospectus, the ICAV has one Fund: Trinetra Emerging Markets Growth Fund.

The Shares issued in each Fund will rank *pari passu* with each other in all respects provided that they may differ as to certain matters including currency of denomination, hedging strategies if any applied to the currency of a particular Class, dividend policy, voting rights, return of capital, the level of fees and expenses to be charged, subscription or redemption procedures or the Initial Subscription and Minimum Holding applicable. The assets of each Fund will be invested separately on behalf of each Fund in accordance with the investment objective and policies of each Fund. A separate portfolio of assets is not maintained for each Class. The investment objective and policies and other details in relation to each Fund are set out in the relevant Supplement which forms part of and should be read in conjunction with this Prospectus.

The Base Currency of each Fund is specified in the relevant Supplement. Additional Funds, in respect of which a Supplement or Supplements will be issued, may be established by the Directors with the prior approval of the Central Bank. Additional Classes in respect of which a Supplement or Supplements will be issued may be established by the Directors and notified to and cleared in advance with the Central Bank or otherwise must be created in accordance with the requirements of the Central Bank.

Investment Objectives and Policies

The specific investment objective and policy of each Fund will be set out in the relevant Supplement to this Prospectus and will be formulated by the Directors in consultation with the Manager and the Investment Manager at the time of creation of the relevant Fund.

A change to the investment objective, or any material change to the investment policy of a Fund, as disclosed in the relevant Supplement, may only be made in each case with either the prior written approval of all Shareholders of the relevant Fund or on the basis of a majority of votes cast at general meeting of the relevant Fund duly convened and held. In accordance with the requirements of the Central Bank, “**material**” shall be taken to mean, although not exclusively, changes which would significantly alter the asset type, credit quality, borrowing limits or risk profile of a Fund. In the event of a change to the investment objective and/or a material change to the investment policy of a Fund, Shareholders in the relevant Fund will be given reasonable notice of such change to enable them to redeem their Shares prior to implementation of such a change.

The list of Regulated Markets on which a Fund’s investments in securities and financial derivative instruments, other than permitted investments in unlisted securities and OTC derivative instruments, will be listed or traded is set out in Appendix II.

The Sustainable Finance Disclosure Regulation

Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (known as the Disclosure Regulation, ESG Regulation or “**SFDR**”), is part of a broader legislative package under the European Commission’s sustainable action plan. Details of each Fund’s compliance with SFDR are set out in the relevant Supplement.

Eligible Assets and Investment Restrictions

Investment of the assets of each Fund must comply with the UCITS Regulations. The Directors may impose further restrictions in respect of any Fund (which will be disclosed in the relevant Fund Supplement). The investment and borrowing restrictions applying to the ICAV and each Fund imposed under the UCITS Regulations are set out in Appendix I. Each Fund may also hold ancillary liquid assets.

Borrowing Powers

The ICAV may only borrow on a temporary basis and the aggregate amount of such borrowings may not exceed 10% of the Net Asset Value of each Fund. Subject to this limit, the Directors may exercise all borrowing powers on behalf of the ICAV. In accordance with the provisions of the UCITS Regulations, the Directors may instruct the Depositary to give a charge over the assets of the ICAV as security for such borrowings. A Fund may acquire foreign currency by means of a “back-to-back” loan agreement. The Investment Manager shall ensure that a Fund with foreign currency borrowings which exceed the value of a “**back-to-back**” deposit treats that excess as borrowings for the purposes of Regulation 103(1) of the UCITS Regulations.

Changes to Investment and Borrowing Restrictions

It is intended that the ICAV shall have the power (subject to the prior approval of the Central Bank) to avail itself of any change in the investment and borrowing restrictions specified in the UCITS Regulations which would permit investment by the ICAV in securities, derivative instruments or in any other forms of investment in which investment is at the date of this Prospectus restricted or prohibited under the UCITS Regulations.

Efficient Portfolio Management

Where specified in the relevant Supplement, the Investment Manager may, on behalf of a Fund, engage in techniques and instruments relating to transferable securities and Money Market Instruments for efficient portfolio management purposes within the conditions and limits laid down by the Central Bank from time to time.

Efficient portfolio management transactions relating to the assets of the Fund may be entered into by the Investment Manager with one or more of the following aims;

- (a) a reduction of risk (including currency exposure risk);
- (b) a reduction of cost; and

- (c) generation of additional capital or income for a Fund with a level of risk consistent with the risk profile of a Fund and the risk diversification requirements in accordance with the requirements of the Central Bank set down in the Central Bank Regulations.

In relation to efficient portfolio management operations, the Investment Manager will look to ensure that the techniques and instruments used are economically appropriate in that they will be realised in a cost-effective way.

Such transactions may include financial derivative instruments as described below under “Financial Instruments” and/or in the relevant Supplement.

For the purpose of providing margin or collateral in respect of transactions, the ICAV may transfer, mortgage, charge or encumber any assets or cash forming part of the relevant Fund in accordance with normal market practice and in accordance with the requirements of the Central Bank.

None of the Funds will engage in securities financing transactions (lending, repurchase and/or reverse repurchase agreements) within the meaning of EC Regulation 2015/2365 unless otherwise described in the relevant Supplement.

Financial Derivative Instruments

A Fund may invest in financial derivative instruments dealt in on a Regulated Market and/or in OTC derivative instruments in each case under and in accordance with conditions or requirements imposed by the Central Bank. A Fund may only enter into OTC derivative transactions with an Eligible Counterparty.

A Fund may use financial derivative instruments for investment purposes and/or use derivative instruments traded on a Regulated Market and/or on OTC markets to attempt to hedge or reduce the overall risk of its investments, enhance performance and/or to manage risk. A Fund’s ability to invest in and use these instruments and strategies may be limited by market conditions, regulatory limits and tax considerations and these strategies may be used only in accordance with the investment objectives of the relevant Fund.

The financial derivative instruments in which the Investment Manager may invest on behalf of each Fund, and the expected effect of investment in such financial derivative instruments on the risk profile of a Fund are set out in the relevant Supplement. The extent to which a Fund may be leveraged through the use of financial derivative instruments will also be disclosed in the relevant Supplement. In addition, the attention of investors is drawn to the section of the Prospectus headed “**Efficient Portfolio Management**” and the risks described in the Risk Factors Section of the Prospectus and, if applicable to a particular Fund, the relevant Supplement.

Under the UCITS Regulations, “**uncovered**” positions in derivatives are not permitted. Across the range of FDIs that the ICAV may use, its policy is to satisfy cover requirements by holding the underlying assets, holding sufficient liquid assets, or by ensuring that the FDIs are such that the exposure can be adequately covered without holding the underlying assets.

The Central Bank requires that the ICAV employs a risk management process which enables it to accurately measure, monitor and manage various risks associated with the use of financial derivative

instruments. The risk management methodology chosen for a specific Fund is set out in the relevant Supplement. Details of this process have been provided to the Central Bank. The ICAV will not utilise financial derivatives which have not been included in the risk management process until such time as a revised risk management process has been submitted to and cleared by the Central Bank. The ICAV will provide, upon request by Shareholders, supplementary information relating to the risk management methods employed by the ICAV including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investments.

For the purpose of providing margin or collateral in respect of transactions in financial derivative instruments, the ICAV may transfer, mortgage, charge or encumber any assets or cash forming part of the relevant Fund in accordance with normal market practice.

Investors should be aware that when the ICAV enters into derivative contracts operational costs and/or fees shall be deducted from the revenue delivered to the relevant Fund. One of the considerations taken into account by the Investment Manager when selecting brokers and counterparties on behalf of a Fund is that any such costs and/or fees which are deducted from the revenue delivered to the Fund shall be at normal commercial rates. Such direct or indirect costs and fees will be paid to the relevant broker or counterparty which, may include the Depositary or entities related to the Depositary. The identity of the entities to which such direct and indirect costs and fees are paid shall be disclosed in the annual financial statements of the ICAV. Counterparties will not be related to the Manager or the Investment Manager. All revenues generated through the use of derivatives, net of direct and indirect operational costs and fees, will be returned to the Fund.

Investment in Financial Indices

Where a Fund intends to gain exposure to one or more financial indices directly or through the use of financial derivative instruments, the relevant Supplement shall state this and shall provide sufficient disclosure to allow a prospective investor to understand the market that the index is representing, why the index is being used as part of the investment strategy of the Fund, whether the investment will be made directly, through investment in the constituents of the index, or indirectly, through a derivative and where additional information on the index may be obtained. Such financial indices may or may not comprise of Eligible Assets. Where an index does not comprise of Eligible Assets, the index will be cleared by the Central Bank. Any such index will be rebalanced/ adjusted on a periodic basis in accordance with the requirements of the Central Bank for example on a quarterly, semi-annual or annual basis. The costs associated with gaining exposure to any such index will be impacted by the frequency with which the relevant index is rebalanced. When the weighting of any particular component exceeds the permitted investment restrictions the procedures to be followed are as set out in the two paragraphs that immediately follow. Where a Fund intends to measure its performance against a particular index, the Supplement shall disclose a description of the index. The Investment Manager shall only gain exposure to financial indices which comply with the requirements of the Central Bank as set out in the Central Bank Regulations, any guidance issued by the Central Bank and the ESMA Guidelines on ETFs and other UCITS issues. It is not possible to comprehensively list the actual financial indices to which exposure may be taken as they may change from time to time. A list of the indices to which a Fund takes exposure will be set out in the annual financial statements of the relevant Fund. Details of any financial indices used by any Fund will also be provided to Shareholders of that Fund by the Investment Manager on request.

Where the weighting of a particular constituent in the financial index exceeds the investment restrictions set down in the UCITS Regulations, the Investment Manager will as a priority objective look to remedy the situation taking into account the interests of Shareholders and the relevant Fund.

However, where a financial index comprised of Eligible Assets does not fulfil the criteria set out in Article 9(1) of the Commission Directive 2007/16/EC (i.e. sufficiently diversified, representative of an adequate benchmark for the market to which it refers and published in an appropriate manner), investment in such an index by the ICAV on behalf of a Fund is not considered a derivative on a financial index but is regarded as a derivative on the combination of assets comprised in the index. A Fund may only gain exposure to such a financial index where on a “look through” basis, the Fund is in a position to comply with the risk spreading rules set down in the UCITS Regulations taking into account both direct and indirect exposure of the Fund to the constituents of the relevant index.

Hedged Classes

The ICAV may (but is not obliged to) enter into certain currency related transactions in order to mitigate the exchange rate risk between the Base Currency of a Fund or a currency or currencies in which assets of a Fund are denominated and the currency in which Shares in a class of the relevant Fund are designated, where that designated currency is different to the Base Currency or currency of denomination of the assets.

Any Financial Instruments used to implement such strategies with respect to one or more Classes shall be assets/liabilities of a Fund as a whole but will be attributable to the relevant Class(es) and the gains/losses on and the costs of the relevant Financial Instruments will accrue solely to the relevant Class.

Where a Class of Shares is to be hedged this will be disclosed in the Supplement for the Fund in which such Class is issued. Transactions will be clearly attributable to a specific Class therefore any currency exposure of a Class may not be combined with, or offset against, that of any other Class of a Fund. The currency exposure of the assets attributable to a Class may not be allocated to other Classes.

Where there is more than one hedged Class in a Fund denominated in the same currency and it is intended to hedge the foreign currency exposure of such Classes into another currency, the Fund may aggregate the foreign exchange transactions entered into on behalf of such hedged Classes and apportion the gains/loss on and the costs of the relevant Financial Instruments pro rata to each such hedged Class in the relevant Fund.

Where the ICAV seeks to hedge against currency fluctuations, while not intended, this could result in over-hedged or under-hedged positions due to external factors outside the control of the ICAV. However, over-hedged positions will not exceed 105% of the Net Asset Value of the Class taking into account net subscriptions and redemptions applicable to the relevant Dealing Day. Hedged positions will be kept under review to ensure that over-hedged positions do not exceed the permitted level. This review will also incorporate a procedure to ensure that positions materially in excess of 100% of Net Asset Value of the Class will not be carried forward from month to month.

To the extent that hedging is successful for a particular Class, the performance of the Class is likely to move in line with the performance of the underlying assets with the result that investors in that Class

will not gain if the Class currency falls against the Base Currency and/or the currency in which the assets of the particular Fund are denominated.

The currency hedging strategy will be monitored and adjusted in line with the valuation cycle at which investors are able to subscribe to and redeem from the relevant Fund. Investors' attention is drawn to the risk factor below entitled "**Share Currency Designation Risk**".

Dividend Policy

The dividend policy and information on the declaration and payment of dividends for each Fund will be specified in the relevant Supplement. Any dividend unclaimed after six years from the date when it first became payable or on the winding up of the ICAV, if earlier, shall be forfeited automatically and shall revert to the relevant Fund, without the necessity for any declaration or other action by the ICAV.

Risk Factors

General

The risks described herein should not be considered to be an exhaustive list of the risks which potential investors should consider before investing in a Fund. Potential investors should be aware that an investment in a Fund may be exposed to other risks of an exceptional nature from time to time. Investment in the ICAV carries with it a degree of risk. Different risks may apply to different Funds and/or Classes.

Details of specific risks attaching to a particular Fund or Class which are additional to those described in this section will be disclosed in the relevant Supplement. Potential investors should also pay attention to the applicable fees, charges and expenses of a Fund.

Prospective investors should review this Prospectus and the relevant Supplement carefully and in its entirety and consult with their own financial, tax, accounting, legal and other appropriate advisers before making an application for Shares.

Prospective investors are advised that the value of Shares and the income from them may go down as well as up and, accordingly, an investor may not get back the full amount invested and an investment should only be made by persons who can sustain a loss on their investment. Past performance of the ICAV or any Fund should not be relied upon as an indicator of future performance.

The attention of potential investors is drawn to the taxation risks associated with investing in the ICAV. Please refer to the Section of the Prospectus entitled "Taxation". The Financial Instruments in which the ICAV invests are subject to normal market fluctuations and other risks inherent in investing in such investments and there can be no assurance that any appreciation in value will occur.

There can be no guarantee that the investment objective of a Fund will actually be achieved.

Lack of Operating History

The ICAV is a recently formed entity and has no operating history upon which prospective investors can evaluate the likely performance of a Fund. The past investment performance of the Investment

Manager or principals or employees of the Investment Manager may not be construed as an indication of the future results of an investment in the Fund. There can be no assurance that:

- (i) the Fund's investment policy will prove successful; or
- (ii) investors will not lose all or a portion of their investment in the Fund.

Regulatory Risk

Legal, tax, and regulatory changes are likely to occur during the term of the ICAV and some of these changes may adversely affect the ICAV.

Operational Risk

The ICAV is reliant upon the performance of third party service providers for their executive functions. In particular, the Manager, the Investment Manager, the Depositary and the Administrator will be performing services which are integral to the operation of the ICAV. Failure by any service provider to carry out its obligations to the ICAV in accordance with the terms of its appointment, including in circumstances where the service provider has breached the terms of its contract, could have a materially detrimental impact upon the operations of the ICAV.

A Fund's investments may be adversely affected due to the operational process of the ICAV or its service providers. A Fund may be subject to losses arising from inadequate or failed internal controls, processes and systems, or from human or external events.

Cross-Liability for Other Funds

The ICAV is established as an umbrella type Irish collective asset-management vehicle with segregated liability between Funds. Pursuant to the Act, the assets of one Fund are not available to satisfy the liabilities of, or attributable to, another Fund. Any liability incurred or attributable to any one Fund may only be discharged solely out of the assets of that Fund. However, the ICAV may operate or have assets in countries other than Ireland which may not recognise segregation between Funds and there is no guarantee that creditors of one Fund will not seek to enforce one Fund's obligations against another Fund.

Limitation on liability of Shareholders

The liability of Shareholders is limited to any unpaid amount on their Shares and all Shares in the ICAV will only be issued on a fully paid basis. However, under the Application Form and the Instrument, investors will be required to indemnify the ICAV and other parties as stated therein for certain matters including inter alia losses incurred as a result of the holding or acquisition of Shares by an Ineligible Applicant, any liabilities arising due to any tax the ICAV is required to account for on an investor's behalf, including any penalties and interest thereon, any losses incurred as a result of a misrepresentation by an investor, etc.

Net Asset Value Considerations

The Net Asset Value per Share in respect of each Class is expected to fluctuate over time with the performance of a Fund's investments. As a result, an investment should be viewed as long-term. A Shareholder may not fully recover their initial investment when their Shares are redeemed.

Separately, a Fund may invest some of its assets in unquoted Financial Instruments. Such Financial Instruments may be valued at their probable realisation value estimated by a third party selected by the Directors or the Manager in consultation with the Investment Manager. Such Financial Instruments are inherently difficult to value and may be the subject of substantial uncertainty. There is no assurance that the estimates resulting from the valuation process will reflect the actual sales or "close-out" prices of such Financial Instruments.

The Subscription Price or Redemption Price may be different from a Fund's Net Asset Value due to Duties and Charges and the application of the anti-dilution levy and swing pricing.

Share Currency Designation Risk

A Class of Shares of a Fund may be designated in a currency other than the Base Currency of the Fund. Redemption proceeds and any distributions to Shareholders will normally be made in the currency of denomination of the relevant Class. Changes in the exchange rate between the Base Currency and such designated currency may lead to a depreciation of the value of such Shares as expressed in the designated currency. The Investment Manager may try but is not obliged to mitigate this risk (see the section "**Hedged Classes**"). Investors should be aware that this strategy may substantially limit Shareholders of the relevant Class from benefiting if the designated currency falls against the Base Currency and/or the currency/currencies in which the assets of the Fund are denominated. In such circumstances Shareholders of the relevant Class of Shares of the Fund may be exposed to fluctuations in the Net Asset Value per Share reflecting the gains/losses on and the costs of the relevant assets. Assets used to implement such strategies shall be assets/liabilities of the Fund as a whole. However, the gains/losses on, and the costs of, the relevant assets will accrue solely to the relevant Class of Shares of the Fund.

No Right to Control the Operation of the ICAV

Shareholders will have no right to control the daily operations, including investment and redemption decisions, of the Funds.

Controlling Shareholder

There is no restriction on the percentage of the ICAV's Shares that may be owned by one person or a number of connected persons. It is possible, therefore, that one person, including a person or entity related to the Manager, the Investment Manager or a collective investment scheme managed by either of them, may obtain control of the ICAV or of a Fund, subject to the limitations noted above regarding control of the operation of the ICAV.

Conflicts of Interest

There may be conflicts of interests that could affect an investment in the ICAV; attention is drawn to the section "**Conflicts of Interest**" in "**Management and Administration**" below.

Reliance on the Investment Manager and Key Persons

A Fund will rely upon the Investment Manager in formulating the investment strategies and its performance is largely dependent on the the services and skills of its officers and employees. In the case of loss of service of the Investment Manager or any of its key personnel, as well as any significant interruption of the Investment Manager's business operations, or in the extreme case, the insolvency of the Investment Manager, a Fund may not find successor managers quickly and the new appointment may not be on equivalent terms or of similar quality. Therefore, the occurrence of those events could cause a deterioration in a Fund's performance and investors may lose money in those circumstances.

Profit Sharing

In addition to receiving an Investment Management Fee, the Investment Manager may also receive a Performance Fee based on the appreciation in the Net Asset Value per Share of one or more Classes of a particular Fund. Information regarding any Performance Fee will be disclosed in the relevant Supplement.

The Performance Fee will increase in conjunction with any unrealised appreciation, as well as realised gains and as a result, performance fees may be paid on unrealised gains which may subsequently never be realised.

Investment Objective Risk

There can be no assurance that the investment strategy implemented for each Fund will be successful. It is possible that an investor may lose a substantial proportion or all of its investment in a Fund. As a result, each investor should carefully consider whether it can afford to bear the risks of investing in the Fund.

There is no guarantee that in any time period, particularly in the short term, a Fund's portfolio will achieve any capital growth or even maintain its current value. Investors should be aware that the value of Shares may fall as well as rise.

Active Investment Management

Where disclosed in the relevant Supplement, a Fund's portfolio may be actively managed by the Investment Manager, based on the expertise of individual fund managers, who will have discretion (subject to the Fund's investment restrictions, investment policies and strategies) to invest the Fund's assets in a manner that it considers will enable the Fund to achieve its investment objective. There is no guarantee that a Fund's investment objective will be achieved based on the investments selected.

Market Risk

Substantial risks are involved in investing in the various securities and instruments the Funds purchase and sell. Market prices of equity securities as a group have dropped dramatically in a short period of time on several occasions in the past, and they may do so again in the future. A Fund's investments are going to be subject to normal market fluctuations and the risks inherent in the purchase, holding or selling of equity securities and related instruments, and there can be no assurance that appreciation will occur.

Volatility Risk

The prices of securities in which the Funds may invest can be highly volatile. Price movements are influenced by, among other things, interest rates, changing supply and demand relationships, trade, fiscal, monetary and exchange control programmes and policies of governments, and national and international political and economic events and policies.

Strategy Risk

There is no guarantee that the strategy that the Investment Manager intends to follow for any Fund will prove successful. The investment opportunities that the Investment Manager will seek to exploit may in time become limited making the pursuance of this strategy either impractical or uneconomical.

Undervalued Securities

One or more Funds may invest in securities which the Investment Manager considers to be undervalued. The identification of investment opportunities in undervalued securities is a difficult task, and there can be no assurance that such opportunities will be successfully recognised. While investments in undervalued securities offer opportunities for above-average capital appreciation, these investments involve a high degree of financial risk and can result in substantial losses. Returns generated from the relevant Fund's investments may not adequately compensate for the business and financial risks assumed. In addition, the relevant Fund may be required to hold such securities for a substantial period of time before realising their anticipated value. During this period, a portion of the relevant Fund's capital would be committed to the securities purchased, thus possibly preventing the Fund from investing in other opportunities.

Less liquid investments

A Fund's assets may include a significant proportion of securities which are relatively thinly traded. As a result the relevant Fund's ability to acquire or dispose of such investments at a price and time which the Investment Manager deems advantageous, may be impaired and the sale of any such investments may be possible only at substantial discounts. As a result, the relevant Fund may be prevented from liquidating unfavourable positions promptly, which may subject the Fund to substantial losses.

Growth Stocks

Growth stocks can experience relatively fast earnings growth and can trade at higher multiples of currency earnings than other securities. Therefore, growth stocks may be more sensitive to changes in current or expected earnings than other securities. Growth stocks may also be more volatile because growth companies usually invest a high portion of earnings in their businesses and they may lack the dividends of value stocks that can lessen the decrease in stock prices in falling markets. A company may never achieve the earnings expansion that the Investment Manager anticipates.

Small and Medium-sized company risk

Stocks of companies that are small to medium-sized (by market capitalisation) have historically been subject to greater investment risk than large company stocks. The risks generally associated with these

companies include more limited product lines, markets and financial resources, lack of management depth or experience, dependency on key personnel and vulnerability to adverse market and economic developments. Accordingly, the prices of small and medium-sized company stocks tend to be more volatile than the prices of large company stocks. The securities of small and medium-sized companies, or financial instruments related to such securities, may have a more limited market than the securities of larger companies. Accordingly, it may be more difficult to effect sales of such securities at an advantageous time or without a substantial drop in price than securities of a company with a large market capitalisation and broad trading market. In addition, securities of small-to-medium-sized companies may have greater price volatility as they are generally more vulnerable to adverse market factors such as unfavourable economic reports.

Rule 144A securities risk

Some securities in which a Fund invests may be purchased in transactions exempt from the registration requirements of the U.S. Securities Act of 1933, as amended, pursuant to its Rule 144A. Rule 144A securities may only be sold to qualified institutional buyers. Any resale of these securities must generally be effected through a sale that is registered under the U.S. Securities Act of 1933, as amended, or otherwise exempted or excepted from such registration requirements. A Fund will generally purchase Rule 144A securities which the Investment Manager has determined to be liquid.

Emerging and Frontier Markets

General

There are additional risks involved in investing in emerging markets, of which frontier markets are a subset. One or more Funds may invest in emerging or frontier markets which may be more volatile than developed markets and the value of the investments could move sharply up or sharply down.

Investments in emerging markets may carry risks with failed or delayed settlement and with registration and custody of securities. Companies in emerging markets may not be subject to as rigorous a level of disclosure, regulatory, accounting, auditing and financial reporting standards or the same level of government supervision and regulation as in more developed markets. In addition, the standards of corporate governance applicable to companies in certain emerging and frontier markets may not be as stringent or as comprehensive as the corporate governance rules in developed markets. Investors in companies in emerging and frontier markets may experience difficulties in enforcing their rights and protecting their investment or such enforcement may be arbitrary and unpredictable. Government involvement in the economy may affect the value of investments in certain emerging markets and the risk of political instability may be high. The reliability of trading and settlement systems in some emerging markets may not be equal to that available in more developed markets which may result in problems in realising investments. Lack of liquidity and efficiency in certain of the stock markets or foreign exchange markets in certain emerging markets may mean that from time to time the Investment Manager may experience difficulty in purchasing or selling holdings of securities. The custodial practices followed in emerging and frontier markets may differ from those prevalent in developed markets with respect to the segregation of assets and the settlement of securities transactions which may expose the Fund to counterparty and credit risk in those jurisdictions. See the risk headed "Custodial Risk".

Investments in emerging markets may be made in a variety of currencies, whereas the Net Asset Value of the relevant Fund at any time will be computed in another currency. Accordingly, the value of these

investments may be affected favourably or unfavourably by currency exchange rates and exchange control regulations, although the Investment Manager may seek to minimise exposure to currency fluctuation to the extent practicable.

Use of Participatory Notes

Participatory notes are instruments used by investors to obtain exposure to an equity investment, including common stocks and warrants, in a local market where direct ownership is uneconomic or is otherwise restricted. In countries where direct ownership by a foreign investor, such as the ICAV, is restricted, an investor may gain exposure to the market through a participatory note, which derives its value from the underlying equity security. Participatory notes are intended (disregarding the effect of any fees and expenses) to reflect the performance of the underlying equity securities.

Participatory notes are generally structured and sold by a local branch of a bank or broker/dealer that is permitted to purchase equity securities in the local market. The participatory notes represent unsecured, unsubordinated contractual rights of the issuer. They do not confer any right, title or interest in respect to the underlying equity securities or provide rights against the issuer of the underlying securities. Under the terms of the instrument, the Investment Manager on behalf of the Fund may tender a participatory note for cash payment in an amount that reflects the current market value of the underlying investments, less programme expenses, such as trading costs, taxes and duties.

The purchase of participatory notes involves risks that are in addition to the risks normally associated with a direct investment in the underlying securities. The ICAV is subject to the risk that the issuer of the participatory note (i.e., the issuing bank or broker-dealer) which is the only responsible party under the note, is unable or refuses to perform its obligations when due under the terms of the participatory note, also known as counterparty risk. While the holder of a participatory note is entitled to receive from the bank or broker-dealer any dividends or other distributions paid on the underlying securities, the holder is not entitled to the same rights as an owner of the underlying securities, such as voting rights. Although they may be listed or traded on a Regulated Market, participatory notes may be less liquid than other securities (including the underlying equity security). There can be no assurance that the trading price or value of a participatory note will equal the value of the underlying equity security and the return on participatory notes will be reduced by the fees payable to the issuer under the terms of such instruments.

Custodial Risk

In certain emerging and frontier markets, including in respect of the ICAV's first sub-fund, certain Emerging Market Countries, the applicable legal system may not acknowledge beneficial ownership of assets and/or the standard custodial practice may be to register or hold securities in the name of the local sub-custodian, broker or other "street name." In such circumstances, the relevant Fund's assets may not be effectively segregated from the assets of the entity holding those assets on behalf of the Fund and accordingly the Fund may be exposed to the credit and counterparty risk of the sub-custodian, broker or other agent or nominee, in whose names Fund assets are recorded. In certain emerging and frontier markets, the Fund may also be exposed to counterparty and credit risk where securities transactions are settled other than on a delivery versus payment basis. As the Fund may invest in markets where custodial and/or settlement systems are not fully developed, the assets of the Fund which are traded in such markets and which have been entrusted to sub-custodians, in circumstances

where the use of sub-custodians is necessary, may be exposed to risk in circumstances where any associated loss may not be recoverable by the Fund.

Political and / or Regulatory Risks

The value of the Fund's assets may be affected by uncertainties such as international political developments, changes in government policies, changes in taxation, restrictions in foreign investment and currency repatriation, currency fluctuations and other developments in the laws and regulations of countries in which investments may be made. The likelihood of these types of adverse changes and the extent to which they may affect the business of the Fund cannot be accurately predicted.

Less Liquid Investments

Please see the risk warning headed "Less Liquid Investments" above.

Settlement Risk

In relation to the settlement of securities transactions, the risk will be mitigated by the fact that transactions entered into on behalf of the Fund will usually be on a delivery versus payment basis. However, settlement in some countries (for example Russia, Argentina and Ukraine) may not be on a delivery versus payment basis. See "Use of Participatory Notes and other Synthetic Securities and Investments" below for further details on the particular risks associated with participatory notes and other synthetic securities and investments.

Exchange Control and Repatriation Risk

It may not be possible for a Fund to repatriate capital, dividends, interest and other income from certain countries, or it may require government consents to do so. The relevant Fund could be adversely affected by the introduction of, or delays in, or refusal to grant any such consent for the repatriation of funds or by any official intervention affecting the process of settlement of transactions. Economic or political conditions could lead to the revocation or variation of consent granted prior to investment being made in any particular country or to the imposition of new restrictions.

Accounting, Auditing and Financial Reporting Standards

The accounting, auditing and financial reporting standards of many of the countries in which the Funds may invest may be less extensive than those applicable to European Union companies.

Investment in China

The stock markets in mainland China are emerging markets which are undergoing rapid growth and changes. This may lead to trading volatility, difficulties in settlement and in interpreting and applying the relevant regulations. In addition, there is a lower level of regulation and enforcement activity in these securities markets compared to more developed international markets.

The government of the Peoples Republic of China exercises significant control over China's economy through the allocation of resources, by controlling foreign investment in China, by controlling payment of foreign currency-denominated obligations and by setting monetary policy. Accordingly, the

companies or enterprises in which the Fund invests may experience difficulty in exchanging Renminbi for US Dollars which may in turn result in difficulties in those investee companies or enterprises paying dividends in US Dollars to the Fund.

Currency devaluation and other currency exchange rate fluctuations may adversely affect the value of the Shares in the Fund.

Less audited information may be available in respect of companies or enterprises in which the Fund may invest than is available in respect of investments in, for example, US entities.

The securities industry in China is relatively young and it is not, therefore, possible to assess how well the Chinese stockbrokers and other intermediaries and regulatory authorities will perform their respective roles.

The value of the Fund's assets may be affected by uncertainties arising from political and social developments in China or changes in Chinese law or regulations, in particular:-

- (i) China is controlled by the Communist Party of China and its present rules and regulatory climate may change without advance notice;
- (ii) the legal system in China is underdeveloped by Western standards; and
- (iii) the Chinese economy is still undergoing restructuring from a system of rigid, centralised, planned economy to a mixed economy.

It may be more difficult to obtain and/or enforce a judgment in a court outside the investor's home jurisdiction and even if a judgment is obtained in a court within the investor's home jurisdiction, such judgment may not be abided by outside the investor's home jurisdiction.

For over three decades the Chinese government has been reforming economic and market practices and providing a larger sphere for private ownership of property. While currently contributing to growth and prosperity, these reforms could be altered or discontinued at any time.

Stock Connect

Shanghai-Hong Kong Stock Connect is a securities trading and clearing linked program developed by Hong Kong Exchanges and Clearing Limited ("HKEX"), Shanghai Stock Exchange ("SSE") and the China Securities Depository and Clearing Corporation Limited ("ChinaClear") and Shenzhen-Hong Kong Stock Connect is a securities trading and clearing links program developed by HKEX, the Shenzhen Stock Exchange ("SZSE") and ChinaClear, in each case with an aim to achieve mutual stock market access between the PRC and Hong Kong.

To the extent that any Fund invests directly in China A Shares the ICAV intends that it will do so vis that the Shanghai-Hong Kong Stock Connect. Shanghai-Hong Kong Stock Connect comprises a Northbound Shanghai Trading Link and a Southbound Hong Kong Trading Link. Under the Northbound Shanghai Trading Link, Hong Kong and overseas investors (including the relevant Fund), through their Hong Kong brokers and a securities trading service company as established by The Stock Exchange of Hong Kong Limited ("SEHK"), may be able to trade eligible China A shares listed on SSE by routing orders to SSE ("SSE shares").

SSE Shares that can be traded via the Shanghai-Hong Kong Stock Connect include all the constituent stocks from time to time of the SSE 180 Index and SSE 380 Index, and all the SSE-listed China A shares that are not included as constituent stocks of the relevant indices but which have corresponding H shares listed on SEHK, except the following: (i) SSE-listed shares which are not traded in RMB; and (ii) SSE-listed shares which are included in the “risk alert board”. The list of eligible SSE shares may change from time to time.

Stock Connect Risks

Quota Limitations

Stock Connect is subject to quota limitations. Therefore, the relevant Fund’s ability to invest in China A Shares through Stock Connect on a timely basis may be restricted, and the relevant Fund may not be able to effectively pursue its investment strategy as a result.

Legal/Beneficial Ownership

SSE shares in respect of the relevant Fund will be held by the Depository/sub-Depository in accounts in the Hong Kong Central Clearing and Settlement System (“CCASS”) maintained by the Hong Kong Securities Clearing Company Limited (“HKSCC”) as central securities depository in Hong Kong. HKSCC in turn holds the SSE shares, as the nominee holder, through an omnibus securities account in its name registered with ChinaClear. The precise nature and rights of the relevant Fund as the beneficial owners of the SSE shares through HKSCC as nominee is not well defined under PRC law. While the ICAV on behalf of the relevant Fund, may attempt to exercise its legal rights and interests relating to the SSE shares in the PRC through the HKSCC nominee, the ICAV will have no direct right of action against the issuer of the SSE shares, the SSE or ChinaClear. There is a lack of a clear definition of, and distinction between, “legal ownership” and “beneficial ownership” under PRC law and there have been few cases involving a nominee account structure in the PRC courts. Therefore, the exact nature and methods of enforcement of the rights and interests of the relevant Funds under PRC law is uncertain. However, the CSRC has issued informal guidance clarifying that, as long as an overseas investor can provide evidential proof of direct interest as a beneficial owner, the investor may take legal action directly in the PRC.

In accordance with the UCITS requirements, the Depository shall provide for the safekeeping of a Fund’s assets in the China through its global custody network. Such safekeeping is in accordance with the conditions set down by the Central Bank which provides that there must be legal separation of non-cash assets held under custody and that the Depository through its delegates must maintain appropriate internal control systems to ensure that records clearly identify the nature and amount of assets under custody, the ownership of each asset and where documents of title to each asset are located.

Clearing and Settlement Risk

HKSCC and ChinaClear have established clearing links and each has become a participant of each other

to facilitate clearing and settlement of cross-boundary trades. In the event of a ChinaClear default, HKSCC's liabilities in Northbound trades under its market contracts with clearing participants will be limited to assisting clearing participants in pursuing their claims against ChinaClear, but it is not obliged to do so. The relevant Fund may suffer delay in the recovery process and/or may not fully recover its losses from ChinaClear.

Operational Risk

Stock Connect is premised on the functioning of the operational systems of the relevant market participants. Market participants are permitted to participate in this program subject to meeting certain information technology capability, risk management and other requirements as may be specified by the relevant exchange and/or clearing house. The securities regimes and legal systems of the two markets differ significantly and market participants may need to address issues arising from the differences on an on-going basis. There is no assurance that the systems of the SEHK and market participants will function properly or will continue to be adapted to changes and developments in both markets. In the event that the relevant systems fail to function properly, trading in both markets through the program could be disrupted. The relevant Fund's ability to access the China A Share market (and hence to pursue its investment strategy) may be adversely affected.

Investment in Russia

Investing in Russian securities involves significant risks, including legal, regulatory and economic risks that are specific to Russia. The level of disclosure of information relating to an issuer's business and ownership to securities holders may be much less extensive than in more sophisticated markets. There may be less legal protection for minority securities holders and remedies for mismanagement may be undeveloped. It cannot be assumed that regulatory authorities have the ability or the will to enforce legislation to protect investor's interests. Corporate governance standards and corporate governance culture (for example, beliefs and values) may differ and/or may not be as extensive or protective as those that apply in more developed markets. In addition, investing in Russian securities involves risk associated with the settlement of portfolio transactions and loss of the relevant Fund's ownership rights in its portfolio securities as a result of the system of share registration and custody in Russia. A number of countries have imposed economic sanctions on certain Russian individuals and Russian corporate entities. These sanctions, or even the threat of further sanctions, may adversely affect Russia's economy and the relevant Fund's investments.

Investment in India

The Indian securities markets are smaller and more volatile than the securities markets of the United Kingdom, the U.S., and certain other OECD countries. Accordingly, the Indian stock markets may decline significantly in response to adverse issuer, political, regulatory, market or economic developments. Different parts of the market and different types of equity securities may react differently to these developments. For example, small cap stocks may react differently from large cap stocks. Issuer, political or economic developments may affect a single issuer, issuers within an industry, sector or geographic region, or the market as a whole.

Indian stock exchanges utilize 'circuit breaker' systems under which trading in particular stocks or entire trading could potentially be suspended on account of excessive volatility in a stock or on the market. Such disruptions could significantly impact the ability of the Fund to sell its investments. Factors like these could adversely affect the Fund's performance.

The Securities and Exchange Board of India ("SEBI") has statutory authority to oversee and supervise the Indian securities markets. SEBI has wide powers and duties, which *inter alia*, include prohibition of fraudulent and unfair trade practices relating to the stock markets including insider trading and regulation of substantial acquisitions of shares and takeovers of companies. The Indian stock exchanges have been subject to broker defaults, failed trades and settlement delays in the past and such events may have adverse impact on the Net Asset Value of the Fund. In addition, in the event of the occurrence of any of the above events, SEBI can impose restrictions on trading in certain securities, limitations on price movements and margin requirements, which could adversely impact the liquidity of the Fund. Accordingly the securities law and regulations in India are continuously evolving, and the ability of SEBI to promulgate and enforce rules regulating market practices is uncertain.

Risks associated with derivative transactions used for hedging and/or efficient portfolio management purposes

General

A Fund may engage in derivatives transactions as part of its investment strategy for hedging risks associated with its portfolio and/or efficient portfolio management purpose in order to aim at achieving its investment objective. These strategies include the use of listed and/or OTC derivatives, including but not limited to futures, forward contracts, swaps and options. Prices of derivatives are highly volatile and may be subject to various types of risks, including but not limited to market risk, liquidity risk, credit risk, counterparty risk, legal risk and operations risks.

Furthermore, there may be an imperfect correlation between derivative instruments used as hedging instruments and the investments or market sectors to be hedged. This might result in an imperfect hedge of these risks and a potential loss of capital.

In addition, the use of derivatives can involve significant economic leverage and may, in some cases, involve significant risks of loss. The low initial margin deposits normally required to establish a position in such instruments permits leverage. As a result, a relatively small movement in the price of the underlying contract may result in a profit or a loss that is high in proportion to the amount of assets actually placed as initial margin and may result in unlimited further loss exceeding any margin deposited. Also, the ability to use these strategies may be limited by market conditions and regulatory limits and there can be no guarantee that any of these strategies will meet their expected target.

Transactions in over-the-counter derivatives, such as credit derivatives or currency forward contracts for instance, may involve additional risks, as there is no exchange on which to close out an open position. It may be difficult to assess the value of a position and its exposure to risk or to liquidate an existing position.

Additional risks associated with investments in financial derivative instruments (FDI) are summarised below:

Correlation Risk

The prices of derivative instruments may be imperfectly correlated to the prices of the underlying securities, for example, because of transaction costs and interest rate movements. The prices of derivative instruments may also be subject to change due to supply and demand factors.

Counterparty Exposure and Legal Risk

The use of OTC derivatives, such as forward contracts and swap contracts will expose the Fund to credit risk with respect to the counterparty involved and the risk that the legal documentation may not accurately reflect the intention of the parties.

Conflicts of Interest

There may be conflicts of interest involved in the use of derivatives. Please refer to “Conflicts of Interest” in the section of the Prospectus headed “MANAGEMENT AND ADMINISTRATION”.

Loss of Favourable Performance

The use of derivative instruments to hedge or protect against market risk may reduce the opportunity to benefit from favourable market movements.

Liquidity Risk

Futures positions may be illiquid or difficult to close out because of limits imposed by the relevant exchange on daily price movements. OTC positions are, by definition, illiquid, but the Investment Manager will only enter into OTC transactions with counterparties which are contractually obliged to close out a position on request.

Market Risk

When a Fund purchases an option, the risk to the Fund is limited to the loss of its investment. In the case of a transaction involving futures, forwards, swaps, that Fund's liability may be potentially unlimited until the position is closed.

Margin Risk

A Fund may be obliged to pay margin deposits and option premia to brokers in relation to futures and option contracts entered into for the Fund. While exchange traded contracts are generally guaranteed by the relevant exchange, the relevant Fund may still be exposed to the fraud or insolvency of the broker through which the transaction is undertaken. The Fund will seek to minimise this risk by trading only through high quality names.

Risks associated with derivative used for investment or exposure purposes

General

A Fund may engage in derivatives transactions as part of its investment strategy as a tool for exposure and with the aim to achieve its investment objective. These strategies include the use of listed and/or OTC derivatives, including but not limited to futures, forward contracts, swaps, options. Prices of derivatives are highly volatile and may be subject to various types of risks, including but not limited to market risk, liquidity risk, credit risk, counterparty risk, legal risk and operations risks.

Market Risk and leverage

In the event of unfavourable trends involving the derivative strategies put in place, the net asset value may decrease more significantly than the markets on which the Fund is exposed. This leverage can increase expected gains but also strongly emphasises the risks of loss. Certain derivative strategies have risk of loss limited to premium paid while other derivative strategies may have potentially unlimited risk of loss until the position is closed.

However, this risk is mitigated by the fact that the global exposure in relation to the use of derivatives shall not exceed 100% of the Net Asset Value of the relevant Fund in the case of Funds using the net commitment approach. As temporary borrowings may be allowed up to a maximum of 10% of a Fund's Net Asset Value, the global risk exposure using the net commitment methodology in relation to derivatives shall never exceed 110% of the Net Asset Value of the relevant Fund. Furthermore, in case the Fund is using the value-at-risk approach in order to monitor the risk associated with the use of said instruments, the level of value-at-risk shall not exceed the relevant limits set out in the UCITS Regulations and in accordance with the risk management process of the Investment Manager.

Counterparty Exposure and Legal Risk

The use of OTC derivatives, such as forward contracts and swap agreements will expose the relevant Fund to credit risk with respect to the counterparty involved and the risk that the legal documentation of the contract may not accurately reflect the intention of the parties. In the event of the insolvency, bankruptcy or default of any such counterparty the Fund bears the risk that the counterparty may not settle a transaction in accordance with market practice due to credit or liquidity problems of the counterparty, or due to the insolvency, fraud or regulatory sanction of the counterparty, thus causing the Fund to suffer a loss. As some of the derivative instruments in which a Fund may invest may be traded on markets where the trading, settlement and custodial systems are not fully developed, the derivative instruments of a Fund which are traded in such markets and which have been entrusted to sub-custodians in such markets may be exposed to risk in circumstances where any associated loss may not be recoverable by the Fund. Where a Fund delivers collateral to its trading counterparties under the terms of its trading agreements with such parties, a counterparty may be over-collateralised and the Fund will, therefore, be exposed to the creditworthiness of such counterparties to the extent of the over-collateralisation. Collateral provided to a trading counterparty may be subject to counterparty risk. In addition, the Fund may from time to time have uncollateralised exposure to its trading counterparties in relation to its rights to receive securities and cash under contracts governing its trading positions. In the event of the insolvency of a trading counterparty, the Fund will rank as an unsecured creditor in relation to amounts equivalent to both any uncollateralised exposure to such trading counterparties and any such over collateralisation, and in such circumstances it is likely that the Fund will not be able to recover any debt in full, or at all. With respect to exchange traded derivatives and centrally cleared OTC derivatives, the risk is more complex in that it involves the potential default of the exchange, clearing house or the clearing broker. In these circumstances, a Fund may encounter delays and encounter difficulties with respect to court procedures in seeking recovery of the Fund's assets. The Investment Manager may have contractual remedies upon any default pursuant to the agreements related to the transactions. Such remedies could be inadequate, however, to the extent that the collateral or other assets available are insufficient.

EMIR Risk

European Union Regulation No 648/2012 on OTC derivatives, central counterparties and trade repositories (also known as the European Market Infrastructure Regulation, or “EMIR”), which applies to the ICAV and the Funds, applies uniform requirements in respect of OTC derivative contracts by requiring certain “eligible” OTC contracts to be submitted for clearing to regulated central clearing counterparties and by mandating the reporting of certain details of OTC contracts to trade repositories. In addition, EMIR imposes requirements for appropriate procedures and arrangements to measure, monitor and mitigate operational counterparty credit risk in respect of OTC contracts which are not subject to mandatory clearing.

Taxation

Potential investors and Shareholders should note that the statements on taxation, which are set out herein are based on advice which has been received by the Directors regarding the law and practice in force in the relevant jurisdiction as at the date of this Prospectus. As is the case with any investment, there can be no guarantee that a tax position or proposed tax position prevailing at the time an investment is made in the ICAV will endure indefinitely. Any change in the taxation legislation in Ireland, or elsewhere, could affect (i) the ICAV or any Fund’s ability to achieve its investment objective, (ii) the value of the ICAV or any Fund’s investments or (iii) the ability to pay returns to Shareholders or alter such returns. Any such changes, which could also be retroactive, could have an effect on the validity of the information stated herein based on current tax law and practice. Shareholders and prospective investors’ should consult their tax advisers with respect to their particular tax situations and the tax consequences of an investment in a particular fund. Additionally, attention is drawn to the taxation risks associated with investing in the ICAV. The attention of potential investors is drawn to the tax risks associated with investing in the ICAV, particularly the section headed “**Taxation**”.

Prospective investors and Shareholders should be aware that they may be required to pay income tax, withholding tax, capital gains tax, wealth tax, stamp taxes or any other kind of tax on distributions or deemed distributions of a Fund, capital gains within a Fund, whether or not realised, income received or accrued or deemed received within a Fund. The requirement to pay such taxes will be according to the laws and practices of the country where the Shares are purchased, sold, held or redeemed and in the country of residence or nationality of the Shareholder and such laws and practices may change from time to time.

Foreign Account Tax Compliance Act

The foreign account tax compliance provisions (“**FATCA**”) of the Hiring Incentives to Restore Employment Act 2010 which apply to certain payments are essentially designed to require reporting of Specified US Person’s direct and indirect ownership of non-US accounts and non-US entities to the US Internal Revenue Service, with any failure to provide the required information resulting in a 30% US withholding tax on direct US investments (and possibly indirect US investments). In order to avoid being subject to US withholding tax, both US investors and non-US investors are likely to be required to provide information regarding themselves and their investors. In this regard the Irish and US Governments signed an intergovernmental agreement (“**Irish IGA**”) with respect to the implementation of FATCA (see section entitled “Compliance with US reporting and withholding requirements” for further detail) on December 21, 2012.

Under the Irish IGA (and the relevant Irish regulations and legislation implementing same), foreign financial institutions (such as the ICAV) should generally not be required to apply 30% withholding

tax. To the extent the ICAV however suffers US withholding tax on its investments as a result of FATCA, or is not in a position to comply with any requirement of FATCA, the Administrator acting on behalf of the ICAV may take any action in relation to a Shareholder's investment in the ICAV to redress such non-compliance and/or to ensure that such withholding is economically borne by the relevant Shareholder whose failure to provide the necessary information or to become a participating foreign financial institution or other action or inaction gave rise to the withholding or non-compliance, including compulsory redemption of some or all of such Shareholder's holding of shares in the ICAV.

Prospective investors and Shareholders should consult their own tax advisor with regard to US federal, state, local and non-US tax reporting and certification requirements associated with an investment in the ICAV.

Common Reporting Standard

Drawing extensively on the intergovernmental approach to implementing FATCA, the OECD developed the Common Reporting Standard ("CRS") to address the issue of offshore tax evasion on a global basis. The CRS provides a common standard for due diligence, reporting and exchange of financial account information. Pursuant to the CRS, participating jurisdictions will obtain from reporting financial institutions, and automatically exchange with exchange partners on an annual basis, financial information with respect to all reportable accounts identified by financial institutions on the basis of common due diligence and reporting procedures. The first information exchanges are expected to begin in 2017. Ireland has legislated to implement the CRS. As a result the ICAV will be required to comply with the CRS due diligence and reporting requirements, as adopted by Ireland. Shareholders may be required to provide additional information to the ICAV to enable the ICAV to satisfy its obligations under the CRS. Failure to provide requested information may subject an investor to liability for any resulting penalties or other charges and/or compulsory redemption of their Shares in the relevant Fund.

Shareholders and prospective investors should consult their own tax advisor with regard to with respect to their own certification requirements associated with an investment in the ICAV.

Cyber Security Risk

The ICAV and its service providers are susceptible to operational and information security and related risks of cyber security incidents. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyber security attacks include, but are not limited to, gaining unauthorised access to digital systems (e.g., through "**hacking**" or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data or causing operational disruption. Cyber attacks also may be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks on websites (i.e. efforts to make services unavailable to intended users). Cyber security incidents affecting the Manager, the Investment Manager, the Administrator or the Depositary or other service providers such as financial intermediaries have the ability to cause disruptions and impact business operations, potentially resulting in financial losses, including by interference with a Fund's ability to calculate its NAV; impediments to trading for a Fund's portfolio; the inability of Shareholders to transact business with the ICAV; violations of applicable privacy, data security or other laws; regulatory fines and penalties; reputational damage; reimbursement or other compensation or remediation costs; legal fees; or additional compliance costs. Similar adverse consequences could result from cyber security incidents affecting issuers of securities in which a Fund invests, counterparties with which the ICAV engages in transactions, governmental and

other regulatory authorities, exchange and other financial market operators, banks, brokers, dealers, insurance companies and other financial institutions and other parties. While information risk management systems and business continuity plans have been developed which are designed to reduce the risks associated with cyber security, there are inherent limitations in any cyber security risk management systems or business continuity plans, including the possibility that certain risks have not been identified.

Operation of Cash Accounts

Subscriptions monies received in respect of a Fund in advance of the issue of Shares will be held in a cash account in the name of the relevant Fund and will be treated as an asset of the relevant Fund. Investors will be unsecured creditors of the Fund with respect to the amount subscribed and held by the Fund until such Shares are issued, and will not benefit from any appreciation in the Net Asset Value of the Fund or any other Shareholder rights (including dividend entitlement) until such time as Shares are issued. In the event of the insolvency of the relevant Fund, there is no guarantee that the Fund will have sufficient funds to pay unsecured creditors in full. Payment by the Fund of redemption proceeds and dividends is subject to receipt by the Administrator of original subscription documents and compliance with all anti-money laundering procedures. Notwithstanding this, redeeming Shareholders will cease to be Shareholders with regard to the redeemed Shares, and will be unsecured creditors of the Fund, from the relevant redemption date. Pending redemptions and distributions, including blocked redemptions or distributions, will, pending payment to the relevant Shareholder, be held in the Fund's cash account. Redeeming Shareholders and Shareholders entitled to such distributions will be unsecured creditors of the Fund, and will not benefit from any appreciation in the Net Asset Value of the Fund or any other Shareholder rights (including further dividend entitlement), with respect to the redemption or distribution amount held by the Fund. In the event of an insolvency of the Fund, there is no guarantee that the Fund will have sufficient funds to pay unsecured creditors in full. Redeeming Shareholders and Shareholders entitled to distributions should ensure that any outstanding documentation and information is provided to the Administrator promptly. Failure to do so is at such Shareholder's own risk.

Legal Counsel

Dillon Eustace is counsel to the ICAV, the Manager and the Investment Manager with respect to matters of Irish law. Dillon Eustace do not represent the Shareholders. Potential Shareholders are urged to consult their own counsel. In connection with this representation, Dillon Eustace act as counsel solely in respect of the specific matters on which it has been consulted, and its involvement with respect to any particular matter is limited by the actual knowledge of its lawyers who provide substantive attention to that matter. As counsel to the ICAV, Dillon Eustace is not involved in, and neither has discretion with respect to, the ICAV's business, investments, management or operations, such as responsibility for compliance. In giving advice in connection with the preparation of this Prospectus, Dillon Eustace has advised solely the Directors, the Manager and the Investment Manager.

Brexit

The ICAV faces potential risks associated with the result of the referendum on the United Kingdom's continued membership of the European Union, which took place on 23 June 2016 and which resulted in a vote for the United Kingdom to leave the European Union. The decision to leave could materially and adversely affect the regulatory regime to which some of the ICAV's service providers and counterparties are currently subject in the United Kingdom, particularly in respect of financial services regulation and

taxation. Investors should note that the ICAV may be required to introduce changes to the way it is structured and introduce, replace or appoint additional service providers or agents and/or amend the terms of appointment of persons or entities engaged currently to provide services to the ICAV including but not limited to the Investment Manager. Although the ICAV shall seek to minimise the costs and other implications of any such changes, Investors should be aware that some or all of the costs of such changes may be borne by the ICAV.

Furthermore, the vote to leave the European Union may result in substantial volatility in foreign exchange markets which may have a material adverse effect on the ICAV and/or its service providers. The vote for the United Kingdom to leave the European Union may set in train a sustained period of uncertainty, as the United Kingdom seeks to negotiate the terms of its exit. It may also destabilise some or all of the other 27 members of the European Union and/or the Eurozone which may also have a material adverse effect on the ICAV, its service providers and counterparties.

Sustainability Risk

Sustainability risk means an environmental, social, or governance event or condition that, if it occurs, could potentially or actually cause a material negative impact on the value of a Fund's investment. Sustainability risks can either represent a risk of their own or have an impact on other risks and may contribute significantly to risks, such as market risks, operational risks, liquidity risks or counterparty risks. Sustainability risks may have an impact on long-term risk adjusted returns for investors. Assessment of sustainability risks is complex and may be based on environmental, social and governance (ESG) data which is difficult to obtain and incomplete, estimated, out of date or may be otherwise materially inaccurate. Even when identified, there can be no guarantee that this data will be correctly assessed.

Risk Factors Not Exhaustive

The investment risks set out in this Prospectus do not purport to be exhaustive and potential investors should be aware that an investment in the ICAV and any Fund may be exposed to risks of an exceptional nature from time to time.

Details of specific risks attaching to a particular Fund or Class which are additional to those described in this section will be disclosed in the relevant Supplement.

2. MANAGEMENT AND ADMINISTRATION

The powers of management of the ICAV are vested in the Directors pursuant to the Instrument. The Directors control the affairs of the ICAV and are responsible for the formulation of each Fund's investment objective and investment policy. The Directors have delegated the day to day management of the ICAV and custody of the assets of each Fund to the Manager and Depositary respectively. The Manager has appointed the Investment Manager to act as discretionary investment manager of the ICAV and distributor of the Shares. The Manager has appointed the Administrator to act as administrator of the ICAV.

Directors

The ICAV shall be managed and its affairs supervised by the Directors all of whom are non-executive directors of the ICAV and whose details are set out below. The Directors of the ICAV are:

Tassos Stassopoulos

Tassos Stassopoulos is currently a principal of the Investment Manager. Prior to the establishment of the Investment Manager in 2017, he was Head of EM Growth Equity at Ashmore which he joined in 2016 after nine years at AllianceBernstein where he was Portfolio Manager for Emerging Consumer, Global Growth and Thematic equity products. Prior to that he was a Managing Director at Credit Suisse; for six years he was the senior analyst for European travel and leisure, twice ranked #1 in the Institutional Investor survey, and one year he was a Portfolio Manager at the firm's internal hedge fund Modal Capital. He also spent eight years as a Chartered Accountant and then as a management consultant at Arthur Andersen. Tassos holds an MA in Economics from Cambridge University and is a Fellow of the Institute of Chartered Accountants.

Elizabeth Beazley

Elizabeth Beazley is a Director with the Carne Group specialising in corporate governance, product development, financial reporting and fund oversight for both mutual and hedge funds. Elizabeth has a 20-year track record in financial services. As Group Chief of Staff for Carne Group, Elizabeth works on various strategic projects within the Executive Committee and oversees the Global Onboarding team at Carne which is responsible for overseeing a team project managing the establishment of UCITS and AIFs and several third-party management companies covering service provider selection, governance, documentation drafting and operational set-up.

Elizabeth currently acts as Director on a number of funds/management companies. Prior to joining Carne, Elizabeth spent four years with AIB/BNY Fund Management in Ireland, and before that worked for HSBC. Elizabeth has been a member of various industry working groups including the Technical committee and the ETF committee and currently sits on the Irish Funds' Management Company working group. She graduated with a Bachelor of Commerce from University College Cork and has a Masters' degree in Business Studies from the Smurfit Graduate School of Business. Elizabeth is a member of the Association of Chartered Certified Accountants.

Lorcan Murphy

Lorcan Murphy (Irish resident) is an independent non-executive director and marketing and distribution consultant for a number of Irish and UK companies providing 20 years knowledge of global mutual funds, spanning operational management, risk management, compliance, product development and asset gathering. He is former Head of Private Wealth, EMEA and former Head of Pooled Funds Group with Barclays Global Investors Ltd. Mr. Murphy is a member of the Institute of Chartered Accountants in Ireland and has a Bachelor of Business Science degree (Economics major) from Trinity College Dublin.

The address of the Directors is the registered address of the ICAV.

The Manager

The ICAV has appointed Carne Global Fund Managers (Ireland) Limited (the "Manager") as management company of the ICAV. The Manager has in turn, has delegated certain of its duties to the Investment Manager and the Administrator.

The Manager is a private limited company and was incorporated in Ireland on 10 November 2003 under the registration number 377914 and has been authorised by the Central Bank to act as a UCITS management company and to carry on the business of providing management and related administration services to UCITS collective investment schemes.

The Manager is responsible for the general management and administration of the ICAV's affairs and for ensuring compliance with the Regulations, including investment and reinvestment of each Fund's assets, having regard to the investment objective and policies of each Fund. The Manager has delegated certain of its administration and transfer agency functions in respect of each Fund to the Administrator pursuant to the Administration Agreement. Pursuant to the Investment Management Agreement, the Manager has delegated certain investment management functions in respect of each Fund to the Investment Manager.

The directors of the Manager are:

Neil Clifford (nationality: Irish – Irish resident)

Mr. Clifford is a Director and Chief Executive Officer of the Manager. He is an experienced Irish-based investment management professional and fund director, with wide experience in the governance and operations of traditional and alternative investment funds. Neil joined the Manager in October 2014 from Irish Life Investment Managers ("ILIM") (April 2006 – September 2014), where he was Head of Alternative Investments. He began his career with Irish Life as a sector-focused equity fund manager. Prior to this, Neil was a senior equity analyst for Goodbody Stockbrokers (September 2000 - April 2006) in Dublin. He has also worked as an engineer with a number of leading engineering and telecoms firms in Ireland. Neil holds a degree in Electrical Engineering from University College Cork and a Masters of Business Administration from the Smurfit School of Business, University College, Dublin. He has also attained the professional certifications of Chartered Alternative Investment Analyst (CAIA) and Financial Risk Manager (FRM – Global Association of Risk Professionals).

Teddy Otto (nationality: German – Irish resident)

Mr. Otto is a Principal with the Carne Group. He specialises mainly in product development, fund establishment and risk management. Before joining the Manager, Mr. Otto was employed by the Allianz

/ Dresdner Bank group in Ireland for six years. During this time, he acted as head of fund operations, head of product management and was appointed as a director of the Irish management company for Allianz Global Investors and a range of Irish and Cayman domiciled investment companies. He had previously held senior positions in the areas of market data and custody at Deutsche International (Ireland) Limited and worked in the investment banking division of Deutsche Bank, Frankfurt. He spent over six years at DeutscheBank group. Prior to that, he was employed with Bankgesellschaft Berlin for two years. Mr. Otto holds a degree in business administration from Technische Universität Berlin.

Elizabeth Beazley (nationality: Irish – Irish resident)

Please refer to the biography of Ms. Beazley above under “Directors”.

Michael Bishop (nationality: British – U.K. resident)

Mr. Bishop was with UBS Global Asset Management (U.K.) Ltd. (1990 – 2011) holding executive director and then managing director positions and was responsible for the development and management of the U.K. business's range of investment funds. His areas of expertise include U.K. open-ended investment companies, unit trusts, unit linked funds and Irish, Cayman Islands, Channel Islands and other investment structures. He was a director of and responsible for the launch of UBS Global Asset Management Life Ltd. and UBS (Ireland)plc. Mr. Bishop has designed and launched products catering for all capabilities including equities, fixed income and alternative strategies. He has also been responsible for service provider appointment and management, as well as holding senior accounting and managerial roles with other financial services companies including Flemings and Tyndall. He has served on a number of the Investment Management Association's committees, industry forums and consultation groups specialising in U.K. and international regulation, product development and taxation. Mr. Bishop is a Fellow of the Association of Chartered Certified Accountants. Since retiring in 2011, he has been involved with various charities.

Sarah Murphy (nationality: Irish – Irish resident)

Sarah is an Executive Director and the Chief Operating Officer of the Manager. The Manager is a UCITS Management Company and Alternative Investment Fund Manager which currently manages in excess of €130bn in assets across a wide range of fund structures and asset classes. Sarah began her career at the Carne Group as a business manager where she was tasked with leading the launch and development of a number of the firm's corporate services businesses.

Prior to joining the Carne Group, Sarah held a number of senior management roles in BDO Ireland's corporate services business. During this period, Sarah was responsible for providing advisory services to a broad range of domestic and international clients in relation to corporate governance and company law issues associated with acquisitions, disposals and company re-organisations.

David McGowan (nationality: Irish – Irish resident)

David joined Carne as the Global Chief Operating Officer in October 2019. David has over 15 years' experience in building and managing complex operations teams across a variety of industries. David has responsibility for a multitude of operational functions across a number of business lines across the Carne Group. As part of David's remit within Carne Group, he is responsible for ensuring that the most appropriate operating model is in place for the Manager's regulatory environment as the Manager

grows in terms of assets under management, number of funds under management and number of delegate arrangements.

In David's role prior to joining Carne, he served as a Director of Global Business Services with LinkedIn leading a number of global business lines, including heading up functions of over 400 full time employees with global accountability for relationship management and management operating systems implementation. Prior to his role with LinkedIn, David was a Director of Global Business Services with Accenture Plc providing domain and analytical support for outsourced relationships in EMEA and project implementation across a number of areas including Customer Success and Sales.

David holds a BSc in Supply Chain Management and Logistics from the Aston University Birmingham.

Christophe Douche (nationality: French – Luxembourg resident)

Christophe Douche is a Director with the Carne Group with over 23 years' experience in the funds industry, focusing on risk management, compliance, AML and corporate governance. His roles have included acting as conducting officer, executive director and chairman on fund boards, committees and management companies. Christophe currently acts as conducting officer in charge of risk for Carne Global Fund Managers (Luxembourg) SA. He also acts as Head of the Carne Group Risk & Valuation Teams. Previously he worked as a director with responsibility for risk & operations with FundRock where he was the conducting officer in charge of risk, distribution, central administration and depositary oversight. He also acted as Head of Regulatory Compliance and AML and Head of Investment Compliance during his time with FundRock. Prior to that he worked with State Street Bank Luxembourg as fund compliance manager and with Natixis Private Banking Luxembourg as a manager in the fund compliance and fund depositary department. Christophe has a master's degree in Finance and Economics and a degree in Banking, Finance and Insurance from University Nancy.

The Secretary of the Manager is Carne Global Financial Services Limited.

The principal terms of the Management Agreement are described in the "STATUTORY AND GENERAL INFORMATION: Material Contracts" section.

The Investment Manager

The Manager has appointed Trinetra Investment Management LLP (the "Investment Manager") as its investment manager and distributor pursuant to the Investment Management Agreement.

Portfolio Manager

The portfolio manager responsible for the management of the ICAV's first Fund Trinetra Emerging Markets Growth Fund is Mr. Tassos Stassopoulos. Mr Stassopoulos was previously approved as a portfolio manager at a number of firms; please refer to section headed "Directors" above for the biography of Mr Stassopoulos.

The Investment Manager has authority to delegate some or all of its duties as distributor to sub-distributors in accordance with the requirements of the Central Bank. The fees and expenses of any sub-distributor appointed by the Investment Manager which are discharged out of the assets of the ICAV shall be at normal commercial rates.

The Investment Manager is an investment management firm established in the United Kingdom in February, 2017. Its principal business is to provide specialist investment management services. It is authorised by the FCA as an investment firm under the Markets in Financial Instruments Directive (MiFID). The Investment Manager acts as investment manager of the ICAV on the basis of its freedom to provide portfolio management services cross-border within the EU.

The Investment Manager may act as investment manager of and/or adviser to other funds or clients established in Ireland or elsewhere or as manager of and/or adviser to other funds or clients in the future any of which may be competing with the ICAV in the same markets.

Further information regarding the Investment Manager is available at <https://www.trineta-im.com>.

Depositary

The ICAV has appointed BNP Paribas Securities Services Dublin Branch as Depositary pursuant to the Depositary Agreement.

The Depositary is a branch of BNP Paribas Securities Services S.C.A., a company incorporated in France as a Partnership Limited by Shares and is authorised by the A.C.P. (Autorité de Contrôle Prudential et de Résolution) and supervised by the A.M.F. (Autorité des Marchés Financiers), whose head office is at 3 Rue d'Antin, 75002 Paris, France. It is wholly owned by BNP Paribas S.A. one of Europe's largest banks. The Depositary acts, inter alia, as trustee or Depositary of a number of collective investment schemes. The Depositary's main business activity consists of providing custody and related services to collective investment schemes and other portfolios.

The Depositary's duties include the following:-

- (i) safekeeping the assets of each Fund which includes (i) holding in custody all financial instruments that may be held in custody; and (ii) verifying the ownership of other assets and maintaining records accordingly;
- (ii) ensuring that each Fund's cash flows are properly monitored and that all payments made by or on behalf of applicants upon the subscription to Shares of the relevant Fund have been received;
- (iii) carrying out its oversight functions and ensuring that issues, redemptions and cancellations and the valuation of the Shares of the Funds are calculated in accordance with the UCITS Regulations;
- (iv) carrying out the instructions of the ICAV, unless they conflict with the UCITS Regulations;
- (v) ensuring that in transactions involving the assets of a Fund any consideration is remitted to the relevant Fund within the usual time limits; and
- (vi) ensuring that each Fund's income is applied in accordance with the UCITS Regulations.

Depositary Liability

Pursuant to the Depositary Agreement, the Depositary will be liable for loss of financial instruments held in custody (i.e. those assets which are required to be held in custody pursuant to the UCITS Regulations) or in the custody of any sub-custodian, unless it can prove that loss has arisen as a result of an external

event beyond its reasonable control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary.

The Depositary shall also be liable for all other losses suffered as a result of the Depositary's negligent or intentional failure to properly fulfil its obligations under the UCITS Regulations.

Delegation

The Depositary may delegate its safekeeping functions to one or more delegates in accordance with, and subject to the UCITS Regulations and on the terms set out in the Depositary Agreement however, its liability will not be affected by the fact that it has entrusted to a third party some or all of the assets in its safekeeping. The performance of the safekeeping function of the Depositary in respect of certain of the ICAV's assets has been delegated to certain delegates. In a number of markets the Depositary utilizes its own local market custody operations. In the other markets, the Depositary has selected one or more local agent banks to act as its subcustodian. The list of the Depositary's delegates is set out in Appendix IV. The list may be updated from time to time.

Conflicts

From time to time actual or potential conflicts of interest may arise between the Depositary and its delegates, for example, and without prejudice to the generality of the foregoing, where an appointed delegate is an affiliated group company and is providing a product or service to the ICAV and has a financial or business interest in such product or service, or receives remuneration for other related products or services it provides to the ICAV. These services may include currency hedging services as well as acting as acting as counterparty to OTC transactions and providing credit facility arrangements to the ICAV. The Depositary maintains a conflict of interest policy to address this.

The Depositary and/or its affiliates may act as the depositary, trustee and/or administrator of other funds. It is therefore possible that the Depositary (or any of its affiliates) may in the course of its business have conflicts or potential conflicts of interest with those of the ICAV and/or other funds for which the Depositary (or any of its affiliates) act. In the event of any potential conflict of interest which may arise during the normal course of business, the Depositary will have regard to the applicable laws. Where a conflict or potential conflict of interest arises, the Depositary will have regard to its obligations to the ICAV and will treat the ICAV and the other funds for which it acts fairly and such that, so far as is practicable, any transactions are effected on terms which are not materially less favourable to the ICAV than if the conflict or potential conflict had not existed.

Up-to-date information regarding the Depositary's identity, a description of its duties, its delegation of any of its duties and the applicable conflicts of interests will be made available to investors on request.

The Depositary in no way acts as guarantor or offeror of the ICAV's Shares or any underlying investment. The Depositary is a service provider to the ICAV and is not responsible for the preparation of this document or the activities of the ICAV and therefore accepts no responsibility for any information contained in this document other than the description of the Depositary in this section. The Depositary will not participate in any Fund's investment decision-making process.

The Depositary is not involved directly or indirectly with the business affairs, organisation, sponsorship or management of the ICAV and is responsible and liable only for the trustee and custodial services that it provides to the ICAV pursuant to the Depositary Agreement.

Administrator

The Manager has appointed BNP Paribas Fund Administration Services (Ireland) Limited as administrator and registrar of the ICAV pursuant to the Administration Agreement with responsibility for the day-to-day administration of the ICAV's affairs including the calculation of the Net Asset Value per Share of each Fund and the preparation of the financial statements of each Fund, subject to overall supervision of the Manager.

The Administrator was incorporated in Ireland as a private limited company on 6th August, 2010 with registered number 487406 and is authorised by the Central Bank. It is wholly owned by BNP Paribas S.A. one of Europe's largest banks. The Administrator's principal business is the provision of fund administration, accounting, registration, transfer agency and related shareholder services to collective investment schemes.

The Administrator is not involved directly or indirectly with the business affairs, organisation, sponsorship or management of the ICAV and is responsible and liable only for the administration services that it provides to the Manager with respect to the ICAV pursuant to the Administration Agreement. The Administrator will not participate in any Fund's investment decision-making process.

The Administrator is a service provider to the Manager with respect of the ICAV and is not responsible for the preparation of this document or the activities of the ICAV and therefore accepts no responsibility for any information contained in this document other than the description of the Administrator contained in this section.

Secretary

The ICAV has appointed Carne Global Financial Services Limited as its secretary. Carne Global Financial Services Limited is a private company, limited by shares, incorporated in Ireland and its affiliated with the Manager.

Paying Agents / Representatives / Sub-Distributors

Local laws/regulations in EEA Member States may require the appointment of paying agents / information agents / representatives / distributors / correspondent banks ("**Paying Agents**") and maintenance of accounts by such Paying Agents through which subscription and redemption monies or dividends may be paid. Shareholders who choose or are obliged under local regulations to pay or receive subscription or redemption monies or dividends via an intermediate entity rather than directly to or from the Depositary (e.g. a Paying Agent in a local jurisdiction) bear a credit risk against that intermediate entity with respect to

- (a) subscription monies prior to the transmission of such monies to the Depositary for the account of the ICAV or the relevant Fund; and
- (b) redemption monies payable by such intermediate entity to the relevant Shareholder.

Fees and expenses of Paying Agents appointed by the ICAV and/or the Manager which will be at normal commercial rates will be borne by the ICAV or the Fund in respect of which a Paying Agent has been appointed.

Country Supplements dealing with matters pertaining to Shareholders in jurisdictions in which Paying Agents are appointed may be prepared for circulation to such Shareholders and, if so, where required, a summary of the material provisions of the agreements appointing the Paying Agents will be included in the relevant Country Supplements.

All Shareholders of the ICAV or the Fund on whose behalf a Paying Agent is appointed may avail of the services provided by Paying Agents appointed by or on behalf of the ICAV.

Details of the Paying Agents appointed will be set out in the relevant Country Supplement and will be updated upon the appointment or termination of appointment of Paying Agents.

Conflicts of Interest

The Directors, the Manager, the Investment Manager, the Depositary, the Administrator and their respective affiliates, officers, directors and shareholders, partners, employees and agents (collectively the “Parties”) are or may be involved in other financial, investment and professional activities which may on occasion cause a conflict of interest with the management of the ICAV and/or their respective roles with respect to the ICAV. These activities may include managing or advising other funds, purchases and sales of Financial Instruments, banking and investment management services, brokerage services, currency hedging services, valuation of unlisted Financial Instruments (in circumstances in which fees payable to the entity valuing such Financial Instruments may increase as the value of the Financial Instruments increases) and serving as directors, officers, advisers or agents of other funds or companies, including funds or companies in which the ICAV may invest. In particular, the Manager and/or the Investment Manager may advise or manage other funds and other collective investment schemes in which a Fund may invest or which have similar or overlapping investment objectives to or with the ICAV or its Funds.

It is anticipated that the Depositary one of its group companies may provide a currency hedging service to the ICAV in respect of one or more Funds and will have a financial or business interest in such service and will receive remuneration for such services. The Depositary maintains a conflict of interest policy to address this and the Investment Manager monitors such service.

None of the Manager, the Investment Manager or any of their respective affiliates are under any obligation to offer investment opportunities of which any of them becomes aware to the ICAV or to account to the ICAV in respect of (or share with the ICAV or inform the ICAV of) any such transaction or any benefit received by any of them from any such transaction, but will allocate such opportunities in its absolute discretion between the ICAV and other clients.

The Manager, the Investment Manager and their respective officers, partners and employees will devote as much of their time to the activities of the ICAV as they deem necessary and appropriate. The Manager, the Investment Manager and their respective delegates and affiliates are not restricted from forming additional investment funds, from entering into other investment advisory relationships or from

engaging in other business activities, even though such activities may be in competition with the ICAV and/or may involve substantial time and resources. These activities could be viewed as creating a conflict of interest in that the time and effort of the Manager, the Investment Manager, their respective delegates and officers and employees will not be devoted exclusively to the business of the ICAV but will be allocated between the business of the ICAV and such other activities. Future activities by the Manager and/or the Investment Manager and their respective delegates and affiliates, including the establishment of other investment funds, may give rise to additional conflicts of interest.

The Investment Manager may be consulted by the Administrator in relation to the valuation of investments. There is a conflict of interest between any involvement of the Investment Manager in this valuation process and with the Investment Manager's entitlement to any proportion of an Investment Management Fee or Performance Fee which are calculated on the basis of the Net Asset Value.

Each of the Parties will use its reasonable endeavours to ensure that the performance of their respective duties will not be impaired by any such involvement they may have and that any conflicts which may arise will be resolved fairly.

There is no prohibition on transactions with the ICAV by the Manager, the Investment Manager, the Depositary, the Administrator or entities related to any of them including, without limitation, holding, disposing or otherwise dealing with Shares issued by or property of the ICAV (each a "**Transaction**" together the "**Transactions**") and none of them shall have any obligation to account to the ICAV for any profits or benefits made by or derived from or in connection with any such transaction provided that such transactions are conducted at arm's length and are in the best interests of Shareholders and

- (a) the value of the Transaction is certified by a person who has been approved by the Depositary as being independent and competent (or a person who has been approved by the Manager in consultation with the Directors as being independent and competent in the case of transactions involving the Depositary); or
- (b) execution on best terms on organised investment exchanges under their rules; or
- (c) where (a) and (b) are not practical, execution on terms which the Depositary is (or, in the case of a transaction entered into by the Depositary, the Manager, in consultation with the Directors, is) satisfied conform with the principle that such transactions are conducted at arm's length and are in the best interests of Shareholders.

The Depositary (or the Manager, in consultation with the Directors, in the case of transactions involving the Depositary) must document how it has complied with the provisions of paragraph (a), (b) or (c) above. Where transactions are conducted in accordance with (c) above, the Depositary (or the Manager, in consultation with the Directors, in the case of transactions involving the Depositary) must document their rationale for being satisfied that the transaction conformed to the principles outlined above.

"Knowledgeable Persons" means

- (i) the Manager, the Investment Manager and any affiliate of either of them;
- (ii) any other company appointed to provide investment management or advisory services to the ICAV;

- (iii) a Director or executive of the Manager or the Investment Manager or the ICAV or of another company appointed to provide investment management or advisory services to the ICAV;
- (iv) an employee, executive or partner of the Manager or the Investment Manager or of a company appointed to provide investment management or advisory services to the ICAV, where such person:
 - is directly involved in the investment activities of the ICAV; or
 - is of senior rank and has experience in the provision of investment management services;

Knowledgeable Persons will be permitted to invest in the ICAV. Due to the nature of a Knowledgeable Person, and subject to legislation relating to market abuse, market timing and disclosure rules, in certain market situations a Knowledgeable Person may have access to market information in advance of other Shareholders, thereby affording them certain advantages in respect of an investment in the ICAV.

Details of interests of the Directors are set out in the Section of the Prospectus entitled “**General Information - Directors' Interests**”.

Soft Commissions

The Directors do not anticipate that the Investment Manager, its delegates or connected persons of the Investment Manager will engage in soft commission arrangements with any brokers. Should the Investment Manager receive research products and services from brokers and other persons through whom investment transactions are carried out the Investment Manager must ensure that such arrangements are made on best execution terms and the services provided must be of a type which assist in the provision of investment services to the ICAV.

Cash/Commission Rebates and Fee Sharing

Where the Manager or the Investment Manager or any of their respective delegates successfully negotiates the recapture of a portion of the commissions charged by brokers or dealers in connection with the purchase and/or sale of securities, permitted derivative instruments or techniques and instruments for the ICAV or a Fund, the rebated commission shall be paid to the ICAV or the relevant Fund as the case may be. Full details of any such arrangements including fees payable to the Manager or the Investment Manager or any of their respective delegates will be disclosed in the Supplement for the relevant Fund. The Manager, the Investment Manager or their respective delegates may be reimbursed out of the assets of the ICAV or the relevant Fund for reasonable properly vouched costs and expenses directly incurred by them in this regard.

3. FEES, CHARGES AND EXPENSES

Establishment Expenses

All fees and expenses relating to the establishment and organization of the ICAV including the fees of the ICAV's professional advisers and registering the Funds for marketing in various markets will be borne by the Funds in existence. Such fees and expenses are estimated not to exceed €80,000 (excluding VAT) and may be amortized over the first five Accounting Periods of the ICAV.

The fees and expenses relating to the establishment of any additional Funds will be set out in the relevant Supplement.

Operating Expenses and Fees

The ICAV will pay all its operating expenses and the fees hereinafter described as being payable by the ICAV. Expenses paid by the ICAV throughout the duration of the ICAV, in addition to fees and expenses payable to the Directors, the Manager, the Investment Manager, the Depositary, the Administrator, the Secretary and any Paying Agent appointed by or on behalf of the ICAV include but are not limited to brokerage and banking commissions and charges, legal and other professional advisory fees, regulatory fees, auditing fees, distribution fees, translation and accounting expenses, interest on borrowings, taxes and governmental expenses applicable to the ICAV, costs and expenses of preparing, translating, printing, updating and distributing the ICAV's Prospectus and Supplements, annual and semi-annual reports and other documents furnished to current and prospective Shareholders, stock exchange listing fees, all expenses in connection with registration, listing and distribution of the ICAV and Shares issued or to be issued, all expenses in connection with obtaining and maintaining a credit rating for any Funds or Classes or Shares, expenses of Shareholders meetings, Directors' insurance premia, expenses of the publication and distribution of the Net Asset Value, clerical costs of issue or redemption of Shares, postage, telephone, facsimile and telex expenses and any other expenses in each case together with any applicable value added tax.

An estimated accrual for operating expenses of the ICAV will be provided for in the calculation of the Net Asset Value of each Fund. Operating expenses and the fees and expenses of service providers which are payable by the ICAV shall be borne by all Funds in proportion to the Net Asset Value of the relevant Fund or other methods, which will be fair and equitable to investors, or attributable to the relevant Class provided that fees and expenses directly or indirectly attributable to a particular Fund or Class shall be borne solely by the relevant Fund or Class.

Administrator's Fees

The fees of the Administrator will be paid out of the assets of the relevant Fund, details of which will be set out in the relevant Fund Supplement.

Depositary's Fees

The fees of the Depositary will be paid out of the assets of the relevant Fund, details of which will be set out in the relevant Fund Supplement.

Manager's Fees

The ICAV shall pay the Manager out of the assets of the relevant Fund a fee as disclosed in the relevant Supplement.

Remuneration Policy of the Manager

In line with the provisions of the UCITS Regulations, the Manager applies its remuneration policy and practices in a way and to the extent that is proportionate to its size, its internal organisation and the nature, scope and complexity of its activities.

As the Manager has delegated the investment management of the Funds to the Investment Manager, the Manager will ensure that the Investment Manager applies in a proportionate manner the remuneration rules as detailed in the UCITS Regulations or, alternatively, that the Investment Manager is subject to equally effective remuneration requirements in the United Kingdom.

Details of the remuneration policy of the Manager including, but not limited to, a description of how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration and benefits including the composition of the remuneration committee, where such a committee exists, will be available free of charge upon request from the Manager and on <http://www.carnegroup.com/policies-and-procedures>.

Investment Manager's Fees

The ICAV shall pay the Investment Manager out of the assets of the relevant Fund a fee as disclosed in the relevant Supplement.

Performance Fee

Details of the Performance Fee to be charged (if any) can be found in the relevant Supplement.

Sub-Distributors' Fees

The fees of any sub-distributors may be paid out of the assets of the relevant Fund or as may otherwise be disclosed in the relevant Supplement.

Paying Agents' Fees

Reasonable fees and expenses of any Paying Agent appointed by the ICAV which will be at normal commercial rates together with VAT, if any, thereon will be borne by the ICAV or the relevant Fund in respect of which a Paying Agent has been appointed.

All Shareholders of the ICAV or the Fund on whose behalf a Paying Agent is appointed may avail of the services provided by Paying Agents appointed by or on behalf of the ICAV.

Subscription Fee

The Directors in consultation with the Manager and the Investment Manager are empowered to levy a subscription fee not exceeding 5% of the Net Asset Value of the Shares being acquired. Details of the subscription fee, if any, will be set out in the relevant Supplement.

Redemption Fee

The Directors in consultation with the Manager and the Investment Manager are empowered to levy a redemption fee based not exceeding 3% of the Net Asset Value of the Shares being redeemed. Details of the redemption fee, if any, will be set out in the relevant Supplement.

Conversion Fee

The Directors in consultation with the Manager may charge a fee on the conversion of Shares in any Fund to Shares in another Fund up to a maximum of 5% of Net Asset Value of Shares in the original Fund. Details of the conversion fee to be charged (if any) can be found in the relevant Supplement.

Anti-Dilution Levy

Where a Fund buys/enters or sells/exits Financial Instruments in response to a request for the issue or redemption of Shares, it will generally incur a reduction in value, made up of dealing costs and any spread between the bid and offer prices of the investments concerned when compared to their valuation within the Net Asset Value per Share. The Net Asset Value per Share generally does not reflect such costs.

The aim of the anti-dilution levy is to reduce the impact of such costs (which, if material, disadvantage existing Shareholders of the relevant Fund) so as to preserve the value of the relevant Fund. Where disclosed in the relevant Supplement, in calculating the Subscription Price or Redemption Price of the Shares, the Directors, in consultation with the Manager and the Investment Manager, may on any Dealing Day when there are net subscriptions or redemptions, adjust the Subscription Price or Redemption Price (as appropriate) by adding or deducting an anti-dilution levy to cover dealing costs and to preserve the value of the underlying assets of a Fund.

The need to charge an anti-dilution levy will depend inter alia on general market liquidity of the Fund's Financial Instruments and on the net transactional activity of Shares on any given Dealing Day, and this will be evaluated by the Investment Manager and implemented, following the approval of the Directors, in consultation with the Manager and the Investment Manager, by the Administrator without prior notification to the relevant Shareholder. Net transactional activity of Shares is determined with reference to the cumulative subscription and redemption requests (including subscriptions and/or redemptions which would be affected as a result of conversions from one Fund into another Fund) processed in respect of any given Dealing Day.

The anti-dilution levy may vary according to the prevailing market conditions and the implementation of the valuation policy with respect to the determination of the Net Asset Value on any given Valuation Day.

Swing Pricing

Where disclosed in the relevant Supplement, the Directors, in consultation with the Manager and the Investment Manager, are entitled to implement swing pricing in respect of a Fund or Class as described in this Prospectus in the section entitled “Net Asset Value and Valuation of Assets”.

Directors' Fees

The Instrument authorises the Directors to charge a fee for their services at a rate determined by the Directors. The Directors shall receive a fee for their services which in aggregate up to a maximum of €40,000 per annum. The Directors' fees may vary over time depending on such factors as the number of Funds in the ICAV and the Net Asset Value of the Funds. The actual fee charged by the Directors to the ICAV will be disclosed in the annual reports of the Funds. Each Director may be entitled to special remuneration if called upon to perform any special or extra services to the ICAV, details of which will be set out in the financial statements of the ICAV. All Directors will be entitled to reimbursement by the ICAV of expenses properly incurred in connection with the business of the ICAV or the discharge of their duties.

Secretary's Fees

The ICAV shall pay the Secretary an annual fee for acting as corporate secretary to the ICAV of up to €14,000 per annum plus VAT in respect of the ICAV's first sub-fund plus €2,000 per year for each additional sub-fund, which shall be payable semi-annually in arrears. The Secretary shall also be entitled to charge the ICAV for its reasonable out-of-pocket expenses.

Allocation of Fees and Expenses

All fees, expenses, duties and charges will be charged to the relevant Fund and within such Fund to the Classes in respect of which they were incurred. Where an expense is not considered by the Directors in consultation with the Manager to be attributable to any one Fund, the expense will normally be allocated to all Funds in proportion to the Net Asset Value of the Funds or other methods which will be fair and equitable to investors. In the case of any fees or expenses of a regular or recurring nature, such as audit fees, the Directors in consultation with the Manager may calculate such fees or expenses on an estimated figure for yearly or other periods in advance and accrue them in equal proportions between all Funds over any period.

4. THE SHARES

General

Shares may be issued as at any Dealing Day. Shares issued in a Fund or Class will be in registered form and denominated in the Base Currency specified in the relevant Supplement for the relevant Fund or a currency attributable to the particular Class.

Where a Class of Shares is denominated in a currency other than the Base Currency of a Fund, that Class may be hedged or unhedged as disclosed in the relevant Supplement for the relevant Class.

Where a Class is to be unhedged, currency conversion will take place on subscriptions, redemptions, conversions and distributions at prevailing exchange rates normally obtained from Bloomberg, Reuters or such other data provider as the Investment Manager deems fit. In such circumstances, the value of the Share expressed in the Class currency will be subject to exchange rate risk in relation to the Base Currency. Where a Class of Shares is to be hedged, the ICAV shall employ the hedging policy as more particularly set out herein.

Shares will have no par value and will first be issued in relation to the Subscription Period for each Fund or Class as specified in the relevant Supplement. Thereafter, Shares shall be issued at the Net Asset Value per Share. Please see the section entitled “**Application for Shares**” for more information regarding the cost of Shares.

Title to Shares will be evidenced by the entering of the investor's name on the ICAV's register of Members and no certificates will be issued. Amendments to a Shareholder's registration details and payment instructions will only be made following receipt by the Manager or the Administrator of appropriately authorised original written instructions from the relevant Shareholder to the ICAV.

The Directors in consultation with the Manager and the Investment Manager may decline to accept any application for Shares without giving any reason and may restrict the ownership of Shares by any person, firm or corporation in certain circumstances including where such ownership would be in breach of any regulatory or legal requirement or might affect the tax status of the ICAV or might result in the ICAV suffering certain disadvantages which it might not otherwise suffer. Any restrictions applicable to a particular Fund or Class shall be specified in the relevant Supplement for such Fund or Class. Any person who holds Shares in contravention of restrictions imposed by the Directors or, by virtue of his holding, is in breach of the laws and regulations of their competent jurisdiction or whose holding could, in the opinion of the Directors, cause the ICAV to incur any liability to taxation or to suffer any pecuniary disadvantage relating to the Shareholder's relevant jurisdiction which it or the Shareholders or any or all of them might not otherwise have incurred or sustained or otherwise in circumstances which the Directors believe might be prejudicial to the interests of the Shareholders, shall indemnify the ICAV, the Manager, the Investment Manager, the Depositary, the Administrator and Shareholders for any loss suffered by it or them as a result of such person or persons acquiring or holding Shares in the ICAV.

The Directors have the power under the Instrument to compulsorily redeem and/or cancel any Shares held or beneficially owned in contravention of any restrictions imposed by them or in breach of this Prospectus or any law or regulation.

None of the ICAV, the Manager, the Investment Manager, the Administrator, the Depositary or any of their respective directors, officers, employees or agents will be responsible or liable for the authenticity of instructions from Shareholders reasonably believed to be genuine and shall not be liable for any losses, costs or expenses arising out of or in conjunction with any unauthorised or fraudulent instructions.

Abusive Trading Practices/Market Timing

The Directors in consultation with the Manager generally encourage investors to invest in the Funds as part of a long-term investment strategy and discourages excessive or short term or abusive trading practices. Such activities, sometimes referred to as “**market timing**”, may have a detrimental effect on the Funds and Shareholders. For example, depending upon various factors such as the size of the Fund and the amount of its assets maintained in cash, short-term or excessive trading by Shareholders may interfere with the efficient management of the Fund’s portfolio, increased transaction costs and taxes and may harm the performance of the Fund.

The Directors in consultation with the Manager seek to deter and prevent abusive trading practices and to reduce these risks, through several methods, including the following:

- (i) to the extent that there is a delay between a change in the value of a Fund’s portfolio holdings and the time when that change is reflected in the Net Asset Value per Share, a Fund is exposed to the risk that investors may seek to exploit this delay by purchasing or redeeming Shares at a Net Asset Value which does not reflect appropriate fair value prices. The Directors seek to deter and prevent this activity, sometimes referred to as “**stale price arbitrage**”, by the appropriate use of its power to adjust the value of any Financial Instrument having regard to relevant considerations in order to reflect the fair value of such Financial Instrument.
- (ii) the Directors may monitor Shareholder account activities in order to detect and prevent excessive and disruptive trading practices and reserves the right to exercise its discretion to reject any subscription or conversion transaction without assigning any reason therefore and without payment of compensation if, in its judgment, the transaction may adversely affect the interest of a Fund or its Shareholders. The Directors may also monitor Shareholder account activities for any patterns of frequent purchases and sales that appear to be made in response to short-term fluctuations in the Net Asset Value per Share and may take such action as it deems appropriate to restrict such activities including, if it so determines, the compulsory redemption of Shares held in that Fund by the respective Shareholder or, where disclosed in the relevant Supplement, the Directors may impose a redemption fee for the benefit of the relevant Fund where the holding period is less than that time period specified in the relevant Supplement.

There can be no assurances that abusive trading practices can be mitigated or eliminated. For example nominee accounts in which purchases and sales of Shares by multiple investors may be aggregated for dealing with the Fund on a net basis, conceal the identity of underlying investors in a Fund which makes it more difficult for the Directors and their delegates to identify abusive trading practices.

Application for Shares

Applications for Shares in the relevant Fund may be made through the Administrator. Initial subscriptions should be made by all investors using an Application Form obtained from the

Administrator and shall be submitted to the Administrator by fax, pdf attached to any email or Swift, as agreed with the Administrator with the original to follow promptly by post to the Administrator. Once submitted the Application Form shall, subject to applicable law and regulation, be irrevocable and binding on the investor.

The Directors may reject any application in whole or in part without giving any reason for such rejection in which event the subscription monies or any balance thereof will be returned without interest, expenses or compensation to the applicant by transfer to the applicant's designated account or by post at the applicant's risk.

Applications accepted and received by the Administrator prior to the relevant Dealing Deadline for any Dealing Day will normally be processed as at that Dealing Day. Any applications received after the relevant Dealing Deadline for the Fund for a particular Dealing Day will be processed as at the following Dealing Day unless the Directors in their absolute discretion in consultation with the Manager and the Investment Manager otherwise determine to accept one or more applications received after the relevant Dealing Deadline for processing as at that Dealing Day provided that such application(s) have been received prior to the Valuation Point for the particular Dealing Day.

Applications for Shares in the Fund received after the relevant Dealing Deadline but prior to the Valuation Point will only be accepted in exceptional circumstances, as determined and agreed by the Directors.

No redemption proceeds will be paid to a Shareholder in respect of a redemption request (although subsequent subscriptions may be processed) prior to the acceptance of the original initial Application Form by the Administrator which is subject to prompt transmission to the Administrator of such papers and supporting documentation (such as documentation relating to money laundering prevention checks) as may be required by the Administrator and completion by the Administrator of all anti-money laundering procedures.

Shares will not be allotted until such time as the Administrator has received and is satisfied with all the information and documentation required to verify the identity, address and source of funds of the applicant. This may result in Shares being issued on a Dealing Day subsequent to the Dealing Day on which an applicant initially wished to have Shares issued to him/her. It is further acknowledged that the Administrator shall be held harmless by the applicant against any loss arising as a result of the failure to process a subscription or redemption if information that has been requested by the Administrator has not been provided by the applicant.

Subsequent applications to purchase Shares in the Fund following the initial subscription may be made to the Administrator by fax, pdf attached to an email or Swift as may be permitted by the and agreed with the Administrator in accordance with the requirements of the Central Bank. Applications by fax, pdf attached to an email or Swift will be treated as definite orders and no application will be capable of withdrawal after acceptance by the Administrator (save in the event of suspension of calculation of the Net Asset Value of the Fund).

The Directors may, in their absolute discretion, reject any application for Shares in full or in part. Amounts paid to the ICAV in respect of subscription applications which are rejected (or, in the case of applications which are not accepted in full, the balance of the amount paid) will be returned to the applicant, subject to applicable law, at his/her own risk and expense without interest.

The Directors may at any time determine to temporarily or permanently close any Class of Shares or all Classes of Shares in the ICAV to new subscriptions in their sole discretion and may not give advance notice of such closure to Shareholders though the Directors will endeavour to notify Shareholders as soon as possible.

Withdrawal of Subscription Requests

Requests for subscription of Shares may not be withdrawn save with the written consent of the ICAV or in the event of suspension of calculation of the Net Asset Value of the Fund.

Issue of Shares

Shares will be issued at the Net Asset Value per Share calculated as at the relevant Dealing Day, except in respect of Shares issued during the Initial Offer Period (or Shares of a Class issued for the first time) which will be issued at the Initial Offer Price. This price could be less than the Subscription Price per Share for that Dealing Day due to the effect of Duties and Charges and other fees and levies. Potential Shareholders should note therefore that the cost paid for Shares issued could exceed their value on the day of issue.

Fractions

Subscription monies representing less than the subscription price for a Share will not be returned to the investor. Fractions of Shares will be issued where any part of the subscription monies for Shares represents less than the subscription price for one Share, provided however, that fractions shall not be less than 0.0001 of a Share.

Subscription monies, representing less than 0.0001 of a Share will not be returned to the investor but will be retained by the ICAV in order to defray administration costs.

Method of Payment

Subscription payments net of all bank charges should be paid by electronic transfer to the bank account specified in the Application Form. No interest will be paid in respect of payments received in circumstances where the receipt of payment is in advance of the relevant Subscription Settlement Cut-Off or the application is held over until a subsequent Dealing Day.

Currency of Payment

Subscription monies are payable in the currency of denomination of the relevant Class.

Timing of Payment

Payment in respect of subscriptions must be received in cleared funds by the Administrator prior to the Subscription Settlement Cut-Off. The ICAV reserves the right to defer the issue of Shares until receipt of cleared subscription monies by the Fund. If payment in cleared funds in respect of a subscription has not been received by the Subscription Settlement Cut-Off, any allotment of Shares made in respect of such application may be cancelled and subject to the requirements of the Act, make any alteration in

the register of Members. In the event of the non-clearance of subscription monies, any allotment in respect of an application may be cancelled. In either event and notwithstanding cancellation of the application, the ICAV may charge the applicant for any expense incurred by it or the Fund or for any loss to the Fund arising out of such non-receipt or non-clearance. In addition, the ICAV will have the right to sell all or part of the applicant's holding of Shares in the relevant Class in order to meet those charges and may be required to liquidate assets to repay any shortfall between the redemption proceeds and any amounts borrowed. Whilst the defaulting Shareholder will be liable for any costs incurred by the Fund in so doing, there is a risk that the Fund may not be able to recover such costs from such Shareholder.

Confirmation of Ownership

Written confirmation of each purchase of Shares in the Fund will normally be sent by the Administrator to Shareholders within 10 Business Days of the Net Asset Value being published (or such other period of time as may be set out in the Supplement). Title to Shares will be evidenced by the entering of the investor's name on the ICAV's register of Members and no certificates will be issued.

Subscriptions in Specie

In accordance with the provisions of the Instrument, the ICAV may at the discretion of the Directors accept in specie applications for Shares provided that the nature of the assets to be transferred into the Fund qualify as investments of the Fund in accordance with its investment objectives, policies and restrictions. Assets so transferred shall be vested with the Depositary or arrangements shall be made to vest the assets with the Depositary. The Depositary and the Directors shall be satisfied that the terms of any exchange will not be such as are likely to result in any material prejudice to the existing Shareholders of the Fund.

The cost of such subscription in specie shall be borne by the relevant Shareholder.

The value of assets being transferred, (the "**In Specie Net Asset Value**") shall be calculated by the Administrator in accordance with the valuation principles governing the ICAV and applicable law.

The Directors will also ensure that the number of Shares issued in respect of any such in specie transfer will be the same amount which would have fallen to be allotted for settlement of the In Specie Net Asset Value in cash.

Any prospective investor wishing to subscribe for Shares by a transfer in specie of assets will be required to comply with any administrative and other arrangements (including any warranties to the ICAV in relation to the title of such assets being passed to the Depositary, if applicable) for the transfer specified by the Directors, the Depositary and the Administrator. In addition, the Directors must ensure that any assets transferred will be vested with the Depositary on behalf of the ICAV.

Anti-Money Laundering and Countering Terrorist Financing Measures

Measures provided for in the Criminal Justice (Money Laundering and Terrorist Financing) Act 2010 and the Criminal Justice Act 2013 (as amended) which are aimed towards the prevention of money laundering, require detailed verification of each applicant's identity, address, source of wealth and the supporting documentation for the source of wealth. For example, an individual will be required to

produce a copy of his/her passport or identification card that bears evidence of the individuals' identity, date of birth and signature duly certified by a notary public or other person specified in the Subscription Form together with two different original/certified documents bearing evidence of the individual's address such as a utility bill or bank statement which are not older than six months old. The source of wealth and the supporting documentation is required for all individuals, joint accounts and trusts. The documentation required in respect of corporate applicants will be dependent on the country of incorporation or creation. Certified constituting, constitutional and verification documentation in respect of the beneficial owners may be required in certain cases.

Depending on the circumstances of each application, a detailed verification may not be required where (a) the investor is a regulated credit or financial institution, or (b) the application is made through a regulated financial intermediary. These exceptions will only apply if the financial institution or intermediary referred to above is located in a country which has equivalent anti-money laundering legislation to that in place in Ireland. Applicants may contact the Administrator in order to determine whether they meet the above exceptions.

The Administrator reserves the right to request such information and documentation as is necessary to identity, verify the source of wealth and supporting documentation for the source of wealth of an applicant. In the event of delay or failure by the applicant to produce any information and documentation required for verification purposes, the Administrator may not process the application and return all subscription monies and/or payment of redemption proceeds may be delayed and none of the ICAV, the Fund, the Directors, the Depository, the Manager, the Investment Manager or the Administrator shall be liable to the subscriber or Shareholder where an application for Shares is not processed in such circumstances. If an application is rejected, the Administrator will return application monies or the balance thereof by telegraphic transfer in accordance with any applicable laws to the account from which it was paid at the cost and risk of the applicant. The Administrator may refuse to pay redemption proceeds where the requisite information and documentation for verification purposes has not been produced by a Shareholder.

Each subscriber and Shareholder will be required to make such representations as may be required by the ICAV in connection with applicable anti-money laundering programmes, including representations that such subscriber or Shareholder is not a prohibited country, territory, individual or entity listed on the United States Department of Treasury's Office of Foreign Assets Control ("**OFAC**") website and that it is not directly or indirectly affiliated with any country, territory, individual or entity named on an OFAC list or prohibited by any OFAC sanctions programmes. Such subscriber or Shareholder shall also represent that amounts contributed by it to the Fund were not directly or indirectly derived from activities that may contravene U.S. Federal, State or international laws and regulations, including any applicable anti-money laundering laws and regulations. Each applicant will also be required to represent that it is not listed or directly or indirectly affiliated with any person, group or entity listed on the European Union consolidated list of persons, groups and entities that are subject to Common Foreign and Security Policy ("**CFSP**") related financial sanctions, which can be found on the European Commission's website, and that it is not subject to any CFSP sanctions programmes. Each applicant will be required to represent that subscription monies are not directly or indirectly derived from activities that may contravene United States Federal or State, or international, or European Union laws and regulations including, in each case, anti-money laundering laws and regulations.

The Administrator may disclose information regarding investors to such parties (e.g., affiliates, attorneys, auditors, administrators or regulators) as it deems necessary or advisable to facilitate the transfer of the Shares, including but not limited to being in connection with anti-money laundering and

similar laws. The Administrator or other service providers may also release information if directed to do so by the investors in the Shares, if compelled to do so by law or in connection with any government or self-regulatory organisation request or investigation. In connection with the establishment of anti-money laundering procedures, the Directors may implement additional restrictions on the transfer of Shares.

The Directors and the Administrator may impose additional requirements from time to time to comply with all applicable anti-money laundering laws and regulations, including the USA Patriot Act.

Data Protection

Prospective investors should note that by completing the Application Form they are providing information to the ICAV, which may constitute personal data within the meaning of data protection legislation in Ireland. This data will be used for the purposes of client identification, administration, statistical analysis, market research, to comply with any applicable legal or regulatory requirements. Data may be disclosed to third parties including regulatory bodies, tax authorities, delegates, advisers and service providers of the ICAV and their or the ICAV's duly authorised agents and any of their respective related, associated or affiliated companies wherever located (including outside the EEA) for the purposes specified. By signing the Application Form, investors consent to the obtaining, holding, use, disclosure and processing of data for any one or more of the purposes set out in the Application Form. Investors have a right to obtain a copy of their personal data kept by the ICAV and the right to rectify any inaccuracies in personal data held by the ICAV.

Ineligible Applicants

The ICAV requires each prospective applicant for Shares to represent and warrant to the ICAV that, among other things, it is able to acquire and hold Shares without violating applicable laws.

In particular, the Shares may not be offered, issued or transferred to any person in circumstances which, in the opinion of the Directors, in consultation with the Manager and the Investment Manager, might result in the ICAV, the Shareholders as a whole or the Fund incurring any liability to taxation or suffering any other pecuniary disadvantage which the ICAV might not otherwise incur or suffer, or would result in the ICAV, the Shareholders as a whole or the Fund being required to register under any applicable US securities laws.

Unless otherwise disclosed in the Supplement, Shares may generally not be issued or transferred to any US Person, except that the Directors may authorise the issue or transfer of Shares to or for the account of a US Person provided that:

- (a) such US Person certifies that it is an **"accredited investor"** and a **"qualified purchaser"**, in each case as defined under applicable US federal securities laws;
- (b) such issue or transfer does not result in a violation of the 1933 Act or the securities laws of any of the states of the United States;
- (c) such issue or transfer will not require the ICAV to register under the 1940 Act or to file a prospectus with the US Commodity Futures Trading Commission or the US National Futures Association pursuant to regulations under the US Commodity Exchange Act;

- (d) such issue or transfer will not cause any assets of the Fund to be “plan assets” for the purposes of ERISA; and
- (e) such issue or transfer will not result in any adverse regulatory or tax consequences to the Fund or its Shareholders as a whole.

Each applicant for, and transferee of, Shares who is a US Person will be required to provide such representations, warranties or documentation as may be required by the Directors to ensure that these requirements are met prior to the issue or the registration of any transfer of Shares. If the transferee is not already a Shareholder, it will be required to complete the Application Form.

FATCA

FATCA represents an expansive information reporting regime enacted by the United States (“US”) aimed at ensuring that US persons with financial assets outside the US are paying the correct amount of US tax. Investors should note that the ICAV intends to take such steps as may be required to satisfy any obligations imposed by FATCA or any provisions imposed under Irish law arising from the coming into force of the Irish IGA so as to ensure compliance or deemed compliance (as the case may be) with FATCA and/or any provisions imposed under Irish law arising from the IGA. In this regard, investors should note that they may be required to provide the ICAV and/or the Administrator at such times as each of them may request such declarations, certificates, documents, information etc. required for these purposes. To the extent the ICAV does suffer US withholding tax on its investments as a result of FATCA, the Directors may take any action in relation to an investor's investment in the ICAV to ensure that such withholding is economically borne by the relevant investor whose failure to provide the necessary information or to become a participating FFI gave rise to the withholding. Please see section entitled “**Compliance with US reporting and withholding requirements**” for further detail.

Joint Shareholders

In the case of joint holdings, and unless specifically stated in writing at the time of the application and unless authorisation to the contrary has been received from the other joint Shareholders, all registered joint Shareholders must sign any and all documents or give instructions in connection with that holding.

Redemption of Shares

Requests for the redemption of Shares should be made to the Administrator and may be submitted by post, fax, pdf attached to any email or Swift as may be permitted by the Directors in consultation with the Manager and the Investment Manager and agreed with the Administrator. Redemption requests should be made by submitting a completed Redemption Form to the ICAV care of the Administrator. Redemption Forms may be submitted by post, fax, pdf attached to any email or Swift. Redemption Forms received prior to the Fund's Dealing Deadline for any Dealing Day will be processed as at that Dealing Day. Any Redemption Forms received after the Fund's Dealing Deadline for a Dealing Day will normally be processed on the next Dealing Day. Redemption Forms received after the Fund's Dealing Deadline but prior to the Valuation Point will only be accepted in exceptional circumstances, as determined and agreed by the Directors in consultation with the Manager and the Investment Manager.

Please note the restrictions on payment of redemption proceeds as described in the section “**Application for Shares**” in relation to receipt of documentation and completion of all AML procedures.

Subject to satisfaction of all of the requirements of the Administrator (including but not limited to receipt of all documentation required by the Administrator for anti-money laundering purposes) the original redemption request will not be required prior to payment of redemption proceeds.

Method of Payment

Redemption payments will be made to the bank account detailed on the Application Form or as subsequently notified to the Administrator appropriately authorised in writing. Redemption payments will only be made to the account of record of a Shareholder.

Currency of Payment

Shareholders will normally be repaid in the currency of denomination of the relevant Class from which the Shareholder has redeemed Shares.

Redemptions in Specie

The ICAV may, at the discretion of the Directors and with the consent of the relevant Shareholders, satisfy any request for redemption of Shares by the transfer in specie to those Shareholders of assets of the Fund having a value equal to the value of the Shares redeemed as if the redemption proceeds were paid in cash less any Redemption Fee and other expenses of the transfer as the Directors may determine.

A determination to provide redemption in specie is solely at the discretion of the ICAV where the redeeming Shareholder requests a redemption that represents 5% or more of the Net Asset Value of the Fund.

If the ICAV determines to satisfy a redemption request with an in specie transfer of assets, the Shareholder requesting redemption shall be entitled to request, in lieu of the transfer, the sale of any asset or assets proposed to be distributed in specie and the distribution to such Shareholder of the cash proceeds of such sale, less the costs of such sale which shall be borne by the relevant Shareholder.

The nature and type of assets to be transferred in specie to each Shareholder shall be determined by the Directors or their delegate (subject to the approval of the Depositary as to the allocation of assets) on such basis as the Directors or their delegate in their discretion shall deem equitable. The redemption of Shares on an in specie basis may only be accepted if the Depositary is satisfied that the terms of the exchange will not be such as are likely to result in any material prejudice to the Shareholders in the Fund.

Redemption Limit

Unless otherwise disclosed in the Supplement, the limitations on redemptions set out below shall be applicable to the relevant Fund.

Where in respect of any Fund to which these redemption limits apply, the total requests for redemption on any Dealing Day exceed at least 10% of the total number of Shares in the Fund or at least 10% of the Net Asset Value of the Fund and the Directors, in consultation with the Manager and the Investment

Manager, decide to refuse to redeem any Shares in excess of 10% of the total number of Shares in the Fund or 10% of the Net Asset Value of the Fund or such higher percentage that the Directors may determine, the ICAV shall reduce pro rata any request for redemption on that Dealing Day and shall treat the redemption requests as if they were received on each subsequent Dealing Day until all the Shares to which the original request related have been redeemed.

Compulsory Redemption of Shares / Deduction of Tax

Shareholders are required to notify the Administrator immediately if they become an Ineligible Applicant (as described above) or persons who are otherwise subject to restrictions on ownership as set out herein in which Shareholders may be required to redeem or transfer their Shares.

The Directors, in consultation with the Manager, may compulsorily redeem any Shares which are or become owned, directly or indirectly, by or for the benefit of any person in breach of any restrictions on ownership from time to time as set out herein or if the holding of Shares in the following circumstances:

- (i) any person in breach of the law or requirements of any country or governmental authority by virtue of which such person is not qualified to hold Shares including without limitation any exchange control regulations;
- (ii) a person who is, or any person who has acquired such Shares on behalf of, or for the benefit of US Person in contravention of applicable laws and regulations;
- (iii) any person, whose holding would cause or be likely to cause the ICAV to be required to register as an “investment company” under the United States Investment Company Act of 1940 or to register any class of its securities under the Securities Act or similar statute;
- (iv) any person or persons in circumstances (whether directly or indirectly affecting such person or persons and whether taken alone or in conjunction with any other person or persons connected or not, or any other circumstances appearing to the Directors to be relevant) which in the opinion of the Directors might result in the ICAV or any Fund or Shareholders of the ICAV or Fund as a whole incurring any liability to taxation or suffering any tax, legal, pecuniary, regulatory liability or material administrative disadvantage which the ICAV, the Fund or the Shareholders or any of them might not otherwise have incurred or suffered;
- (v) any person who does not supply any information or declarations required by the Directors within seven days of a request to do so by the Directors;
- (vi) any person who, otherwise than as a result of depreciation in the value of his holding, holds less than the Minimum Holding for a particular Fund or Class of Participating Shares; or
- (vii) any person who is an Ineligible Applicant.

In all cases of compulsory redemption, the Directors retain the right to determine the Dealing Day for the redemption.

The ICAV may apply the proceeds of such compulsory redemption in the discharge of any taxation or withholding tax arising to the ICAV as a result of the holding or beneficial ownership of Shares by a Shareholder who has become an Ineligible Applicant including any interest or penalties payable thereon.

Shares will not receive or be credited with any dividend declared on or after the relevant Dealing Day on which they were redeemed.

Total Redemption of Shares

All of the Shares of any Class or any Fund may be redeemed:

- (a) if the ICAV gives not less than four nor more than twelve weeks' notice expiring on a Dealing Day to Shareholders of its intention to redeem such Shares; or
- (b) if the Shareholders of 75% in value of the relevant Class or Fund resolve at a meeting of the Shareholders duly convened and held that such Shares should be redeemed.

The Directors, in consultation with the Manager, may resolve in their absolute discretion to retain sufficient monies prior to effecting a total redemption of Shares to cover the costs associated with the subsequent termination of a Fund or the liquidation of the ICAV.

Conversion of Shares

Subject to the Initial Subscription and Minimum Holding requirements of the relevant Fund or Classes and any other restrictions set down in the relevant Supplement, Shareholders may request conversion of some or all of their Shares in one Fund or Class (the "**Original Fund**") to Shares in another Fund or Class or another Class in the same Fund (the "**New Fund**") in accordance with the formula and procedures specified below.

Requests for conversion of Shares should be made to the ICAV care of the Administrator by facsimile or pdf attached to any email (in such format or method as shall be permitted by the Directors and agreed in advance with the Administrator and subject to and in accordance with the requirements of the Administrator) and should include such information as may be specified from time to time by the Directors or their delegate.

Requests for conversion should be received prior to the earlier of the relevant Dealing Deadline for redemptions in the Original Fund and the relevant Dealing Deadline for subscriptions in the New Fund.

Conversion requests received after the relevant Dealing Deadline will only be accepted in exceptional circumstances as determined and agreed by the Directors and having regard to the equitable treatment of Shareholders.

Conversion requests will only be accepted where cleared funds and completed documents are in place from original subscriptions.

Where a conversion request would result in a Shareholder holding a number of Shares of either the Original Fund or the New Fund which would be less than the Minimum Holding for the relevant Fund,

the ICAV or its delegate may, if it thinks fit, convert the whole of the holding in the Original Fund to Shares in the New Fund or refuse to effect any conversion from the Original Fund.

Fractions of Shares which shall not be less than 0.0001 of a Share may be issued by the ICAV on conversion where the value of Shares converted from the Original Fund are not sufficient to purchase an integral number of Shares in the New Fund and any balance representing less than 0.0001 of a Share will be retained by the ICAV.

The number of Shares of the New Fund to be issued will be calculated in accordance with the following formula:

$$S = \frac{(R \times RP \times ER) - F}{SP}$$

where

“S” is the number of Shares of the New Fund to be allotted.

“R” is the number of Shares in the Original Fund to be redeemed.

“RP” is the Redemption Price per Share of the Original Fund for the relevant Dealing Day.

“ER” is the currency conversion factor (if any) as determined by the Administrator.

“F” is the conversion charge (if any) of up to 1% of the Net Asset Value of the Shares in the Original Fund.

“SP” is the Subscription Price per Share of the New Fund for the relevant Dealing Day.

Withdrawal of Conversion Requests

Conversion requests may not be withdrawn save with the written consent of the Directors or its authorised agent or in the event of a suspension of calculation of the Net Asset Value of the Funds in respect of which the conversion request was made.

Net Asset Value and Valuation of Assets

Unless otherwise provided in a particular Supplement, the methodology used to determine the Net Asset Value of each Fund and Class and Share of each Fund shall be as set out below.

The Net Asset Value of the Fund and each Class will be calculated by the Administrator as at the Valuation Point with respect to each Valuation Day in accordance with the Instrument. The Net Asset Value of the Fund shall be determined as at the Valuation Point for the relevant Valuation Day by valuing the assets of the Fund (including income accrued but not collected) and deducting the liabilities of the Fund (including a provision for Duties and Charges, accrued expenses and fees, including those to be incurred in the event of a subsequent termination of the Fund or liquidation of the ICAV and all other liabilities). The Net Asset Value attributable to a Class shall be determined as at the Valuation Point for

the relevant Valuation Day by calculating that portion of the Net Asset Value of the Fund attributable to the relevant Class as at the Valuation Point subject to adjustment to take account of assets and/or liabilities attributable to the Class. The Net Asset Value of the Fund will be expressed in the Base Currency of the Fund, or in such other currency as the Manager in consultation with the Directors may determine either generally or in relation to a particular Class or in a specific case.

The Net Asset Value per Share shall be calculated as at the Valuation Point on or with respect to each Valuation Day by dividing the Net Asset Value of the Fund or attributable to a Class by the total number of Shares in issue, or deemed to be in issue, in the Fund or Class at the relevant Valuation Point.

In determining the Net Asset Value of the Fund:

- (a) Securities which are listed or traded on a Regulated Market save as hereinafter provided at (g) will be valued at the closing (bid, offer or mid, as appropriate to each Fund and as disclosed in the relevant Supplement) or, if no closing price is available, at the last known market prices. Where a security is listed or traded on more than one Regulated Market the relevant exchange or market shall be the one that constitutes the main market or the one which the Manager in consultation with the Directors determine provides the fairest criteria in determining a value for the relevant securities. Securities listed or traded on a Regulated Market, but acquired or traded at a premium or at a discount outside or off the relevant exchange or market may be valued taking into account the level of premium or discount at the Valuation Point.
- (b) Securities which are listed or traded on a Regulated Market where the market price is unrepresentative or not available, and unlisted securities, shall be valued at the probable realisation value estimated with care and good faith by;
 - (i) the Manager in consultation with the Directors; or
 - (ii) a competent person appointed by the Manager in consultation with the Directors and approved for the purpose by the Depositary; or
 - (iii) by any other means provided the value is approved by the Depositary.

Fixed income securities may be valued by any of the persons listed in (i), (ii) or (iii) immediately above using matrix pricing (i.e. valuing securities by reference to the valuation of other securities which are considered comparable in rating, yield, due date and other characteristics) where reliable market quotations are not available.

- (c) Cash in hand or on deposit will be valued at its face/nominal value plus accrued interest, where applicable, to the end of the relevant day on which the Valuation Point occurs.
- (d) Exchange traded futures and options contracts (including futures and options on indices) which are dealt in on a Regulated Market shall be valued based on the settlement price as determined by the market where the exchange traded future/option contract is traded. If the settlement price is not available, the contract shall be valued at the probable realisation value estimated with care and in good faith by (i) the Manager in consultation with the Directors; or (ii) a competent person appointed by the Manager in consultation with the Directors and approved for the purpose by the Depositary; or (iii) any other means provided that the value is approved by the Depositary.

- (e) OTC derivative contracts which are not traded on a Regulated Market and are not cleared by a clearing counterparty shall be valued on the basis of the mark to market value of the derivative contract or, if market conditions prevent marking to market, reliable and prudent marking to model may be used. OTC derivative contracts which are not traded on a Regulated Market and which are cleared by a clearing counterparty shall be valued on the basis of a quotation provided at least as frequently as the relevant Fund calculates its Net Asset Value by the relevant counterparty and verified at least monthly by a party independent of the counterparty, including the Investment Manager, or another independent party which is approved for such purpose by the Depositary.
- (f) Forward foreign exchange contracts shall be valued in the same manner as derivative contracts which are not traded in a Regulated Market or by reference to the price at the Valuation Point at which a new forward contract of the same size and maturity could be undertaken.
- (g) Notwithstanding paragraph (a) above units in collective investment schemes shall be valued at the latest available net asset value per unit or bid price as published by the relevant collective investment scheme. Valuation on a mid price or offer price is acceptable if consistent with the valuation policy. The Manager in consultation with the Directors may in accordance with (a) above undertake a valuation based on market prices where the investment fund in which the investment is made is listed on a Regulated Market.
- (h) Where it is not the intention or objective of the Manager to apply amortised cost valuation to the portfolio of a Fund as a whole, a Money Market Instrument within such a portfolio shall only be valued on an amortised basis if the Money Market Instrument has a residual maturity of less than three months and does not have any specific sensitivity to market parameters, including credit risk.
- (i) The value of any asset may be adjusted by the Manager in consultation with the Directors where an adjustment is considered necessary to reflect the fair value in the context of currency, marketability, dealing costs and/or such other considerations as are deemed relevant.
- (j) Any value expressed otherwise than in the Base Currency of the Fund shall be converted into the Base Currency of the Fund at the prevailing exchange rate as of the Valuation Point which is available to the Administrator and which is normally obtained from Bloomberg or Reuters or an equivalent data provider.
- (k) A particular asset valuation may be carried out using an alternative method of valuation if the Manager in consultation with the Directors deem it necessary and the alternative method must be approved by the Depositary and the rationale/methodologies shall be clearly documented.

Swing pricing

Subscriptions or redemptions in a Fund or Share Class can create dilution of the Fund's or the Share Class's assets if Shareholders subscribe or redeem at a price that does not necessarily reflect the real dealing and other costs that arise when the Investment Manager buys or sells assets to accommodate net subscriptions or net redemptions. In order to protect the interests of the existing Shareholders of a Fund or a Share Class, a swing pricing mechanism may be adopted as appropriate if disclosed, and as further described, in the Supplement of the Fund. If the net subscriptions and redemptions based on the

last available Net Asset Value on any Valuation Day exceed a certain threshold of the value of a Fund or a Share Class on that Valuation Day, as determined and reviewed on a periodic basis by the Manager in consultation with the Investment Manager, the asset value may be adjusted respectively upwards or downwards to reflect the dealing and other costs that may be deemed to be incurred in buying or selling assets to satisfy net daily transactions. The Manager may, in consultation with the Directors and the Investment Manager, apply a swing pricing mechanism across any Fund or Share Class as described in the Supplement of the relevant Fund. The extent of the price adjustment will be set by the Directors to reflect estimated dealing and other costs and will not exceed 2% of the Net Asset Value.

Publication of Net Asset Value per Share

Except where the determination of the Net Asset Value of the Fund, the Net Asset Value per Share and/or the issue and repurchase prices have been temporarily suspended in the circumstances described in the section of the Prospectus headed “**Suspension of Valuation of Assets**”, the Net Asset Value per Share of each Class of the Fund and the issue and repurchase prices of the Shares on each Subscription Day and Redemption Day will be available from the Administrator on each Dealing Day during normal business hours and is published on Bloomberg. The Net Asset Value per Share published on Bloomberg will be up to date.

Suspension of Valuation of Assets

The Directors may at any time and from time to time temporarily suspend the determination of the Net Asset Value of any Fund or attributable to a Class and the issue, conversion and redemption of Shares in any Fund or Class:

- (a) during the whole or part of any period (other than for ordinary holidays or customary weekends) when any of the Regulated Market on which the relevant Fund's Financial Instruments are quoted, listed, traded or dealt are closed or during which dealings therein are restricted or suspended or trading is suspended or restricted; or
- (b) during the whole or part of any period when circumstances outside the control of the Directors exist as a result of which any disposal or valuation of Financial Instruments of the Fund is not reasonably practicable or would be detrimental to the interests of Shareholders or it is not possible to transfer monies involved in the acquisition or disposition of Financial Instruments to or from the relevant account of the ICAV; or
- (c) during the whole or any part of any period when any breakdown occurs in the means of communication normally employed in determining the value of any of the relevant Fund's Financial Instruments; or
- (d) during the whole or any part of any period when for any reason the value of any of the Fund's Financial Instruments cannot be reasonably, promptly or accurately ascertained; or
- (e) during the whole or any part of any period when subscription proceeds cannot be transmitted to or from the account of any Fund or the ICAV is unable to repatriate funds required for making redemption payments (for example in the event of the imposition of exchange controls in an emerging economy in which a Fund is invested) or when such payments cannot, in the opinion of the Directors, be carried out at normal rates of exchange; or

- (f) upon mutual agreement between the ICAV and the Depositary for the purpose of winding up the ICAV or terminating any Fund or Class; or
- (g) during any period when, as a result of political, economic, military or monetary events or any circumstances outside of the control, responsibility and power of the ICAV, disposal or valuation of a substantial portion of the Investments of the relevant Fund is not reasonably practicable without being seriously detrimental to the interests of the Shareholders of the relevant Fund or if, in the opinion of the Directors, the Net Asset Value of the Fund cannot be fairly calculated; or
- (h) if any other reason makes it impossible or impracticable to determine the value of, or to liquidate, a substantial portion of the Financial Instruments or the ICAV or any Fund where the imposition of a deferred redemption schedule (as described in the section entitled “THE SHARES”, under the sub-heading “Redemption of Shares”, under the paragraph headed “Redemption Limit”) is not considered by the Directors to be an appropriate measure to take in the circumstances to protect the best interests of the Shareholders.

Any suspension of valuation shall be notified immediately to the Central Bank and in any event within the working day on which such suspension took effect and shall be communicated to Shareholders. Where possible, all reasonable steps will be taken to bring any period of suspension to an end as soon as possible.

Distributions

The ICAV can issue accumulating Classes and distributing Classes. Please see the relevant Supplement to determine the shares available for each Fund.

Dividends may be paid out of the capital of each Fund or out of the net investment income and/or net realised and unrealised capital gains (i.e. realised and unrealised gains net of realised and unrealised losses) of the Fund. The payment of dividends out of capital may result in the erosion of capital notwithstanding the performance of the ICAV. As a result, distributions may be achieved by foregoing the potential for future capital growth and this cycle may continue until all capital is depleted. Distributions out of capital may have different tax implications to distributions of income - investors should seek advice from their professional advisers in this regard. The rationale for providing for the payment of dividends out of capital is to allow each Fund the ability to maximise the amount distributable to investors who are seeking a higher dividend paying Share Class.

The distribution policy of each Share Classes and Fund is described in the relevant Supplement.

Unclaimed Dividends

Any dividend unclaimed after 6 years from the date it first becomes payable shall be forfeited automatically and will revert to the Fund without the necessity for any declaration or other action by the Directors, the ICAV or the Manager.

Subscription and Redemption Accounts

The ICAV maintains subscription collection accounts and redemption accounts through which subscription and redemption monies or dividends may be paid by and to Shareholders. Such accounts

shall not be subject to the protections of the Central Bank (Supervision and Enforcement) Act, 2013 (Section 48(1)) Investor Money Regulations, 2015 for Fund Service Providers nor any equivalent protections relating to “client money” nor does the ICAV or the financial institution with which the ICAV has opened such accounts hold such monies in trust for the investor. Investors will therefore be exposed as unsecured creditors to the creditworthiness of the institution with which such accounts have been opened. In relation to subscription monies paid to such accounts prior to the relevant Dealing Day as of which Shares are issued to the investor, the investor will also bear a credit risk against the ICAV in respect of the relevant Fund.

The ICAV may open and operate subscription and redemption accounts in the name of the ICAV rather than an individual Fund in which case the segregation of such amounts from liabilities of Funds other than the Fund to which such monies relate is dependent among other things on the correct recording of the assets and liabilities of the individual Funds by the ICAV and its agents.

In the event that an investor defaults on its obligation to settle its subscription proceeds on time, the ICAV shall cancel any Shares that have been issued to the investor and charge the investor interest and other expenses incurred by the Fund. In the event that the ICAV is unable to recoup such amounts from the defaulted investor, the relevant Fund may incur losses or expenses in anticipation of receiving such amounts, for which the relevant Fund, and consequently its Shareholders, may be liable.

Prior to the issue of Shares to the investor, the investor is not a Shareholder and is an unsecured creditor. On redemption, an investor is no longer a Shareholder in the ICAV and is an unsecured creditor.

Shareholders who choose or are obliged under local regulations to pay or receive subscription or redemption monies or dividends via an intermediate entity (e.g. a Paying Agent in a local jurisdiction) bear a credit risk against that intermediate entity with respect to;

- (a) subscription monies prior to the transmission of such monies to the ICAV; and
- (b) redemption monies payable by such intermediate entity to the relevant Shareholder.

5. TAXATION

General

The information given is not exhaustive and does not constitute legal or tax advice. Prospective investors should consult their own professional advisers as to the implications of their subscribing for, purchasing, holding, switching or disposing of Shares under the laws of the jurisdictions in which they may be subject to tax.

The following is a brief summary of certain aspects of Irish taxation law and practice relevant to the transactions contemplated in this Prospectus. It is based on the law and practice and official interpretation currently in effect, all of which are subject to change.

Dividends, interest and capital gains (if any) which any of the Funds receive with respect to their investments (other than securities of Irish issuers) may be subject to taxes, including withholding taxes, in the countries in which the issuers of investments are located. It is anticipated that the ICAV may not be able to benefit from reduced rates of withholding tax in double taxation agreements between Ireland and such countries. If this position changes in the future and the application of a lower rate results in a repayment to the ICAV the Net Asset Value will not be re-stated and the benefit will be allocated to the existing Shareholders rateably at the time of repayment.

Irish Taxation

The Directors have been advised that on the basis that the ICAV is resident in Ireland for taxation purposes the taxation position of the ICAV and the Shareholders is as set out below.

Definitions

For the purposes of this section, the following definitions shall apply.

“Exempt Irish Investor”

- a pension scheme which is an exempt approved scheme within the meaning of Section 774 of the Taxes Act or a retirement annuity contract or a trust scheme to which Section 784 or 785 of the Taxes Act applies;
- a company carrying on life business within the meaning of Section 706 of the Taxes Act;
- an investment undertaking within the meaning of Section 739B(1) of the Taxes Act;
- a special investment scheme within the meaning of Section 737 of the Taxes Act;
- a charity being a person referred to in Section 739D(6)(f)(i) of the Taxes Act;
- a unit trust to which Section 731(5)(a) of the Taxes Act applies;
- a qualifying fund manager within the meaning of Section 784A(1)(a) of the Taxes Act where the Shares held are assets of an approved retirement fund or an approved minimum retirement fund;
- a qualifying management company within the meaning of Section 739B of the Taxes Act;
- an investment limited partnership within the meaning of Section 739J of the Taxes Act;
- a personal retirement savings account (“PRSA”) administrator acting on behalf of a person who is entitled to exemption from income tax and capital gains tax by virtue of Section 787I of the Taxes Act and the Shares are assets of a PRSA;

- a credit union within the meaning of Section 2 of the Credit Union Act, 1997;
- the National Asset Management Agency;
- the National Treasury Management Agency or a Fund investment vehicle (within the meaning of section 37 of the National Treasury Management Agency (Amendment) Act 2014) of which the Minister for Finance is the sole beneficial owner, or the State acting through the National Treasury Management Agency;
- a company which is within the charge to corporation tax in accordance with Section 110(2) of the Taxes Act in respect of payments made to it by the ICAV; or
- any other Irish Resident or persons who are Ordinarily Resident in Ireland who may be permitted to own Shares under taxation legislation or by written practice or concession of the Revenue Commissioners without giving rise to a charge to tax in the ICAV or jeopardising tax exemptions associated with the ICAV giving rise to a charge to tax in the ICAV;

provided that they have correctly completed the Relevant Declaration.

“Intermediary”

means a person who:-

- carries on a business which consists of, or includes, the receipt of payments from an investment undertaking on behalf of other persons; or
- holds shares in an investment undertaking on behalf of other persons.

“Ireland” means the Republic of Ireland

“Irish Resident”

- in the case of an individual, means an individual who is resident in Ireland for tax purposes.
- in the case of a trust, means a trust that is resident in Ireland for tax purposes.
- in the case of a company, means a company that is resident in Ireland for tax purposes.

An individual will be regarded as being resident in Ireland for a tax year if he/she is present in Ireland: (1) for a period of at least 183 days in that tax year; or (2) for a period of at least 280 days in any two consecutive tax years, provided that the individual is present in Ireland for at least 31 days in each period. In determining days present in Ireland, an individual is deemed to be present if he/she is in Ireland at any time during the day. This test took effect from 1 January 2009 (previously in determining days present in Ireland an individual was deemed to be present if he/she was in Ireland at the end of the day (midnight)).

A trust will generally be Irish resident where the trustee is resident in Ireland or a majority of the trustees (if more than one) are resident in Ireland.

A company which has its central management and control in Ireland is resident in Ireland irrespective of where it is incorporated. A company which does not have its central management and control in Ireland but which is incorporated in Ireland is resident in Ireland except where:-

- the company or a related company carries on a trade in Ireland, and either the company is ultimately controlled by persons resident in EU Member States or in countries with which Ireland has a double taxation treaty, or the company or a related company are quoted companies on a recognised Stock Exchange in the EU or in a treaty country under a double taxation treaty between Ireland and that country. This exception does not apply where it would result in an Irish incorporated company that is managed and controlled in a relevant territory (other than Ireland), but would not be resident in that relevant territory as it is not incorporated there, not being resident for tax purposes in any territory.

or

- the company is regarded as not resident in Ireland under a double taxation treaty between Ireland and another country.

The Finance Act 2014 amended the above residency rules for companies incorporated on or after 1 January 2015. These new residency rules will ensure that companies incorporated registered in Ireland and also companies not so incorporated but that are managed and controlled in Ireland, will be tax resident in Ireland except to the extent that the company in question is, by virtue of a double taxation treaty between Ireland and another country, regarded as resident in a territory other than Ireland (and thus not resident in Ireland). For companies incorporated before this date these new rules will not come into effect until 1 January 2021 (except in limited circumstances).

It should be noted that the determination of a company's residence for tax purposes can be complex in certain cases and potential investors are referred to the specific legislative provisions that are contained in Section 23A of the Taxes Act.

"Ordinarily Resident in Ireland"

- in the case of an individual, means an individual who is ordinarily resident in Ireland for tax purposes
- in the case of a trust, means a trust that is ordinarily resident in Ireland for tax purposes.

An individual will be regarded as ordinarily resident for a particular tax year if he/she has been Irish Resident for the three previous consecutive tax years (i.e. he/she becomes ordinarily resident with effect from the commencement of the fourth tax year). An individual will remain ordinarily resident in Ireland until he/she has been non-Irish Resident for three consecutive tax years. Thus, an individual who is resident and ordinarily resident in Ireland in the tax year January 1, 2017 to December 31, 2017 and departs from Ireland in that tax year will remain ordinarily resident up to the end of the tax year January 1, 2020 to December 31, 2020.

The concept of a trust's ordinary residence is somewhat obscure and linked to its tax residence.

"Ireland" means the Republic of Ireland

"Recognised Clearing System"

means any clearing system listed in Section 246A of the Taxes Act (including, but not limited to, Euroclear, Clearstream Banking AG, Clearstream Banking SA and CREST) or any other system for clearing

shares which is designated for the purposes of Chapter 1A in Part 27 of the Taxes Act, by the Irish Revenue Commissioners, as a recognised clearing system.

“Relevant Declaration”

means the declaration relevant to the Shareholder as set out in Schedule 2B of the Taxes Act.

“Relevant Period”

means a period of 8 years beginning with the acquisition of a Share by a Shareholder and each subsequent period of 8 years beginning immediately after the preceding Relevant Period.

“Taxes Act”, The Taxes Consolidation Act, 1997 (of Ireland) as amended.

Taxation of the ICAV

The Directors have been advised that, under current Irish law and practice, the ICAV qualifies as an investment undertaking as defined in Section 739B of the Taxes Act, so long as the ICAV is resident in Ireland. Accordingly the ICAV is not chargeable to Irish tax on its income and gains.

However, tax can arise on the happening of a “chargeable event” in the ICAV. A chargeable event includes any distribution payments to Shareholders or any encashment, redemption, cancellation, transfer or deemed disposal (a deemed disposal will occur at the expiration of a Relevant Period) of Shares or the appropriation or cancellation of Shares of a Shareholder by the ICAV for the purposes of meeting the amount of tax payable on a gain arising on a transfer. No tax will arise on the ICAV in respect of chargeable events in respect of a Shareholder who is neither Irish Resident nor Ordinarily Resident in Ireland at the time of the chargeable event provided that a Relevant Declaration is in place and the ICAV is not in possession of any information which would reasonably suggest that the information contained therein is no longer materially correct. In the absence of either a Relevant Declaration or the ICAV satisfying and availing of equivalent measures (see paragraph headed “*Equivalent Measures*” below) there is a presumption that the investor is Irish Resident or Ordinarily Resident in Ireland. A chargeable event does not include:

- An exchange by a Shareholder, effected by way of an arms-length bargain where no payment is made to the Shareholder, of Shares in the ICAV for other Shares in the ICAV;
- Any transactions (which might otherwise be a chargeable event) in relation to shares held in a recognised clearing system as designated by order of the Irish Revenue Commissioners;
- A transfer by a Shareholder of the entitlement to Shares where the transfer is between spouses and former spouses, subject to certain conditions; or
- An exchange of Shares arising on a qualifying amalgamation or reconstruction (within the meaning of Section 739H of the Taxes Act) of the ICAV with another investment undertaking.

If the ICAV becomes liable to account for tax if a chargeable event occurs, the ICAV shall be entitled to deduct from the payment arising on a chargeable event an amount equal to the appropriate tax and/or where applicable, to appropriate or cancel such number of Shares held by the Shareholder or the beneficial owner of the Shares as are required to meet the amount of tax. The relevant Shareholder shall indemnify and keep the ICAV indemnified against loss arising to the ICAV by reason of the ICAV

becoming liable to account for tax on the happening of a chargeable event if no such deduction, appropriation or cancellation has been made.

Dividends received by the ICAV from investment in Irish equities may be subject to Irish dividend withholding tax at the standard rate of income tax (currently 20%). However, the ICAV can make a declaration to the payer that it is a collective investment undertaking beneficially entitled to the dividends which will entitle the ICAV to receive such dividends without deduction of Irish dividend withholding tax.

Stamp Duty

No stamp duty is payable in Ireland on the issue, transfer, repurchase or redemption of Shares in the ICAV. Where any subscription for or redemption of Shares is satisfied by the in specie transfer of securities, property or other types of assets, Irish stamp duty may arise on the transfer of such assets.

No Irish stamp duty will be payable by the ICAV on the conveyance or transfer of stock or marketable securities provided that the stock or marketable securities in question have not been issued by a company registered in Ireland and provided that the conveyance or transfer does not relate to any immovable property situated in Ireland or any right over or interest in such property or to any stocks or marketable securities of a company (other than a company which is an investment undertaking within the meaning of Section 739B (1) of the Taxes Act or a “qualifying company” within the meaning of Section 110 of the Taxes Act) which is registered in Ireland.

Shareholders Tax

Shares which are held in a Recognised Clearing System

Any payments to a Shareholder or any encashment, redemption, cancellation or transfer of Shares held in a Recognised Clearing System will not give rise to a chargeable event in the ICAV (there is however ambiguity in the legislation as to whether the rules outlined in this paragraph with regard to Shares held in a Recognised Clearing System, apply in the case of chargeable events arising on a deemed disposal, therefore, as previously advised, Shareholders should seek their own tax advice in this regard). Thus the ICAV will not have to deduct any Irish taxes on such payments regardless of whether they are held by Shareholders who are Irish Residents or Ordinarily Resident in Ireland, or whether a non-resident Shareholder has made a Relevant Declaration. However, Shareholders who are Irish Resident or Ordinarily Resident in Ireland or who are not Irish Resident or Ordinarily Resident in Ireland but whose Shares are attributable to a branch or agency in Ireland may still have a liability to account for Irish tax on a distribution or encashment, redemption or transfer of their Shares.

To the extent any Shares are not held in a Recognised Clearing System at the time of a chargeable event (and subject to the discussion in the previous paragraph relating to a chargeable event arising on a deemed disposal), the following tax consequences will typically arise on a chargeable event.

Shareholders who are neither Irish Residents nor Ordinarily Resident in Ireland

The ICAV will not have to deduct tax on the occasion of a chargeable event in respect of a Shareholder if (a) the Shareholder is neither Irish Resident nor Ordinarily Resident in Ireland, (b) the Shareholder has made a Relevant Declaration on or about the time when the Shares are applied for or acquired by the

Shareholder and (c) the ICAV is not in possession of any information which would reasonably suggest that the information contained therein is no longer materially correct. In the absence of either a Relevant Declaration (provided in a timely manner) or the ICAV satisfying and availing of equivalent measures (see paragraph headed "*Equivalent Measures*" below) tax will arise on the happening of a chargeable event in the ICAV regardless of the fact that a Shareholder is neither Irish Resident nor Ordinarily Resident in Ireland. The appropriate tax that will be deducted is as described below.

To the extent that a Shareholder is acting as an Intermediary on behalf of persons who are neither Irish Resident nor Ordinarily Resident in Ireland no tax will have to be deducted by the ICAV on the occasion of a chargeable event provided that either (i) the ICAV satisfied and availed of the equivalent measures or (ii) the Intermediary has made a Relevant Declaration that he/she is acting on behalf of such persons and the ICAV is not in possession of any information which would reasonably suggest that the information contained therein is no longer materially correct.

Shareholders who are neither Irish Residents nor Ordinarily Resident in Ireland and either (i) the ICAV has satisfied and availed of the equivalent measures or (ii) such Shareholders have made Relevant Declarations in respect of which the ICAV is not in possession of any information which would reasonably suggest that the information contained therein is no longer materially correct, will not be liable to Irish tax in respect of income from their Shares and gains made on the disposal of their Shares. However, any corporate Shareholder which is not Irish Resident and which holds Shares directly or indirectly by or for a trading branch or agency in Ireland will be liable to Irish tax on income from their Shares or gains made on disposals of the Shares.

Where tax is withheld by the ICAV on the basis that no Relevant Declaration has been filed with the ICAV by the Shareholder, Irish legislation provides for a refund of tax only to companies within the charge to Irish corporation tax, to certain incapacitated persons and in certain other limited circumstances.

Shareholders who are Irish Residents or Ordinarily Resident in Ireland

Unless a Shareholder is an Exempt Irish Investor and makes a Relevant Declaration to that effect and the ICAV is not in possession of any information which would reasonably suggest that the information contained therein is no longer materially correct or unless the Shares are purchased by the Courts Service, tax at the rate of 41% (25% where the Shareholder is a company and an appropriate declaration is in place) will be required to be deducted by the ICAV from a distribution (where payments are made annually or at more frequent intervals) to a Shareholder who is Irish Resident or Ordinarily Resident in Ireland. Similarly, tax at the rate of 41% (25% where the Shareholder is a company and an appropriate declaration is in place) will have to be deducted by the ICAV on any other distribution or gain arising to the Shareholder (other than an Exempt Irish Investor who has made a Relevant Declaration) on an encashment, redemption, cancellation, transfer or deemed disposal (see below) of Shares by a Shareholder who is Irish Resident or Ordinarily Resident in Ireland.

The Finance Act 2006 introduced rules (which were subsequently amended by the Finance Act 2008) in relation to an automatic exit tax for Shareholders who are Irish Resident or Ordinarily Resident in Ireland in respect of Shares held by them in the ICAV at the ending of a Relevant Period. Such Shareholders (both companies and individuals) will be deemed to have disposed of their Shares ("deemed disposal") at the expiration of that Relevant Period and will be charged to tax at the rate of 41% (25% where the Shareholder is a company and an appropriate declaration is in place) on any deemed gain (calculated

without the benefit of indexation relief) accruing to them based on the increased value (if any) of the Shares since purchase or since the previous exit tax applied, whichever is later.

For the purposes of calculating if any further tax arises on a subsequent chargeable event (other than chargeable events arising from the ending of a subsequent Relevant Period or where payments are made annually or at more frequent intervals), the preceding deemed disposal is initially ignored and the appropriate tax calculated as normal. Upon calculation of this tax, credit is immediately given against this tax for any tax paid as a result of the preceding deemed disposal. Where the tax arising on the subsequent chargeable event is greater than that which arose on the preceding deemed disposal, the ICAV will have to deduct the difference. Where the tax arising on the subsequent chargeable event is less than that which arose on the preceding deemed disposal, the ICAV will refund the Shareholder for the excess (subject to the paragraph headed “15% threshold” below).

10% Threshold

The ICAV will not have to deduct tax (“exit tax”) in respect of this deemed disposal where the value of the chargeable shares (i.e. those Shares held by Shareholders to whom the declaration procedures do not apply) in the ICAV (or Fund) is less than 10% of the value of the total Shares in the ICAV (or the Fund) and the ICAV has made an election to report certain details in respect of each affected Shareholder to Revenue (the “Affected Shareholder”) in each year that the de minimus limit applies. In such a situation the obligation to account for the tax on any gain arising on a deemed disposal will be the responsibility of the Shareholder on a self-assessment basis (“self-assessors”) as opposed to the ICAV or Fund (or their service providers). The ICAV is deemed to have made the election to report once it has advised the Affected Shareholders in writing that it will make the required report.

15 % Threshold

As previously stated where the tax arising on the subsequent chargeable event is less than that which arose on the preceding deemed disposal (e.g. due to a subsequent loss on an actual disposal), the ICAV will refund the Shareholder the excess. Where however immediately before the subsequent chargeable event, the value of chargeable shares in the ICAV (or Fund) does not exceed 15% of the value of the total Shares, the ICAV may elect to have any excess tax arising repaid directly by Revenue to the Shareholder. The ICAV is deemed to have made this election once it notifies the Shareholder in writing that any repayment due will be made directly by Revenue on receipt of a claim by the Shareholder.

Other

To avoid multiple deemed disposal events for multiple Shares an irrevocable election under Section 739D(5B) can be made by the ICAV to value the Shares held at the June 30 or December 31 of each year prior to the deemed disposal occurring. While the legislation is ambiguous, it is generally understood that the intention is to permit a fund to group shares in six month batches and thereby make it easier to calculate the exit tax by avoiding having to carry out valuations at various dates during the year resulting in a large administrative burden.

The Irish Revenue Commissioners have provided updated investment undertaking guidance notes which deal with the practical aspects of how the above calculations/objectives will be accomplished.

Shareholders (depending on their own personal tax position) who are Irish Resident or Ordinarily Resident in Ireland may still be required to pay tax or further tax on a distribution or gain arising on an

encashment, redemption, cancellation, transfer or deemed disposal of their Shares. Alternatively they may be entitled to a refund of all or part of any tax deducted by the ICAV on a chargeable event.

Equivalent Measures

The Finance Act 2010 ("Act") introduced measures commonly referred to as equivalent measures to amend the rules with regard to Relevant Declarations. The position prior to the Act was that no tax would arise on an investment undertaking with regard to chargeable events in respect of a shareholder who was neither Irish Resident nor Ordinarily Resident in Ireland at the time of the chargeable event, provided that a Relevant Declaration was in place and the investment undertaking was not in possession of any information which would reasonably suggest that the information contained therein was no longer materially correct. In the absence of a Relevant Declaration there was a presumption that the investor was Irish Resident or Ordinarily Resident in Ireland. The Act however contained provisions that permit the above exemption in respect of shareholders who are not Irish Resident nor Ordinarily Resident in Ireland to apply where the investment undertaking is not actively marketed to such investors and appropriate equivalent measures are put in place by the investment undertaking to ensure that such shareholders are not Irish Resident nor Ordinarily Resident in Ireland and the investment undertaking has received approval from the Revenue Commissioners in this regard.

Personal Portfolio Investment Undertaking

The Finance Act 2007 introduced provisions regarding the taxation of Irish Resident individuals or Ordinarily Resident in Ireland individuals who hold shares in investment undertakings. These provisions introduced the concept of a personal portfolio investment undertaking ("PPIU"). Essentially, an investment undertaking will be considered a PPIU in relation to a specific investor where that investor can influence the selection of some or all of the property held by the investment undertaking either directly or through persons acting on behalf of or connected to the investor. Depending on individuals' circumstances, an investment undertaking may be considered a PPIU in relation to some, none or all individual investors i.e. it will only be a PPIU in respect of those individuals' who can "influence" selection. Any gain arising on a chargeable event in relation to an investment undertaking which is a PPIU in respect of an individual on or after February 20, 2007, will be taxed at the rate of 60%. Specific exemptions apply where the property invested in has been widely marketed and made available to the public or for non-property investments entered into by the investment undertaking. Further restrictions may be required in the case of investments in land or unquoted shares deriving their value from land.

Reporting

Pursuant to Section 891C of the Taxes Act and the Return of Values (Investment Undertakings) Regulations 2013, the ICAV is obliged to report certain details in relation to Shares held by investors to the Revenue Commissioners on an annual basis. The details to be reported include the name, address and date of birth if on record of, and the value of the Shares held by, a Shareholder. In respect of Shares acquired on or after 1 January 2014, the details to be reported also include the tax reference number of the Shareholder (being an Irish tax reference number or VAT registration number, or in the case of an individual, the individual's PPS number) or, in the absence of a tax reference number, a marker indicating that this was not provided. No details are to be reported in respect of Shareholders who are;

- Exempt Irish Residents (as defined above);

- Shareholders who are neither Irish Resident nor Ordinarily Resident in Ireland (provided the relevant declaration has been made); or
- Shareholders whose Shares are held in a recognised clearing system.

Capital Acquisitions Tax

The disposal of Shares may be subject to Irish gift or inheritance tax (Capital Acquisitions Tax). However, provided that the ICAV falls within the definition of investment undertaking (within the meaning of Section 739B (1) of the Taxes Act), the disposal of Shares by a Shareholder is not liable to Capital Acquisitions Tax provided that (a) at the date of the gift or inheritance, the donee or successor is neither domiciled nor Ordinarily Resident in Ireland; (b) at the date of the disposition, the Shareholder disposing (“disponer”) of the Shares is neither domiciled nor Ordinarily Resident in Ireland; and (c) the Shares are comprised in the gift or inheritance at the date of such gift or inheritance and at the valuation date.

With regard to Irish tax residency for Capital Acquisitions Tax purposes, special rules apply for non-Irish domiciled persons. A non-Irish domiciled donee or disponer will not be deemed to be resident or ordinarily resident in Ireland at the relevant date unless;

- i) that person has been resident in Ireland for the 5 consecutive years of assessment immediately preceding the year of assessment in which that date falls; and
- ii) that person is either resident or ordinarily resident in Ireland on that date.

Compliance with US reporting and withholding requirements

FATCA will generally impose a withholding tax of up to 30% with respect to certain US source income (including dividends and interest) and gross proceeds from the sale or other disposal of property that can produce US source interest or dividends paid to a foreign financial institution (“**FFI**”) unless the FFI enters directly into a contract (“**FFI agreement**”) with the US Internal Revenue Service (“**IRS**”) or alternatively the FFI is located in a IGA country (please see below). An FFI agreement will impose obligations on the FFI including disclosure of certain information about US investors directly to the IRS and the imposition of withholding tax in the case of non-compliant investors. For these purposes the ICAV would fall within the definition of a FFI for the purpose of FATCA.

In recognition of both the fact that the stated policy objective of FATCA is to achieve reporting (as opposed to being solely the collecting of withholding tax) and the difficulties which may arise in certain jurisdictions with respect to compliance with FATCA by FFIs, the US has developed an intergovernmental approach to the implementation of FATCA. In this regard the Irish and US Governments signed an intergovernmental agreement (“**Irish IGA**”) on the December 21, 2012 and provisions were included in Finance Act 2013 for the implementation of the Irish IGA and also to permit regulations to be made by the Irish Revenue Commissioners with regard to registration and reporting requirements arising from the Irish IGA. In this regard, the Revenue Commissioners (in conjunction with the Department of Finance) have issued Regulations – S.I. No. 292 of 2014 which is effective from July 1, 2014. Supporting Guidance Notes (which will be updated on an ad-hoc basis) were first issued by the Irish Revenue Commissioners on October 1, 2014 with the most recent version being issued in May 2016.

The Irish IGA is intended to reduce the burden for Irish FFIs of complying with FATCA by simplifying the compliance process and minimising the risk of withholding tax. Under the Irish IGA, information about relevant US investors will be provided on an annual basis by each Irish FFI (unless the FFI is exempted

from the FATCA requirements) directly to the Irish Revenue Commissioners. The Irish Revenue Commissioners will then provide such information to the IRS (by the September 30 of the following year) without the need for the FFI to enter into a FFI agreement with the IRS. Nevertheless, the FFI will generally be required to register with the IRS to obtain a Global Intermediary Identification Number commonly referred to as a GIIN.

Under the Irish IGA, FFIs should generally not be required to apply 30% withholding tax. To the extent the ICAV does suffer US withholding tax on its investments as a result of FATCA, the Directors may take any action in relation to an investor's investment in the ICAV ensure that such withholding is economically borne by the relevant investor whose failure to provide the necessary information or to become a participating FFI gave rise to the withholding.

Common Reporting Standards (“CRS”) – Customer Information Notice

The ICAV will be regarded as a financial institution (“**FI**”) for the purposes of the Standard for Automatic Exchange of Financial Account Information in Tax Matters (“**the Standard**”) and any provisions imposed under Irish law arising from the Standard or any international law implementing the Standard (to include the Multilateral Competent Authority Agreement on Automatic Exchange of Financial Account Information or the EU Council Directive 2011/16/EU (as amended by Council Directive 2014/107/EU)) (globally referred to herein as “**CRS**”). Therefore, the ICAV is obliged under Section 891F and Section 891G of the Taxes Act and regulations made pursuant to that section to collect certain information about each Shareholders.

In certain circumstances the ICAV may be legally obliged to share this information and other financial information with respect to a Shareholders shareholding in the ICAV with the Irish Revenue Commissioners. In turn, and to the extent the account has been identified as a Reportable Account, the Irish Revenue Commissioners will exchange this information with the country of residence of the Reportable Person(s) in respect of that Reportable Account.

In particular, the following information (which forms the basis of the “**Customer Information Notice**” as set out in the Application Form) will be reported by the ICAV to the Irish Revenue Commissioners in respect of each Reportable Account maintained by the ICAV;

- The name, address, jurisdiction of residence, tax identification number and date and place of birth (in the case of an individual) of each Reportable Person that is an Account Holder of the account and, in the case of any Entity that is an Account Holder and that, after application of the due diligence procedures consistent with CRS is identified as having one or more Controlling Persons that is a Reportable Person, the name, address, jurisdiction of residence and tax identification number of the Entity and the name, address, jurisdiction of residence, TIN and date and place of birth of each such Reportable Person.
- The account number (or functional equivalent in the absence of an account number);
- The account balance or value as of the end of the relevant calendar year or other appropriate reporting period or, if the account was closed during such year or period, the date of closure of the account;
- The total gross amount paid or credited to the Account Holder with respect to the account during the calendar year or other appropriate reporting period with respect to which the Reporting

Financial Institution is the obligor or debtor, including the aggregate amount of any redemption payments made to the Account Holder during the calendar year or other appropriate reporting period; and

- The currency in which each amount is denominated.

Please note that in certain limited circumstances it may not be necessary to report the tax identification number and date of birth of a Reportable Person.

In addition to the above, the Irish Revenue Commissioners and Irish Data Protection Commissioner have confirmed that Irish Financial Institutions (such as the ICAV) may adopt the “wider approach” for CRS. This allows the ICAV to collect data relating to the country of residence and the tax identification number from all non-Irish resident shareholders. The ICAV can send this data to the Irish Revenue Commissioners who will determine whether the country of origin is a Participating Jurisdiction for CRS purposes and, if so, exchange data with them. Revenue will delete any data for non-Participating Jurisdictions.

The Irish Revenue Commissioners and the Irish Data Protection Commissioner have confirmed that this wider approach can be undertaken for a set 2-3 year period pending the resolution of the final CRS list of Participating Jurisdictions.

Shareholders can obtain more information on the ICAV’s tax reporting obligations on the website of the Irish Revenue Commissioners (which is available at <http://www.revenue.ie/en/business/aeoi/index.html>) or the following link in the case of CRS only: <http://www.oecd.org/tax/automatic-exchange/>).

All capitalised terms above, unless otherwise defined in this paragraph, shall have the same meaning as they have in the Standard.

UK reporting status

It is intended that certain classes of Shares of the ICAV’s first Fund, Trinetra Emerging Markets Growth Fund, will meet the conditions to qualify as “reporting” for the purposes of the UK tax legislation relating to offshore funds. A list of those Classes and the related annual reports to investors will be made available online at www.trinetra-im.com. Provided the relevant Class is approved as a reporting fund throughout an investor’s period of ownership, gains arising on a redemption or other disposal of Shares by UK resident investors (whether individual or corporate) should be chargeable to UK capital gains tax or corporation tax on capital gains. No guarantee can be given that any Class will obtain or maintain approval as a reporting fund. Chapter 6 of Part 3 of the Offshore Funds (Tax) Regulations 2009 (“Regulations”) provides that specified transactions carried out by the ICAV, will not generally be treated as trading transactions for the purposes of calculating the reportable income of reporting funds that meet a genuine diversity of ownership condition. The Directors confirm that all Classes with reporting fund status are primarily intended for and marketed to retail and institutional investors. For the purposes of the Regulations, the Directors undertake that all Classes of Trinetra Emerging Markets Growth Fund with reporting fund status will be widely available and will be marketed and made available sufficiently widely to reach the intended category of investors and in a manner appropriate to attract those kinds of investors.

6. GENERAL INFORMATION

1. Registration, Registered Office and Share Capital

- (a) The ICAV was registered in Ireland on March 28, 2017 as an umbrella type Irish collective asset-management vehicle with segregated liability between funds registered with and authorised by the Central Bank with registration number C167437 pursuant to the UCITS Regulations. The ICAV has no subsidiaries.
- (b) The registered office of the ICAV is as stated in the Directory at the front of the Prospectus.
- (c) Clause 2 of the Instrument of the ICAV provides that the ICAV's sole object is the collective investment of its funds in property and giving members the benefit of the results of the management of its funds.
- (d) The Instrument provides that the share capital of the ICAV shall be equal to the value for the time being of the issued share capital of the ICAV. The actual value of the paid up share capital of the ICAV shall at all times be equal to the value of the assets of the ICAV after deduction of its liabilities.
- (e) The Instrument provides that shares of the ICAV shall be divided into 10,000,000 (ten million) ordinary participating shares of no nominal value ("**Shares**") and 2 (two) ordinary management shares of no nominal value ("**Management Shares**") which may be issued and redeemed at 1 (one) euro each. The ICAV may issue shares as fully paid up in accordance with the Instrument, the requirements of the Central Bank, the Central Bank Regulations, the UCITS Regulations and the Act. The liability of Members in respect of payment on their shares shall be limited to the amount, if any, unpaid, on the shares respectively held by them.
- (f) Subject to the provisions of the Instrument, Shareholders have the right to participate in or receive profits or income arising from the acquisition, holding, management or disposal of investments of the relevant Fund, to vote at any general meeting of the ICAV or at any meeting of the relevant Fund or Class of Shares in respect of which such Shares have been issued and such other rights as may be provided in respect of Shares of a particular Fund or Class in each case as more particularly described in the Prospectus and/or relevant Supplement subject always to the requirements of the Central Bank, the Central Bank Regulations, the UCITS Regulations and the Act. Holders of Management Shares shall have the right to receive an amount not to exceed the consideration paid for such Management Shares and to vote at any general meeting of the ICAV in accordance with the provisions of the Instrument.
- (g) The Directors are authorised to exercise all the powers of the ICAV to issue shares in the ICAV on such terms and in such manner as they may think fit.
- (h) No share capital of the ICAV has been put under option nor has any share capital been agreed (conditionally or unconditionally) to be put under option.

2. Variation of Share Rights and Pre-Emption Rights

- (a) The rights attaching to the Shares issued in any Class or Fund may, whether or not the ICAV is being wound up, be varied or abrogated with the consent in writing of the Shareholders of three-fourths of the issued Shares of that Class or Fund, or with the sanction of a special resolution passed at a general meeting of the Shareholders of that Class or Fund.
- (b) A resolution in writing signed by all the Members of the ICAV, Fund or Class for the time being entitled to attend and vote on such resolution at a general meeting shall be as valid and effective for all purposes as if the resolution had been passed at a general meeting of the ICAV, Fund or Class duly convened and held and may consist of several instruments in the like form each executed by or on behalf of one or more Members.
- (c) Subject to the Central Bank's requirements, notwithstanding anything to the contrary in the Instrument, a resolution in writing that is described as being an Ordinary Resolution or a Special Resolution which is signed by a Member or Members who, at the time of the signing of the resolution concerned, represent more than 50%, in the case of an Ordinary Resolution or 75%, in the case of a Special Resolution, of the total voting rights of all the Members who, at that time, would have the right to attend and vote at a general meeting of the ICAV or relevant Fund or Class and in respect of which all Members of the ICAV or relevant Fund or Class (as the case may be) concerned entitled to attend and vote on the resolution have been circulated by the Directors (or other person proposing it) with the proposed text of the resolution, shall be as valid and effective for all purposes as if the Ordinary Resolution or Special Resolution, as the case may be, had been passed at a general meeting of the ICAV or relevant Fund or Class duly convened and held.
- (d) The rights conferred upon the holders of the shares of any Class of the ICAV issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that Class of the ICAV, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith or by the liquidation of the ICAV or of any Fund and distribution of its assets to its Members in accordance with their rights or the vesting of assets in trustees for its Members in specie.
- (e) There are no rights of pre-emption upon the issue of Shares in the ICAV.

3. Voting Rights

The following rules relating to voting rights apply:

- (a) Fractions of Shares do not carry voting rights.
- (b) On a show of hands every Shareholder (with applicable voting rights) present in person or by proxy shall be entitled to one vote and a holder of Management Shares shall be entitled to one vote in respect of all Management Shares.
- (c) The chairman of a general meeting of the ICAV or at least two Members present in person or by proxy or any Member or Members present in person or by proxy representing at least one tenth of the shares in issue having the right to vote at such meeting may demand a poll.

- (d) On a poll every Shareholder present in person or by proxy shall be entitled to one vote in respect of each Share held by him and a holder of Management Shares shall be entitled to one vote in respect of all Management Shares held by him. A Shareholder entitled to more than one vote need not cast all his votes or cast all the votes he uses in the same way.
- (e) In the case of an equality of votes, whether on a show of hands or on a poll, the Chairman of the meeting at which the show of hands takes place or at which the poll is demanded shall be entitled to a second or casting vote.
- (f) Any person (whether a Member or not) may be appointed to act as a proxy; a Member may appoint more than one proxy to attend on the same occasion.
- (g) The instrument appointing a proxy and the power of attorney or other authority (if any) under which it is signed or a notarially certified copy of such power or authority, must be deposited at the registered office or at such other place as is specified for that purpose in the notice of meeting or in the instrument of proxy issued by the ICAV not less than such minimum time specified before the time appointed for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote and in default the instrument of proxy shall not be treated as valid. The Directors may at the expense of the ICAV send, by post or otherwise, to the Members instruments of proxy (with or without prepaid postage for their return) for use at any general meeting or at any meeting of any Class of Members, either in blank or nominating in the alternative any one or more of the Directors or any other persons.
- (h) To be passed, ordinary resolutions of the Members or of the Shareholders of a particular Fund or Class will require a simple majority of the votes cast by the Members or Shareholders voting in person or by proxy at the meeting at which the resolution is proposed. Special resolutions of the Members or of the Shareholders of a particular Fund or Class will require a majority of not less than 75% of the Members or Shareholders present in person or by proxy and voting in general meeting in order to pass a special resolution including a resolution to amend the Instrument.

4. Meetings

- (a) The Directors may convene extraordinary general meetings of the ICAV at any time.
- (b) The Directors, in accordance with the provisions of the Instrument, may elect to dispense with the holding of an annual general meeting by giving 60 days' written notice to all of the ICAV's Members.
- (c) One or more Members of the ICAV holding, or together holding, at any time not less than 50 per cent of the voting rights in the ICAV may convene an extraordinary general meeting of the ICAV. The Directors of the ICAV shall, at the request of one or more Members holding, or together holding, at the date of the making of the request, not less than 50 per cent of the voting rights in the ICAV, proceed to convene an extraordinary general meeting of the ICAV. The request shall state the objects of the meeting and shall be signed by those making the request and deposited at the registered office of the ICAV and may consist of several documents in like form each signed by one or more of those making the request. If the Directors do not within 21 days after the date of the deposit of the request proceed to convene a meeting to be held within 2 months

after that date, those making the request, or any of them representing more than 50 per cent of the total voting rights of all of them, may themselves convene a meeting, but any meeting so convened shall not be held more than 3 months after the date the request was first made.

- (d) Not less than fourteen clear days' notice of every annual general meeting and any extraordinary meeting and any convened for the passing of a special resolution must be given to the Members.
- (e) Two Members present either in person or by proxy representing at least one tenth of the shares in issue having the right to vote at such meeting shall be a quorum for a general meeting provided that the quorum for a general meeting convened to consider any alteration to the Class rights of Shares shall be two Shareholders holding or representing by proxy at least one third of the issued Shares of the relevant Fund or Class. If within half an hour after the time appointed for a meeting a quorum is not present the meeting, if convened on the requisition of or by Shareholders, shall be dissolved. In any other case it shall stand adjourned to the same time, day and place in the next week or to such other day and at such other time and place as the Directors may determine and if at the adjourned meeting a quorum is not present within half an hour from the time appointed for the meeting, the Member(s) present shall be a quorum and in the case of a meeting of a Fund or Class convened to consider the variation of rights of Shareholders in such Fund or Class the quorum shall be one Shareholder holding Shares of the Fund or Class in question or his proxy. All general meetings will be held in Ireland.
- (f) The foregoing provisions with respect to the convening and conduct of meetings shall save to the extent expressly provided in the Instrument with respect to meetings of a Fund or Class, apply mutatis mutandis to separate meetings of each Fund or Class of Members.

5. Reports and Accounts

The ICAV will prepare a separate annual report and audited accounts and semi-annual report and unaudited accounts in respect of each of its Funds. The ICAV will prepare an annual report and audited accounts as of December 31 in each year commencing 2017 and a half-yearly report and unaudited accounts as of June 30 in each year commencing 2018 in respect all Funds unless otherwise stated in a particular Fund's Supplement. The dates of the annual and semi-annual reports of future Funds shall be as set out in the relevant Supplement or in an update to this Prospectus.

The audited annual report and accounts will be prepared in accordance with IFRS and will be published within four months of the relevant Fund's financial year end and its semi-annual report will be published within two months of the end of the half year period and, in each case, will be offered to subscribers before conclusion of a contract and supplied to Shareholders free of charge upon request and may also be obtained at the office of the Manager and the Investment Manager. The Instrument may also be obtained free of charge from the office of the Manager and the Investment Manager.

6. Communications and Notices to Shareholders

Communications and notices to Shareholders or the first named of joint Shareholders shall be deemed to have been duly given as follows:

Delivery by Hand	The day of delivery or next following working day if delivered outside usual business hours.
Post	48 hours after posting.
Facsimile	The day on which a positive transmission receipt is received.
Electronically	The day on which the electronic transmission has been sent to the electronic information system designated by a Shareholder.
Publication of Notice or Advertisement of Notice	The day of publication in a daily national newspaper circulating in the country or countries where Shares are marketed.

7. Transfer of Shares

- (a) Transfer of shares may be effected by transfer in writing or such other form as determined by the Directors accompanied by such evidence of ownership as the Directors may reasonably require to show the right of the transferor to make the transfer (“Instrument of Transfer”), signed by or on behalf of the transferor and every transfer shall state the full name and address of the transferor and transferee.
- (b) The Directors may, before the end of the period of two months commencing with the date of receipt of the Instrument of Transfer, decline to register the transfer in the following circumstances:
- (i) if in consequence of such transfer, the transferor or the transferee would hold a number of Shares less than the Minimum Holding;
 - (ii) if all applicable taxes and/or stamp duties have not been paid in respect of the Instrument of Transfer and unless the Instrument of Transfer is deposited at the registered office or such other place as the Directors may reasonably require, accompanied by such relevant information and declarations as the Directors may reasonably require from the transferee including without limitation, information and declarations of the type which may be requested from an applicant for shares in the ICAV and such fee as may from time to time be specified by the Directors for the registration of any Instrument of Transfer;
 - (iii) where the Directors are aware or reasonably believe the transfer would result in the beneficial ownership of Shares by a person in contravention of any restrictions on ownership imposed by the Directors or might result in legal, regulatory, pecuniary, taxation or material administrative disadvantage to the ICAV, a Fund, a Class of Shares or Shareholders as a whole;
 - (iv) unless the Instrument of Transfer is deposited with the Administrator together with such evidence as is required by the Administrator to satisfy the Administrator as to its or the ICAV’s requirements to prevent money laundering; or
 - (v) if the registration of such transfer would result in a contravention of any provision of law.

- (c) The registration of transfers may be suspended for such periods as the Directors may determine provided always that each registration may not be suspended for more than 30 days in any year.

8. Directors

The following is a summary of the principal provisions in the Instrument relating to the Directors:

- (a) The number of Directors shall not be less than two.
- (b) A Director need not be a Member.
- (c) The Instrument contains no provisions requiring Directors to retire on attaining a particular age.
- (d) A Director may vote and be counted in the quorum at a meeting to consider the appointment or the fixing or variation of the terms of appointment of any Director to any office or employment with the ICAV or any company in which the ICAV is interested, but a Director may not vote or be counted in the quorum on a resolution concerning his own appointment.
- (e) The Directors of the ICAV for the time being are entitled to such remuneration as may be determined by the Directors and disclosed in this Prospectus and may be reimbursed all reasonable travel, hotel and other expenses incurred in connection with the business of the ICAV or the discharge of their duties and may be entitled to additional remuneration if called upon to perform any special or extra services to or at the request of the ICAV.
- (f) The provisions of the Act relating to restrictions on directors of an insolvent company or disqualifying persons from being appointed or acting as a director or other officer, statutory auditor, receiver or liquidator, or being in any way (directly or indirectly) concerned or taking part in the promotion, formation or management of a company apply to the ICAV.
- (g) Save as provided in the Instrument, a Director shall not vote in respect of any contract or arrangement or any proposal whatsoever in which he has any material interest otherwise than by virtue of his interests in shares or debentures or other securities of or otherwise in or through the ICAV. A Director shall not be counted in the quorum at a meeting in relation to any resolution on which he is debarred from voting. A Director shall in the absence of some material interest other than that indicated below, be entitled to vote and be counted in the quorum in respect of any resolution concerning any of the following matters, namely:-
 - (i) the giving of any security or indemnity to him in respect of money lent or obligations incurred by him at the request of or for the benefit of the ICAV or any of its subsidiaries or associated companies;
 - (ii) the giving of any security, guarantee or indemnity to a third party in respect of a debt or obligation of the ICAV or any of its subsidiaries or associated companies for which he himself has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;

- (iii) any proposal concerning an offer of shares or other securities of or by the ICAV or any of its subsidiaries or associated companies for subscription or purchase in which offer he is or is to be interested as a participant in the underwriting or sub-underwriting thereof;
 - (iv) any proposal concerning any other company in which he is interested, directly or indirectly and whether as an officer or shareholder or otherwise howsoever PROVIDED THAT he is not the holder of or beneficially interested in five (5) per cent or more of the issued shares of any class of such company, or of any third company through which his interest is derived, or of any of the voting rights available to shareholders of the relevant company (any such interest being deemed for the purposes of Clause 24.04 of the Instrument to be a material interest in all circumstances); or
 - (v) any proposal concerning the purchase of any policy of insurance against directors' and officers' liability.
- (h) The office of a Director must be vacated in any of the following events namely:-
- (i) if he resigns his office by notice in writing signed by him and left at the registered office of the ICAV;
 - (ii) if he becomes bankrupt or makes any arrangement or composition with his creditors generally;
 - (iii) if he becomes of unsound mind;
 - (iv) if he is absent from meetings of the Directors for six successive months without leave expressed by a resolution of the Directors and the Directors resolve that his office be vacated;
 - (v) if he ceases to be a Director by virtue of, or becomes prohibited or restricted from being a Director by reason of, an order made under the provisions of any law or enactment;
 - (vi) if he is requested by a majority of the other Directors (not being less than two in number) to vacate office; or
 - (vii) if he is removed from office by ordinary resolution of the ICAV;
 - (viii) if he ceases to be approved to act as a director by the Central Bank.
- (j) The ICAV may by ordinary resolution remove a Director before the end of that Director's period of office despite anything in the Instrument or in any contract between the ICAV and the Director, in accordance with the provisions of the Act.

9. Directors' Interests

None of the Directors has or has had any direct interest in the promotion of the ICAV or in any transaction effected by the ICAV which is unusual in its nature or conditions or is significant to the business of the ICAV up to the date of this Prospectus or in any contracts or arrangements of the ICAV subsisting at the date hereof other than:

Mr. Stassopoulos is a portfolio manager of the Investment Manager.

No present Director or any connected person has any interests beneficial or non-beneficial in the share capital of the ICAV.

10. Winding Up of ICAV

- (a) The ICAV may be wound up:
- (i) if within a period of twelve months or such other period as agreed under the terms of the Depositary Agreement from the date on which (a) the Depositary notifies the ICAV of its desire to retire in accordance with the terms of the Depositary Agreement and has not withdrawn notice of its intention to so retire; (b) the appointment of the Depositary is terminated by the ICAV in accordance with the terms of the Depositary Agreement; or (c) the Depositary ceases to be approved by the Central Bank to act as depositary, no new Depositary has been appointed. In such cases, the Directors shall instruct the secretary of the ICAV to convene an extraordinary general meeting of the ICAV at which there shall be proposed an Ordinary Resolution to wind up the ICAV. Notwithstanding anything set out above, the Depositary's appointment shall only terminate on revocation of the ICAV's authorisation by the Central Bank; or
 - (ii) when it becomes illegal or in the opinion of the Directors of the ICAV impracticable or inadvisable to continue operating the ICAV.
- (b) In all cases other than those set out above, the Members may resolve to wind up the ICAV by Special Resolution in accordance with the summary approval procedure as provided for in the Act.
- (c) In the event of a winding up the liquidator shall firstly apply the assets of the ICAV in satisfaction of creditors' claims in such manner and order as he thinks fit. The liquidator shall in relation to the assets available for distribution among Members make such transfers thereof to and from the Classes as may be necessary in order that the effective burden of creditors' claims may be shared between the Members of different Classes in such proportions as the liquidator in his discretion deems equitable.
- (d) The assets available for distribution among the Members shall be applied in the following priority:
- (i) Firstly, in the payment to the holders of the Shares of each Class or Fund of a sum in the Base Currency (or in any other currency selected by the liquidator) as nearly as possible equal (at a rate of exchange determined by the liquidator) to the Net Asset Value of the Shares of such Class or Fund held by such Shareholders respectively as at the date of commencement of winding up.

- (ii) Secondly, in the payment to the holders of the Management Shares of sums up to the consideration paid therefor out of the assets of the ICAV not comprised within any Funds provided that if there are insufficient assets to enable such payment in full to be made, no recourse shall be had to the assets comprised in any of the Funds.
 - (iii) Thirdly, in the payment to the holders of Shares of each Class or Fund of any balance then remaining in the relevant Fund, such payment being made in proportion to the number of Shares of the relevant Class or Fund held.
 - (iv) Fourthly, any balance then remaining and not attributable to any Fund or Class of Shares shall be apportioned between the Funds and Classes of Shares pro-rata to the Net Asset Value of each Fund or Class of Shares immediately prior to any distribution to Shareholders and the amounts so apportioned shall be paid to Shareholders pro-rata to the number of Shares in that Fund or Class held by them.
- (e) The liquidator may with the authority of an Ordinary Resolution of the ICAV divide among the Shareholders (pro rata to the value of their respective shareholdings in the ICAV) in specie the whole or any part of the assets of the ICAV, and whether or not the assets shall consist of property of a single kind provided that any Shareholder shall be entitled to request the sale of any asset or assets proposed to be so distributed and the distribution to such Shareholder of the cash proceeds of such sale. The costs of any such sale shall be borne by the relevant Shareholder.
- (f) Notwithstanding any other provision contained in the Instrument, should the Directors at any time and in their absolute discretion resolve that it would be in the best interests of the Shareholders to wind up the ICAV, then any such winding up shall be commenced in accordance with the summary approval procedure as provided for in the Act. Any liquidator appointed to wind up the ICAV shall distribute the assets of the ICAV in accordance with the provisions of the Instrument.

11. Termination of a Fund

The ICAV may terminate a Fund:

- (a) by giving not less than two nor more than twelve weeks' notice to the Shareholders of such Fund or Class, expiring on a Dealing Day, and redeeming, at the Redemption Price on such Dealing Day, all of the Shares of the Fund or Class not previously redeemed;
- (b) and redeem, at the redemption price on such Dealing Day, all of the Shares in such Fund or Class not previously redeemed if the Shareholders of 75% in value of the Shares in issue of the Fund or Class resolve at a meeting of the Shareholders of the Fund or Class, duly convened and held, that such Shares should be redeemed.

If a particular Fund or Class is to be terminated and all of the Shares in such Fund or Class are to be redeemed as aforesaid, the Directors, with the sanction of an Ordinary Resolution of the relevant Fund or Class, may divide amongst the Shareholders in specie all or part of the assets of the relevant Fund or

Class according to the Net Asset Value of the Shares then held by each Shareholder in the relevant Fund or Class provided that any Shareholder shall be entitled to request, at the expense of such Shareholder, the sale of any asset or assets proposed to be so distributed and the distribution to such Shareholder of the cash proceeds of such sale.

12. Indemnities and Insurance

Every person or body corporate who is or has been a Director or secretary of the ICAV or any person or body corporate who is or has acted as auditor of the ICAV and such person's heirs, administrators and executors, shall be indemnified and secured harmless out of the assets and profits of the ICAV from and against all actions, costs, charges, losses, damages and expenses, which they may incur or sustain by reason of any contract entered into or any act done, concurred in, or omitted in or about the execution of their duty or supposed duty in their respective offices or trusts, except such (if any) as they shall incur or sustain by or through their own negligence, default, breach of duty or breach of trust.

The Directors have the power to purchase and maintain for the benefit of any persons who are or were at any time Directors, secretary or Auditors of the ICAV insurance against any liability incurred by such persons in respect of any act or omission in the execution or discharge of their duties or in the exercise of their powers.

13. General

- (a) As at the date of this Prospectus, the ICAV has no loan capital (including term loans) outstanding or created but unissued nor any mortgages, charges, debentures or other borrowings or indebtedness in the nature of borrowings, including bank overdrafts, liabilities under acceptances (other than normal trade bills), acceptance credits, finance leases, hire purchase commitments, guarantees, other commitments or contingent liabilities.
- (b) No share or loan capital of the ICAV is subject to an option or is agreed, conditionally or unconditionally, to be made the subject of an option.
- (c) The ICAV does not have, nor has it had since registration, any employees.
- (d) The ICAV does not intend to purchase or acquire nor agree to purchase or acquire any property.
- (e) The rights conferred on Shareholders by virtue of their shareholdings are governed by the Instrument, the general law of Ireland and the Act.
- (f) The ICAV is not engaged in any litigation or arbitration and no litigation or claim is known by the Directors to be pending or threatened against the ICAV.
- (g) The ICAV has no subsidiaries.
- (h) Dividends which remain unclaimed for six years from the date on which they become payable will be forfeited. On forfeiture such dividends will become part of the assets of the Fund to which they relate. No dividend or other amount payable to any Shareholder shall bear interest against the ICAV.

- (i) No person has any preferential right to subscribe for any authorised but unissued capital of the ICAV.

14. Material Contracts

The following contracts which are or may be material have been entered into otherwise than in the ordinary course of business:-

- (a) Management Agreement between the ICAV and the Manager dated June 29, 2017 under which the Manager is responsible for the general management and administration of the ICAV's affairs, subject to the overall supervision and control of the Directors. Pursuant to the provisions of the Management Agreement the Manager may delegate one or more of its functions subject to the overall supervision and control of the ICAV. The Management Agreement may be terminated by either party on 90 days written notice or forthwith by notice in writing in certain circumstances such as the insolvency of either party or unremedied breach after notice. The Manager has the power to delegate its duties with the prior approval of the Central Bank. The Management Agreement provides that the ICAV shall indemnify and keep indemnified and hold harmless the Manager and each of its directors, officers, employees, delegates and agents from and against any and all actions, proceedings, claims, demands, losses, damages, costs and expenses (including reasonable legal and professional fees and expenses arising therefrom or incidental thereto) which may be brought against or suffered or incurred by the Manager or any of its directors, officers, employees, delegates or agents in the performance of its duties under the Management Agreement in the absence of any negligence, wilful default, fraud or bad faith of or by the Manager or any of its directors, officers, employees, delegates or agents or as otherwise may be required by law.
- (b) Investment Management Agreement between the Manager, the Investment Manager and the ICAV dated June 29, 2017 under which the Manager has appointed the Investment Manager as investment manager of the ICAV's assets and distributor of the ICAV's Shares and to provide certain related services to the ICAV. The Investment Management Agreement may be terminated by any party on 90 days written notice or forthwith by notice in writing in certain circumstances such as the insolvency of any party or unremedied breach after notice. The Investment Management Agreement provides that the Investment Manager will not be liable for any loss to the Manager or the relevant Fund howsoever arising except to the extent that such loss is due to the Investment Manager's negligence, wilful default or fraud or that of any of its employees. No warranty is given by the Investment Manager as to the performance or profitability of any Fund or any part of it. The Agreement provides that the ICAV shall indemnify and keep indemnified the Investment Manager and the directors, officers and employees of the Investment Manager, solely out of the assets of the relevant Fund, from and against any and all liabilities, obligations, losses, damages, suits and expenses which may be incurred by or asserted against the Investment Manager in its capacity as Investment Manager of the relevant Fund other than those resulting from the negligence, wilful default or fraud on its or their part or that of its or their employees and expenses incurred by the Investment Manager for which it is responsible.
- (c) Administration Agreement between the Manager, the ICAV and the Administrator dated June 29, 2017 under which the latter was appointed as Administrator to provide administrative services to, and to act as registrar and transfer agent in respect of, the ICAV, subject to the

terms and conditions of the Administration Agreement and subject to overall supervision of the Manager. The responsibilities of the Administrator include registration and transfer agency services, valuation of the ICAV's assets and calculation of the Net Asset Value per Share and the preparation of each Fund's semi-annual and annual reports.. The Administration Agreement shall continue in force unless terminated by any party giving written notice of at least ninety (90) days to the other parties. The Administration Agreement may be terminated forthwith by either party giving notice in writing to the other party if at any time: (a) party shall go into liquidation or receivership, or an examiner shall be appointed pursuant to the Companies Act 2014 (except for a voluntary liquidation for the purposes of reconstruction or amalgamation upon terms previously approved in writing by the notifying party), or be unable to pay its debts as they fall due; or (b) a party shall have committed any material breach of the provisions of the Administration Agreement and, if capable of remedy, shall not have remedied that breach within thirty (30) days after the service of written notice requiring it to be remedied. The Manager shall be entitled to terminate the Administration Agreement forthwith by notice in writing to the Administrator if the Administrator is no longer permitted to act as an administrator by the Central Bank and the Administrator has agreed to inform the Manager promptly in writing of the occurrence of this event. The Administration Agreement provides that the Administrator will shall exercise a level of care in the performance of its duties under the Administration Agreement expected of a professional administrator of collective investment schemes regulated by the Central Bank. The Administration Agreement provides that the Administrator shall not be liable for any loss or damage of any nature whatsoever suffered by the Shareholders, the Manager or its delegates arising out of or in connection with the performance of its obligations under the Administration Agreement except where that loss or damage results from negligence, fraud, bad faith, wilful default or recklessness on the part of the Administrator. The Administration Agreement provides that in calculating the Net Asset Value, the Administrator may in good faith rely upon information provided by pricing services, brokers, market makers or other intermediaries or sources which the Manager or the Investment Manager directs the Administrator to use or by information provided to the Administrator by the Manager or the Investment Manager or any connected person thereof, or such other pricing source as the Administrator shall select and shall not be liable for any loss suffered by the Manager, its delegates, the Shareholders or any other person arising out of or in connection with any error in the calculation of the Net Asset Value resulting solely from any inaccuracy in the information provided by any such source provided that in respect of pricing sources selected by the Administrator, the Administrator shall use reasonable care in selecting and retaining any such pricing service or source and provided that the Administrator shall use reasonable care in monitoring and reviewing information provided by such providers. The Manager has undertaken to hold harmless and indemnify the Administrator, on its own behalf and on behalf of its permitted delegates, servants and agents out of the assets of the relevant Fund against all actions, proceedings and claims (including claims of any person purporting to be the beneficial owner of any part of the investments or Shares) and against all costs, demands and expenses (for the avoidance of doubt it is agreed that taxes, regulatory fines, claims by shareholders, properly vouched legal and professional fees and expenses are agreed to be direct losses) arising out of or in connection therewith which may be brought against, directly suffered or directly incurred by the Administrator, in the performance or non-performance of its obligations and duties under the Administration Agreement and from and against all taxes on profits or gains of the ICAV which may be assessed upon or become payable by the Administrator or its permitted delegates, servants or agents ("Losses") provided that such indemnity shall not apply (i) to consequential losses incurred by the Administrator and (ii) to the extent that such Losses arise from the negligence, fraud, bad faith, wilful default or recklessness

of the Administrator or its delegates, servants or agents. In particular, but without limitation, this indemnity shall extend to any Losses arising out of or in connection with any loss, delay, misdelivery or error in transmission of any facsimile, telegraphic, electronic or other communication or instruction by the ICAV and/or the Manager or as a result of the Administrator acting upon any forged document or signature save in the case of negligence, fraud, bad faith, wilful default or recklessness of the Administrator, its delegates, servants or agents.

- (d) Depositary Agreement between the ICAV, the Manager and the Depositary dated June 29, 2017 under which the Depositary was appointed as depositary of the ICAV's assets subject to the overall supervision of the Directors. The Depositary Agreement provides that the Depositary shall act honestly, fairly, professionally and in the interests of the ICAV and the Shareholders and shall the due skill and care that would be expected from a professional depositary engaged in similar activities in carrying out its functions and shall be responsible to the ICAV and the Shareholders for the performance of its duties. The Depositary shall be liable to the ICAV and to the Shareholders for the loss of a financial instrument held in custody by the Depositary or by a third party to whom the custody of financial instruments held in custody in accordance with the UCITS Regulations has been delegated. The Depositary shall be liable to the ICAV and the Shareholders for all other losses suffered by them as a result of the Depositary's negligent or intentional failure to properly fulfil its obligations under the UCITS Regulations. Under the terms of the Depositary Agreement, the ICAV has agreed to indemnify the Depositary (and each of its directors, officers, employees and affiliates) and hold harmless from and against all actions, proceedings, claims, costs, demands, expenses (including legal and professional expenses), which may be brought against, suffered, incurred or sustained by the Depositary arising from the performance or non-performance by the Depositary of its obligations under the Depositary Agreement, otherwise than in circumstances where the Depositary would be liable as described above. The Depositary Agreement may be terminated by any party on 3 months prior written notice to the other parties or immediately at the discretion of the Depositary if the Depositary is concerned that the standard of protection in relation to the ICAV's financial instruments is not sufficient and this has not been resolved to the satisfaction of the Depositary, if a resolution is passed or an order is made to wind-up another party or another party goes into liquidation, if a petition is presented or an order is made for the appointment of an examiner to the ICAV or a receiver is appointed over all or any of the assets of another party, if a party commits any material breach of the Depositary Agreement and fails to remedy such breach, if capable of remedy, within 30 days, or if the Depositary is otherwise no longer permitted to perform its obligations under applicable law. However, the Depositary shall continue to act as Depositary until a successor Depositary approved by the Central Bank of Ireland is appointed by the ICAV.

15. Documents Available for Inspection

Copies of the following documents, which are available for information only and do not form part of this document, may be inspected at the registered office of the ICAV in Ireland during normal business hours on any Business Day:

- (a) The Instrument (copies may be obtained free of charge from the Manager).

- (b) The Act and the UCITS Regulations.
- (c) Once published, the latest annual and half yearly reports of the ICAV (copies of which may be obtained from the Manager, the Investment Manager or the Administrator free of charge).

Copies of the Prospectus and Key Investor Information Documents may also be obtained by Shareholders from the Manager.

APPENDIX I

Permitted Investments and Investment Restrictions

1. Permitted Investments

Investments of a Fund are confined to:

- 1.1 Transferable securities and money market instruments which are either admitted to official listing on a stock exchange in a Member State or non-Member State or which are dealt on a market which is regulated, operates regularly, is recognised and open to the public in a Member State or non-Member State.
- 1.2 Recently issued transferable securities which will be admitted to official listing on a stock exchange or other market (as described above) within a year.
- 1.3 Money market instruments other than those dealt on a regulated market.
- 1.4 Units of UCITS.
- 1.5 Units of AIFs.
- 1.6 Deposits with credit institutions.
- 1.7 Financial derivative instruments.

The financial derivative instruments which each Fund may use and the commercial purpose for which they may be used are described in the relevant Supplement. One or more Funds may invest in credit default swaps ("CDS"), futures, interest rate swaps, forward currency exchange contracts and currency swaps. A CDS is a contract in which the seller agrees, for an upfront or continuing premium or fee, to compensate the buyer when a specified event, such as default by or restructuring of, or failure to pay by, a reference entity, occurs. Futures are contracts in standardised form between two parties entered into on an exchange, whereby one party agrees to sell to the other party an asset at a price fixed at the date of the contract, but with delivery and payment to be made at a point in the future. Swaps are contracts entered into off exchange, which are variations of forward contracts whereby two parties agree to exchange a series of future cash flows. A forward currency exchange contract is a contract to purchase or sell a specific currency at a future date at a price set at the time of the contract. Forward currency contracts are similar to futures contracts, but are not entered into on an exchange and are individually negotiated between market participants.

2. Investment Restrictions

- 2.1 A Fund may invest no more than 10% of net assets in transferable securities and money market instruments other than those referred to in paragraph 1.

- 2.2 Subject to the second paragraph of this section 2.2, a Fund may invest no more than 10% of net assets securities of the type to which Regulation 68(1)(d) of the UCITS Regulations apply (i.e. recently issued transferable securities which will be admitted to official listing on a stock exchange or other market (as described in paragraph 1.1) within a year).

The first paragraph above does not apply in relation to investment by a Fund in US securities known as "Rule 144A securities" provided that:

- the relevant securities have been issued with an undertaking to register the securities with the US Securities and Exchanges Commission within one year of issue; and
- the securities are not illiquid securities i.e. they may be realised by the Fund within seven days at the price, or approximately at the price, at which they are valued by the ICAV.

- 2.3 A Fund may invest no more than 10% of net assets in transferable securities or money market instruments issued by the same body provided that the total value of transferable securities and money market instruments held in the issuing bodies in each of which it invests more than 5% is less than 40%.

- 2.4 Subject to the prior approval of the Central Bank, the limit of 10% (in 2.3) is raised to 25% in the case of bonds that are issued by a credit institution which has its registered office in a Member State and is subject by law to special public supervision designed to protect bond-holders. If a Fund invests more than 5% of its net assets in these bonds issued by one issuer, the total value of these investments may not exceed 80% of the net asset value of a Fund.

- 2.5 The limit of 10% (in 2.3) is raised to 35% if the transferable securities or money market instruments are issued or guaranteed by a Member State or its local authorities or by a non-Member State or public international body of which one or more Member States are members.

- 2.6 The transferable securities and money market instruments referred to in 2.4. and 2.5 shall not be taken into account for the purpose of applying the limit of 40% referred to in 2.3.

- 2.7 A Fund may not invest more than 20% of net assets in deposits made with the same credit institution.

Deposits with any one credit institution, other than a credit institution specified in Regulation 7 of the Central Bank Regulations held as ancillary liquidity, must not exceed 10% of the net assets of the Fund.

This limit may be raised to 20% in the case of deposits made with the Depositary.

- 2.8 The risk exposure of a Fund to a counterparty to an OTC derivative may not exceed 5% of net assets.

This limit is raised to 10% in the case of a credit institution authorised in the EEA or a credit institution authorised within a signatory state (other than an EEA Member State) to the Basle

Capital Convergence Agreement of July 1988; or a credit institution authorised in Jersey, Guernsey, the Isle of Man, Australia or New Zealand.

- 2.9 Notwithstanding paragraphs 2.3, 2.7 and 2.8 above, a combination of two or more of the following issued by, or made or undertaken with, the same body may not exceed 20% of net assets:
- investments in transferable securities or money market instruments;
 - deposits, and/or
 - counterparty risk exposures arising from OTC derivatives transactions.
- 2.10 The limits referred to in 2.3, 2.4, 2.5, 2.7, 2.8 and 2.9 above may not be combined, so that exposure to a single body shall not exceed 35% of net assets.
- 2.11 Group companies are regarded as a single issuer for the purposes of 2.3, 2.4, 2.5, 2.7, 2.8 and 2.9. However, a limit of 20% of net assets may be applied to investment in transferable securities and money market instruments within the same group.
- 2.12 A Fund may invest up to 100% of net assets in different transferable securities and money market instruments issued or guaranteed by any Member State, its local authorities, non-Member States or public international body of which one or more Member States are members.

The individual issuers must be listed in the prospectus and may be drawn from the following list:

OECD Governments (provided the relevant issues are investment grade), Government of Singapore, European Investment Bank, European Bank for Reconstruction and Development, International Finance Corporation, International Monetary Fund, Euratom, The Asian Development Bank, European Central Bank, Government of Brazil (provided the issues are of investment grade), Government of India (provided the issues are of investment grade), Government of the People's Republic of China, Council of Europe, Eurofima, African Development Bank, International Bank for Reconstruction and Development (The World Bank), The Inter-American Development Bank, European Union, Federal National Mortgage Association (Fannie Mae), Federal Home Loan Mortgage Corporation (Freddie Mac), Government National Mortgage Association (Ginnie Mae), Student Loan Marketing Association (Sallie Mae), Federal Home Loan Bank, Federal Farm Credit Bank, Tennessee Valley Authority and Straight-A Funding LLC.

The Fund must hold securities from at least 6 different issues, with securities from any one issue not exceeding 30% of net assets.

3. Investment in Collective Investment Schemes ("CIS")

- 3.1 A Fund may not invest more than 20% of net assets in any one collective investment scheme.
- 3.2 Investment in AIFs may not, in aggregate, exceed 30% of net assets.

- 3.3 The collective investment schemes in which a Fund may invest are prohibited from investing more than 10% of net assets in other open-ended collective investment schemes.
- 3.4 When a Fund invests in the units of other collective investment schemes that are managed, directly or by delegation, by the Manager or by the Investment Manager or by any other company with which the Manager or the Investment Manager is linked by common management or control, or by a substantial direct or indirect holding, that management company or other company may not charge subscription, conversion or redemption fees on account of the Fund's investment in the units of such other collective investment schemes.
- 3.5 Where by virtue of investment in the units of another investment fund, the Manager, the Investment Manager or an investment advisor receives a commission on behalf of the Fund (including a rebated commission), the Directors shall ensure that the relevant commission is paid into the property of the relevant Fund.

4. Index Tracking UCITS

- 4.1 A Fund may invest up to 20% of net assets in shares and/or debt securities issued by the same body where the investment policy of the Fund is to replicate an index which satisfies the criteria set out in the Central Bank Regulations and is recognised by the Central Bank.
- 4.2 The limit in 4.1 may be raised to 35%, and applied to a single issuer, where this is justified by exceptional market conditions.

5. General Provisions

- 5.1 A Fund, or the Manager acting in connection with all of the collective investment schemes it manages, may not acquire any shares carrying voting rights which would enable it to exercise significant influence over the management of an issuing body.
- 5.2 A Fund may acquire no more than:
- (i) 10% of the non-voting shares of any single issuing body;
 - (ii) 10% of the debt securities of any single issuing body;
 - (iii) 25% of the units of any single collective investment scheme;
 - (iv) 10% of the money market instruments of any single issuing body.

NOTE: The limits laid down in (ii), (iii) and (iv) above may be disregarded at the time of acquisition if at that time the gross amount of the debt securities or of the money market instruments, or the net amount of the securities in issue cannot be calculated.

- 5.3 5.1 and 5.2 shall not be applicable to:
- (i) transferable securities and money market instruments issued or guaranteed by a Member State or its local authorities;

- (ii) transferable securities and money market instruments issued or guaranteed by a non-Member State;
- (iii) transferable securities and money market instruments issued by public international bodies of which one or more Member States are members;
- (iv) shares held by a Fund in the capital of a company incorporated in a non-member State which invests its assets mainly in the securities of issuing bodies having their registered offices in that State, where under the legislation of that State such a holding represents the only way in which a Fund can invest in the securities of issuing bodies of that State. This waiver is applicable only if in its investment policies the company from the non-Member State complies with the limits laid down in 2.3 to 2.11, 3.1, 3.2, 5.1, 5.2, 5.4, 5.5 and 5.6, and provided that where these limits are exceeded, paragraphs 5.5 and 5.6 below are observed.
- (v) Shares held by the ICAV in the capital of subsidiary companies carrying on only the business of management, advice or marketing in the country where the subsidiary is located, in regard to the repurchase of Shares at Shareholders' request exclusively on their behalf.

5.4 A Fund need not comply with the investment restrictions herein when exercising subscription rights attaching to transferable securities or money market instruments which form part of their assets.

5.5 The Central Bank may allow recently authorised Funds to derogate from the provisions of 2.3 to 2.12, 3.1, 3.2, 4.1 and 4.2 for six months following the date of their authorisation, provided they observe the principle of risk spreading.

5.6 If the limits laid down herein are exceeded for reasons beyond the control of the ICAV, or as a result of the exercise of subscription rights, the ICAV must adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interests of its Shareholders.

5.7 Neither the ICAV, nor the Manager nor the Investment Manager nor the Depositary acting on the ICAV's behalf, may carry out uncovered sales of:

- transferable securities;
- money market instruments*;
- units of investment funds; or
- financial derivative instruments.

*Any short selling of money market instruments by UCITS is prohibited

5.8 A Fund may hold ancillary liquid assets.

6. Financial Derivative Instruments ('FDIs')

- 6.1 A Fund's global exposure relating to FDI must not exceed its total net asset value.
- 6.2 Position exposure to the underlying assets of FDI, including embedded FDI in transferable securities or money market instruments, when combined where relevant with positions resulting from direct investments, may not exceed the investment limits set out in the Central Bank Regulations/guidance. (This provision does not apply in the case of index based FDI provided the underlying index is one which meets with the criteria set out in the Central Bank Regulations.)
- 6.3 A Fund may invest in FDIs dealt in over-the-counter (OTC) provided that the counterparties to over-the-counter transactions (OTCs) are institutions subject to prudential supervision and belonging to categories approved by the Central Bank.
- 6.4 Investment in FDIs are subject to the conditions and limits laid down by the Central Bank

7. Restrictions on Borrowing and Lending

- (a) The ICAV may only borrow on a temporary basis and the aggregate amount of such borrowings may not exceed 10% of the Net Asset Value of each Fund. Subject to this limit the Directors may exercise all borrowing powers on behalf of the ICAV. In accordance with the provisions of the UCITS Regulations, the Depositary may charge the assets of the ICAV as security for such borrowings.
- (b) The ICAV may acquire foreign currency by means of a "back-to-back" loan agreement. The Manager and the Investment Manager shall ensure that a Fund with foreign currency borrowings which exceed the value of a back-to-back deposit treats that excess as borrowings for the purpose of Regulation 103 of the Central Bank Regulations.

The ICAV will, with respect to each Fund, adhere to any investment or borrowing restrictions imposed and any criteria necessary to obtain and/or maintain any credit rating in respect of any Shares or Class in the ICAV, subject to the UCITS Regulations.

It is intended that the ICAV shall have the power (subject to the prior approval of the Central Bank) to avail itself of any change in the investment and borrowing restrictions laid down in the UCITS Regulations which would permit investment by the ICAV in securities, derivative instruments or in any other forms of investment in which investment is at the date of this Prospectus restricted or prohibited under the UCITS Regulations.

APPENDIX II

Regulated Markets

The following is a list of regulated stock exchanges and markets on which a Fund's investments in securities and financial derivative instruments other than permitted investment in unlisted securities and OTC derivative instruments, will be listed or traded and is set out in accordance with the regulatory criteria as defined in the Central Bank Regulations. With the exception of permitted investments in unlisted securities and OTC derivative instruments investment in securities and derivative instruments will be restricted to the stock exchanges and markets listed below. The Central Bank does not issue a list of approved stock exchanges or markets.

(i) any exchange or market or affiliate thereof which is:

located in any Member State of the European Economic Area excluding Liechtenstein (European Union, Norway and Iceland); or

located in any of the member countries of the OECD including their territories covered by the OECD Convention:

(ii) any of the following exchanges or markets or affiliates thereof:-

Argentina	-	Bolsa de Comercio de Buenos Aires
Bahrain	-	Bahrain Bourse
Bangladesh	-	Dhaka Stock Exchange
Bermuda	-	Bermuda Stock Exchange
Botswana	-	Botswana Stock Exchange
Brazil	-	BM&F Bovespa
China (PRep. of)	-	Shanghai Securities Exchange
China (PRep. of)	-	Shenzhen Stock Exchange
Colombia	-	Bolsa de Valores de Colombia
Costa Rica	-	Bolsa Nacional de Valores de Costa Rica
Egypt	-	Egyptian Exchange
Ghana	-	Ghana Stock Exchange
Hong Kong	-	Hong Kong Stock Exchange
Hong Kong	-	Growth Enterprise Market
India	-	Bombay Stock Exchange
India	-	National Stock Exchange of India
Indonesia	-	Indonesia Stock Exchange
Ivory Coast	-	Bourse Régionale des Valeurs Mobilières (BRVM)
Kazakhstan	-	Kazakhstan Stock Exchange
Kenya	-	Nairobi Stock Exchange

Kuwait	-	Kuwait Stock Exchange
Malaysia	-	Bursa Malaysia
Mauritius	-	Stock Exchange of Mauritius
Morocco	-	Societe de la Bourse des Valeurs de Casablanca
Namibia	-	Namibian Stock Exchange
Nigeria	-	Nigerian Stock Exchange
Oman	-	Muscat Securities Market
Pakistan	-	Pakistan Stock Exchange
Peru	-	Bolsa de Valores de Lima
Philippines	-	Philippine Stock Exchange
Qatar	-	Qatar Exchange
Russia	-	Moscow Exchange MICEX
Saudi Arabia	-	Saudi Stock Exchange
Serbia	-	Belgrade Stock Exchange
Singapore	-	Singapore Exchange
South Africa	-	Johannesburg Stock Exchange
Sri Lanka	-	Colombo Stock Exchange
Taiwan (RC)	-	Taiwan Stock Exchange Corporation
Tanzania	-	Dar-es-Salaam Stock Exchange
Thailand	-	Stock Exchange of Thailand
Tunisia	-	Tunis Stock Exchange
Uganda	-	Uganda Securities Exchange
United Arab Emirates	-	Abu Dhabi Securities Exchange
United Arab Emirates	-	Dubai Financial Market
United Arab Emirates	-	NASDAQ Dubai
Uruguay	-	Bolsa Electronica de Valores de Uruguay
Vietnam	-	Hanoi Stock Exchange
Vietnam	-	Ho Chi Minh Stock Exchange

(iii) any of the following markets or affiliates thereof:

the market organised by the International Capital Market Association;

the market conducted by the “**listed money market institutions**”, as described in the Bank of England publication “**The Regulations of the Wholesale Cash and OTC Derivatives Markets in GBP, Foreign Exchange and Bullion**” dated April 1988, as amended from time to time;

The UK market (i) conducted by banks and other institutions regulated by the FCA and subject to the Inter-Professional Conduct provisions of the FCA's Market Conduct Sourcebook and (ii) in non-investment products which are subject to the guidance contained in the "Non-Investment Products Code" drawn up by the participants in the London market, including the FCA and the Bank of England (formerly known as “**The Grey Paper**”).

AIM - the Alternative Investment Market in the UK, regulated and operated by the London Stock Exchange;

The OTC market in Japan regulated by the Securities Dealers Association of Japan.

NASDAQ in the United States;

The market in US government securities conducted by primary dealers regulated by the Federal Reserve Bank of New York;

The OTC market in the United States regulated by the National Association of Securities Dealers Inc. (also described as the OTC market in the United States conducted by primary and secondary dealers regulated by the Securities and Exchanges Commission and by the National Association of Securities Dealers (and by banking institutions regulated by the US Comptroller of the Currency, the Federal Reserve System or Federal Deposit Insurance Corporation);

The French market for Titres de Créances Négotiables (OTC market in negotiable debt instruments);

the OTC market in Canadian Government Bonds, regulated by the Investment Dealers Association of Canada.

SESDAQ (the second tier of the Singapore Stock Exchange).

(iv) the following derivatives exchanges:

All exchanges or markets of affiliates thereof which are listed under (i), (ii) and (iii) on which derivatives trade.

Any derivatives exchanges or derivative market or affiliate thereof which is:

located in any Member State of the European Economic Area excluding Liechtenstein (European Union, Norway and Iceland); or

located in any of the member countries of the OECD including their territories covered by the OECD Convention;

- and the following exchanges
- the Shanghai Futures Exchange;
- the Taiwan Futures Exchange;
- Jakarta Futures Exchange;
- the Bolsa de Mercadorias & Futuros, Brazil;
- the South African Futures Exchange;
- the Thailand Futures Exchange;
- the Malaysia Derivatives Exchange;
- Hong Kong Futures Exchange
- OTC Exchange of India
- Singapore Exchange;

- Singapore Commodity Exchange.
- SGXDT

For the purposes only of determining the value of the assets of a Fund, the term “Regulated Market” shall be deemed to include, in relation to any derivatives contract utilised by a Fund, any organised exchange or market on which such contract is regularly traded.

APPENDIX III

Collateral Policy

Where a Fund receives collateral as a result of trading in FDI on an OTC basis, collateral obtained shall meet at all times, the following criteria:

- (i) Liquidity: Collateral received other than cash will be highly liquid and traded on a regulated market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to pre-sale valuation. Collateral received will also comply with the provisions of Regulation 74 of the Central Bank Regulations;
- (ii) Valuation: Collateral received will be valued on at least a daily basis and assets that exhibit high price volatility will not be accepted as collateral unless suitably conservative haircuts are in place;
- (iii) Issuer credit quality: Collateral received will be of high quality. The Manager and the Investment Manager shall ensure that:
 - (i) where the issuer was subject to a credit rating by an agency registered and supervised by ESMA that rating shall be taken into account by the Manager and the Investment Manager in the credit assessment process; and
 - (ii) where an issuer is downgraded below the two highest short-term credit ratings by the credit rating agency referred to in (i) this shall result in a new credit assessment being conducted of the issuer by the Manager and the Investment Manager without delay.
- (iv) Correlation: Collateral received will be issued by an entity that is independent from the counterparty and is not expected to display a high correlation with the performance of the counterparty;
- (v) Diversification (asset concentration): Collateral will be sufficiently diversified in terms of country, markets and issuers with a maximum exposure to a given issuer of 20% of the Fund's Net Asset Value. When the Fund is exposed to different counterparties, the different baskets of collateral will be aggregated to calculate the 20% limit of exposure to a single issuer. By way of derogation from the above diversification requirement (subject to such derogation being permitted by the Central Bank and any additional requirements imposed by the Central Bank), the Fund may be fully collateralised in different transferable securities and money market instruments issued or guaranteed by a Member State, one or more of its local authorities, non-Member State, or public international body of which one or more Member States belong (and which issuers are set out in Section 2.12 of the "**Investment Restrictions**" section in Appendix I), provided the Fund will receive securities from at least six different issues with securities from any single issue not accounting for more than 30% of the Fund's Net Asset Value;

- (vi) Immediately available: Collateral received will be capable of being fully enforced by the ICAV on behalf of the Fund at any time without reference to or approval from the counterparty.

Permitted types of collateral

Where a Fund receives collateral as a result of trading in FDI on an OTC basis, the Fund intends, subject to the criteria set out in the Central Bank Regulations and Appendix II to the Prospectus, to accept collateral in the following form:

- (a) cash;
- (b) government or other public securities;
- (c) bonds/commercial paper issued by relevant institutions or by non-bank issuers where the issue or the issuer are of high quality;
- (d) certificates of deposit issued by relevant institutions (as defined by the Central Bank Regulations);
- (e) letters of credit with a residual maturity of three months or less, which are unconditional and irrevocable and which are issued by relevant institutions;
- (f) equity securities traded on a stock exchange in the EEA, Switzerland, Canada, Japan, the United States, Jersey, Guernsey, the Isle of Man, Australia or New Zealand.

Cash collateral received by the Fund may be reinvested in accordance with the requirements of the Central Bank at the discretion of the Investment Manager. In this regard, any cash collateral received by the Fund may also be placed on deposit with relevant credit institutions as permitted by the UCITS Regulations. In such circumstances, the Fund shall be exposed to the creditworthiness of the relevant credit institution with which cash collateral is placed.

Haircut Policy

The Investment Manager has adopted a haircut policy for each class of assets received as collateral by the ICAV. The Investment Manager shall determine the level of haircut applicable to the assets received as collateral, taking into account in particular the type of assets, the credit standing of the issuers, the maturity, the currency, the liquidity and the price volatility of the assets. In respect of the permitted types of collateral above, the Investment Manager's policy is to apply no haircut in respect of cash and to apply a haircut that takes into account the above-mentioned factors in respect of each category of assets and which the Investment Manager considers reflects the market practice.

Level of collateral required

Collateral obtained must be marked to market daily and must equal or exceed, in value, at all times the value of the amount invested or securities loaned.

APPENDIX IV

List of the Depositary's sub-custodians

COUNTRY	SUB-CUSTODIAN
Argentina	Euroclear Bank S.A., Brussels
Australia	BNP Paribas Securities Services Australia Branch, Sydney
Austria	BNP PARIBAS Securities Services, Frankfurt
Bahrain	HSBC Middle East, Bahrain
Belgium	BNP Paribas Securities Services, Brussels via BNP Paribas Securities Services, Paris
Benin	Standard Chartered Bank Côte d'Ivoire SA
Brazil	Banco BNP Paribas Brasil SA, Sao Paulo
Bulgaria	UniCredit Bulbank, Sofia
Burkina Fasso	Standard Chartered Bank Côte d'Ivoire SA
Canada	RBC Dexia, Toronto
Chile	Citibank NA, Santiago

An up-to-date list of the sub-custodians of the Depository shall be available at the following address at any time: http://securities.bnpparibas.com/files/live/sites/web/files/medias/documents/regulatory-disclosures/UcitsV_list_of_delegates_sous_delegates_en.pdf

If you are in any doubt about the contents of this Supplement, you should consult your stockbroker, bank manager, solicitor, accountant or other independent financial adviser.

**Trinetra Emerging Markets Growth Fund
(a sub-fund of Trinetra UCITS ICAV)**

This Supplement forms part of and should be read in conjunction with the general description of the ICAV contained in the current prospectus of the ICAV dated 25 March, 2022 (the “Prospectus”) together with the most recent annual report and audited financial statements and if published after such report, a copy of the latest half-yearly report and unaudited financial statements. To the extent that there is any inconsistency between the Prospectus and this Supplement, the Supplement shall prevail.

An investment in the Fund should not constitute a substantial proportion of an investment portfolio and may not be appropriate for all investors. Investors attention is directed to the section of this Supplement entitled “RISK FACTORS”.

The Directors of the ICAV, whose names appear in the Prospectus under the heading “MANAGEMENT AND ADMINISTRATION”, accept responsibility for the information contained in the Prospectus and in this Supplement. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of the information. The Directors accept responsibility accordingly.

The date of this Supplement is 25 March, 2022

INDEX

1. DEFINITIONS	115
2. INTRODUCTION	117
3. INVESTMENT OBJECTIVE AND POLICY	117
4. RISK FACTORS	125
5. INVESTMENT AND BORROWING RESTRICTIONS	125
6. DISTRIBUTION POLICY	125
7. SUBSCRIPTIONS	125
8. REDEMPTIONS	127
9. SUSPENSION OF DEALING	128
10. FEES AND EXPENSES	128

1. DEFINITIONS

“Annual Accounting Date”	means 31 December.
“Base Currency”	means the base currency of the Fund, which is the US Dollar.
“Business Day”	means any day other than a Saturday or Sunday during which banks are open in Dublin, Ireland or such other day or days as may be determined by the Directors and notified to Shareholders. Additional Business Days may be created by the Directors, in consultation with the Manager and the Investment Manager, and notified to Shareholders in advance.
“Dealing Day”	means every Business Day or such other day or days as may be determined by the Directors in consultation with the Manager and the Investment Manager and notified to Shareholders in advance provided that there shall be at least two Dealing Days in every month occurring at regular intervals. See also the section entitled “Suspension of Valuation of Assets” in the Prospectus .
“Dealing Deadline”	means 2.00 pm (Irish time) on the third Business Day immediately preceding the relevant Dealing Day, in the case of redemptions, and 2.00 pm (Irish time) on the second Business Day immediately preceding the relevant Dealing Day, in the case of subscriptions, or, in either or both cases, in exceptional circumstances, such later time(s) as the Directors may from time to time permit and notify in advance to Shareholders provided that applications will not be accepted after the Valuation Point in relation to a Valuation Day which is also a Dealing Day.
“Initial Offer Period”	means the initial offering period for all Classes described in this Supplement started at 9.00 a.m. (Irish time) on June 30, 2017 and is now closed.
“Initial Issuance Date”	with respect to a Class, means the date of the first issuance of the Shares of such Class.
“Initial Offer Price”	means the initial fixed price applicable to each relevant Class on the relevant Initial Issuance Date and is shown for each Class in the section entitled “SUBSCRIPTIONS: Offer” .

“Net Asset Value”	means the net asset value of the Fund or attributable to a Class (as appropriate) calculated as referred in the section “Net Asset Value and Valuation of Assets” of the Prospectus with the modification set out below.
“Redemption Settlement Cut-off”	means three Business Day after the relevant Dealing Day.
“Semi-Annual Accounting Date”	means 30 June of each year
“Stock Connect”	Shanghai-Kong Kong Stock Connect is a securities trading and clearing linked program developed by Hong Kong Exchanges and Clearing Limited (“HKEX”), Shanghai Stock Exchange (“SSE”) and the China Securities Depository and Clearing Corporation Limited (“ChinaClear”) and Shenzhen-Hong Kong Stock Connect is a securities trading and clearing links program developed by HKEX, the Shenzhen Stock Exchange (“SZSE”) and ChinaClear, in each case with an aim to achieve mutual stock market access between the PRC and Hong Kong.
“Subscription Settlement Cut-off”	means one Business Day after the relevant Dealing Day.
“Taxonomy Regulation”	means Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment and amending Regulation (EU) 2019/2088, as amended.
“U.S.”	means the United States of America.
“Valuation Day”	means every Business Day or such day or days as the Directors, in consultation with the Manager and the Investment Manager, may decide and notify to Shareholders in advance.
“Valuation Point”	means 4.00 p.m. US Eastern Time on each Valuation Day. The Valuation Point could be any other point in time as the Directors, in consultation with the Manager, the Investment Manager, may decide and notify to Shareholders in advance and reflect in an updated Supplement.

All other defined terms used in this Supplement shall have the same meaning as in the Prospectus.

2. INTRODUCTION

As at the date of this Supplement, the Directors of the ICAV intend to offer the Classes described under “SUBSCRIPTIONS” below. The ICAV may offer additional Classes in the future in accordance with the requirements of the Central Bank.

This Supplement contains information relating specifically to the Trinetra Emerging Markets Growth Fund (the “Fund”), a sub-fund of Trinetra UCITS ICAV (the “ICAV”), an umbrella Irish collective asset-management vehicle with limited liability and segregated liability between sub-funds authorised by the Central Bank on June 29, 2017 as a UCITS pursuant to the UCITS Regulations.

To the extent that there is any inconsistency between the Prospectus and this Supplement, the Supplement shall prevail.

The Fund may under certain circumstances be primarily invested in deposits and/or Money Market Instruments as set out below, however, the value of an investor’s investment is not guaranteed and the Net Asset Value of the Fund may fluctuate and shall not be considered as an investment in a deposit. The Fund shall not invest in the units of other collective investment schemes. The Fund may also use FDIs for efficient portfolio management (such as hedging).

Investors’ attention is directed to the sections headed “INVESTMENT OBJECTIVE AND POLICY” and “RISK FACTORS” and “FEES AND EXPENSES”.

Profile of a Typical Investor

The typical investor profile is expected to be an investor seeking to take medium or long-term exposure to emerging markets growth stocks and which can afford to be exposed to the risks associated with this Fund and which has a medium to high risk appetite.

The recommended investment period is between 3 and 5 years.

Investors should read and consider the section entitled “**Risk Factors**” before investing in the Fund.

Investment Objective

The investment objective of the Fund is to achieve long-term capital appreciation.

Investment Policy

The Fund will aim to achieve its investment objective by investing in a well-diversified portfolio of equity securities and equity-related investments (as described under “Instruments” below) issued by Emerging Market Issuers globally. An Emerging Market Issuer is an issuer that is located in an Emerging Market Country, or an issuer deriving at least 50% of its revenues or profits or growth in profits from goods produced or sold, investments made, or services performed by the issuer in one or more Emerging Market Countries or an issuer that has at least 50% of its assets in one or more Emerging Market Countries, that is listed, traded or dealt in on Regulated Markets. Emerging Market Countries include any country included by the International Monetary Fund in its list of Emerging and Developing

Economies, any country which is considered a low-income, lower-middle-income, or upper-middle-income economy by the World Bank and all countries represented in any widely-recognised index of emerging market securities. Other than as set out herein or under “Instruments” below, the Fund’s geographical focus shall not be restricted nor shall it focus on any particular geographical region or any single Emerging Market Country.

The Fund observes a policy to normally invest at least 80% of its net assets in equity securities and equity-related investments issued by Emerging Market Issuers. The Fund’s investments in derivatives and other synthetic instruments that have economic characteristics similar to these investments, as described under “Instruments” below (being participatory notes, ADRs and GDRs), will be counted towards this 80% figure.

Portfolio Management

In managing the Fund’s portfolio, the Investment Manager seeks to identify equity investments within Emerging Market Countries with the greatest potential for long-term growth, whilst taking into account associated risks. Growth trends are identified with respect to particular Emerging Market Countries, sectors, industries or themes.

The Investment Manager’s process takes into accounts a number of factors, including macroeconomic, demographic, consumption-related (such as the level of penetration of different goods and services) and political factors. The process can also use an aggregation of data from sources such as the World Bank and the United Nations, social media and quantitative surveys.

The Investment Manager then uses qualitative research techniques focused on observing the activities of consumers in their homes or places of work in particular Emerging Market Countries. This technique involves spending time with consumers in their own environment (be that their homes or places of work) in order to understand their lives and the issues they face, for example how they get access to finance, healthcare and education and what drives their consumption decisions. The Investment Manager aims to observe a cross section of consumers from different socio-economic groups, different ages, rural and urban to get a representative cross section of society which helps the Investment Manager form a view as to the general direction of socioeconomic change. This research attempts to identify behaviours and patterns that indicate growth trends that may be overlooked by traditional research. Trends might be validated through quantitative surveys with wider population groups, if necessary. This helps the Investment Manager understand the extent, the timing and geographic applicability (cross-regional and cross-country) of the trend.

The Investment Manager uses a structured and systematic (i.e. a process that is automatic and disciplined (i.e. always followed)), bottom-up process (i.e. a type of investment analysis that focusses on the attributes of the individual issuer rather than general economic or market factors affecting the sector or the broad economy) to select a diversified portfolio of particular Emerging Market Issuers that the Investment Manager considers will benefit from the identified growth trends and provide positive risk-adjusted returns. By way of example, if the Investment Manager identifies a trend of increased use of domestic fridges, it would consider the companies that produce domestic products that require refrigeration as beneficiaries of that trend, such as milk, yogurt and ice-cream producers. Companies in which the Fund may invest are screened to verify the extent by which they can adapt to benefit from these future trends, their competitive edge and whether all their risks are quantifiable. Potential candidates that satisfy the initial screening are then reviewed to assess their long-term prospects,

including direct assessment of the quality of management, market outlook, profitability, competitiveness, cashflows and regulatory factors. The assessment of the quality of management involves a number of factors but the two which the Investment Manager considers are the most important are identifying management whose interests are aligned with investors and management who have shown discipline in the past in managing their companies' cash-flows and balance sheets and who have been consistent in executing the stated strategy of the company.

The Investment Manager will conduct a risk assessment of a given issuer and will assess risks both external to the company, such as environmental, social, governmental, competitive and market risks; and internal to the company (generally identified by the Investment Manager based on publicly available information such as audited financial statements), such as risks involving strategy, operations, processes, systems and workforce. This is done to risk-adjust the expected investment return based on the different risk profile of each company.

The Fund typically holds 25-55 issuers in its portfolio, but may own a lesser or a greater number of positions at any time. The Fund may invest in companies of any market capitalisation and is not managed to achieve particular allocations to countries, regions, industries or sectors, each of which many vary significantly over time.

Investment Strategy

The Fund will invest on a "long-only" basis (i.e. it will not take "short" positions) and has an investment horizon of three to five years. The Fund will not seek to leverage its exposure to its underlying portfolio through the use of borrowing or derivatives or other synthetic instruments except that the Fund may use stock index futures in certain circumstances as part of its investment policy and may use currency futures as an efficient portfolio management technique (in each case as described below). Futures contracts have an inherent leverage. Please also refer to the section of this Supplement headed "Leverage and Global Exposure".

Instruments

The Fund will invest primarily in equity and equity-related securities (including warrants, depository receipts such as American Depositary Receipts and Global Depositary Receipts and participation notes) that are listed, traded or dealt in on Regulated Markets, provided that the Fund may not invest more than 15% of its net assets in warrants. The Fund may invest up to 10% of its assets in the aforementioned securities and in money market instruments where such securities and/or money market instruments are not listed, traded or dealt in on Regulated Markets. The Fund may use participatory notes to obtain exposure to an equity investment, including common stocks and warrants, in a local market where direct ownership is uneconomic or is otherwise restricted, such as India. In a country such as India where direct ownership by a foreign investor, such as the Fund, is restricted, an investor may gain exposure to the market through a participatory note, which derives its value from the underlying equity security. Participatory notes are intended (disregarding the effect of any fees and expenses) to reflect the performance of the underlying equity securities. The participatory notes will be unleveraged and will not embed derivatives. Participatory notes are generally structured and sold by a local branch of a bank or broker/dealer that is permitted to purchase equity securities in the local market. The participatory notes represent unsecured, unsubordinated contractual rights of the issuer. They do not confer any right, title or interest in respect to the underlying equity securities or provide rights against the issuer of the underlying securities. Under the terms of the instrument, the Investment

Manager on behalf of the Fund may tender a participatory note for cash payment in an amount that reflects the current market value of the underlying investments, less programme expenses, such as trading costs, taxes and duties.

The Fund may invest in stock index futures contracts which may be used to obtain investment exposure to a particular market where it is more economic to do so for liquidity or local legal or tax reasons than making direct investments. Such futures contracts may make up a portion or all of the Fund's investments in a particular Emerging Market Country. Futures are contracts in standardised form between two parties entered into on an exchange, whereby one party agrees to sell to the other party an asset at a price fixed at the date of the contract, but with delivery and payment to be made at a point in the future.

As the Fund may invest in warrants, it is recommended that an investment in the Fund should not constitute a substantial proportion of an investor's portfolio and may not be appropriate for all investors.

The Fund may subscribe for shares in an issuer as part of a rights issue by the issuer. A rights issue gives existing shareholders in a company the right to acquire additional shares in proportion to their existing holdings during a fixed period of time, normally at a discount to the market value of those shares.

The Fund may invest up to 20% of its Net Asset Value in equity securities issued by companies incorporated in the Peoples Republic of China. Investment by the Fund in such securities is limited to China A Shares traded on the Shanghai Stock Exchange via the Shanghai-Hong Kong Stock Connect, quoted in Chinese Renminbi and securities (included but not limited to global depository receipts) which are traded on a Regulated Market outside of China.

Investors' attention is drawn to the section headed "Risk Factors" in the Prospectus which provides a description of Stock Connect together with a description of the principal risks related to investing through Stock Connect.

The Fund may invest up to 20% of its Net Asset Value in equity securities issued by companies incorporated in Russia. To the extent that the Fund invests in securities of such issuers that are listed or traded in Russia, such investment will only be made in securities that are listed or traded on the Moscow Exchange.

The Fund may invest cash balances in short-term debt securities listed, traded or dealt in on a Regulated Market. The short-term debt securities in which the Fund may invest will include commercial paper, certificates of deposit, and bankers' acceptances. To the extent that the Fund invests in debt securities, these may be issued by government or corporate issuers located primarily in the OECD and may be fixed or floating rate and all will be rated above investment grade. For defensive purposes during periods of perceived uncertainty and volatility, the Fund may also hold all or part of its assets in debt securities, asset-backed and mortgage-backed securities which must be rated at least investment grade and which are listed, traded or dealt in on a Regulated Market.

Specific risk factors relating to investment in Emerging Market Countries are found in the section of the Prospectus entitled "RISK FACTORS".

Sustainability Approach

The Fund falls within the scope of Article 8 of the SFDR as it promotes environmental and/or social characteristics. The environmental and/or social characteristics promoted by the Fund comprise primarily social issues in emerging markets (“EMs”) such as health and wellness and equality for the people at the bottom of the pyramid as well as migrants, women, youth and older adults, and those in less developed lower-tier cities and rural areas. While the Fund promotes environmental and/or social characteristics in the manner described above, it does not currently commit to investing in any “sustainable investments” with an environmental objective within the meaning of the Taxonomy Regulation. Accordingly, it should be noted that the investments underlying the Fund do not currently take into account the EU criteria for environmentally sustainable economic activities.

In identifying investments which allow the Fund to promote environmental or social characteristics, the Investment Manager adopts the following strategies:

- **Immersion Research:** During the immersion research, the Investment Manager meets with consumers in EMs in their homes, in their villages and towns to understand the social and environmental issues they face as well as solutions they see to their own problems. From these discussions, the Investment Manager forms a universe of companies that can provide solutions to these problems and which will be researched during the security selection process.
- **Security Selection:** Firstly, the Investment Manager will block from investment any company for which it cannot get a clear understanding of and quantify its environmental, social and governance (ESG) risks. Secondly, the Investment Manager’s risk assessment scores for each company are used to risk adjust returns. The risk assessment includes ESG as well as operational, strategic and financial risks. Companies with higher ESG risks will result in a higher risk score and lower risk adjusted returns, which will result in reduced position sizing in the portfolio.
- **Active Engagement and Escalation:** Firstly, the Investment Manager brings to the management’s attention the risks and opportunities as articulated by consumers during immersion research. Secondly, the Investment Manager engages with management on its assessment of the risks they face (ESG, financial, operational and strategic) and discusses the significance and likelihood of each risk as well as any preventive or detective controls that their management has put in place. In the event that an issue has not been adequately dealt with by management, the Investment Manager will escalate the matter by addressing it more formally, including with the chair or with other members of the senior management team. The Investment Manager’s engagement policy is publicly available on its website.
- **Voting:** The Investment Manager exercises all its voting rights and has a voting policy publicly available on its website.

- **UN Sustainable Development Goals:** The Investment Manager maps each stock to at least one of the United Nation's (UN) 17 sustainable development goals that relate to the investment case for owning the specific security. For every goal, an analyst takes at least one relevant measurable parameter that can be tracked over multiple years to engage with management.

The Investment Manager also assesses the governance practices of issuers in order to satisfy itself that the relevant issuers follow good governance practices, in particular with respect to sound management structures, employee relations, remuneration of staff and tax compliance. The Investment Manager conducts a risk assessment for each company in its investment universe. The Investment Manager's risk assessment scores for each company are used to risk-adjust returns. The risk assessment includes ESG as well as operational, strategic and financial risks. Companies with higher ESG risks will be given higher cost of equity, and so will offer lower risk-adjusted returns, which will result in reduced position sizing in the portfolio, outright sale, or no purchase at all. The Investment Manager undertakes in-depth analysis of the material ESG issues of an issuer it has identified through its own proprietary research or raised in the proxy research by its proxy research provider. The Investment Manager engages with investee companies on ESG matters in the following way:

1. The Investment Manager brings to management's attention the risks and opportunities as articulated by consumers during immersions research.
2. The Investment Manager engages with management over the analysts' assessment of the material risks the investee company faces (ESG, financial, operational, and strategic) and discusses the significance and likelihood of each risk, as well as any preventive or detective controls that management has put in place.
3. In the event that an issue has not been adequately dealt with by management, the Investment Manager will escalate the matter by addressing it more formally, including with the chair or with other members of the senior management team. The Investment Manager may express its concerns through voting against the appointment of certain directors, or against other proposals, and in writing to explain its voting actions.

The Investment Manager monitors compliance with the social and/or environmental characteristics outlined above on a regular basis. The Investment Manager collects its own ESG data through its ethnographic research where it can get first-hand accounts of the actions of some of the investee companies on people's lives. The investment universe is created from companies that provide solutions to social and environmental issues highlighted by the Investment Manager's immersions research.

Sustainability Risk

The management of sustainability risk forms an important part of the due diligence process implemented by the Investment Manager. When assessing the sustainability risk associated with underlying investments, the Investment Manager is assessing the risk that the value of such underlying investments could be materially negatively impacted by an environmental, social or governance event or condition (“**ESG Event**”).

Using qualitative processes, sustainability risk is identified, monitored and managed by the Investment Manager in the following manner:

- i. The Investment Manager uses sustainability criteria when selecting investments for the Fund. As outlined above, the Investment Manager uses ethnographic research where it meets consumers in their homes in EMs, in villages and towns to understand the social and environmental issues they face, as well as the solutions they see to their own problems. From these discussions, the Investment Manager forms a universe of potential investments that can provide solutions to these problems. The Investment Manager invests in securities that directly benefit from the rise in domestic consumption in EMs, therefore the process screens for companies providing solutions to primarily social but also environmental needs of consumers in EMs, and by its nature excludes industries such as energy producers, extractive industries, utilities, arms manufacturers, tobacco. The Investment Manager also conducts fundamental analysis on each potential investment in order to assess the adequacy of risk management programs of an issuer to manage the material sustainability, operational, strategic and financial risk it faces. The Investment Manager will block from investment any company for which it cannot get a clear understanding of and quantify its ESG risks. The Investment Manager’s risk assessment scores for each company are used to risk adjust returns. The risk assessment includes ESG as well as operational, strategic and financial risks. Companies with higher ESG risks will result in a higher risk score and lower risk adjusted returns, which will result in reduced position sizing in the portfolio.
- ii. During the life of the investment, sustainability risk is monitored through fundamental analysis by the investment team to determine whether the level of sustainability risk has changed since the initial assessment was conducted. This review is generally conducted when the issuer reports. Where the sustainability risk associated with a particular investment has increased, this will result in a reduction of risk adjusted returns and the Investment Manager will consider selling or reducing the Fund’s exposure to the relevant investment, taking into account the best interests of the Shareholders of the Fund.

The Investment Manager has determined that the sustainability risk (being the risk that the value of the Fund could be materially negatively impacted by an ESG Event) faced by the Fund is low.

Efficient Portfolio Management

The Fund may utilise forward currency exchange contracts, currency futures and currency swaps for efficient portfolio management purposes. A general description of forward currency exchange contracts, currency futures contracts and currency swaps is found in Appendix I of the Prospectus. The anticipated purpose for which such derivatives will be utilised and the effect of such derivatives on the risk profile of the Fund is set out below. The Fund may use such FDIs in order to actively manage its currency exposure and in particular for currency hedging at portfolio level as described below. These derivatives may be dealt in over-the-counter or be listed or traded on the Regulated Markets set out in Appendix II to the Prospectus. The Fund employs a risk management process which enables it to accurately measure, monitor and manage the various risks associated with derivative instruments. The Fund will use derivatives in accordance with the limitations set down in Appendix I to the Prospectus and which are included in the Manager's risk management process. Collateral holdings, if any, may be invested by the Investment Manager in accordance with the requirements of the Central Bank.

The Fund will not engage in securities financing transactions (lending, repurchase and/or reverse repurchase agreements) within the meaning of EC Regulation 2015/2365.

Currency hedging at portfolio level

The Fund will enter into transactions for the purposes of hedging the currency exposure of the underlying securities into the Base Currency. The aim of this hedging will be to reduce the Fund's level of risk and to hedge the currency exposure of all the Fund's underlying securities to the Base Currency. Forward foreign exchange contracts, currency futures and/or currency swaps may be utilized. Despite this currency hedging policy, the Fund may still have a low residual exposure to currencies denominated in currencies other than in the Base Currency.

Currency hedging at Class level

Each non-US Dollar denominated Class is available as a hedged Class and an unhedged Class. The Investment Manager intends to hedge foreign exchange risk of any hedged non-US Dollar denominated Class against the US Dollar (only). Performance of unhedged Classes may be strongly influenced by movements in FX rates because currency positions held by the Fund may not correspond with the securities positions held. The Investment Manager intends to use monthly currency forward contracts to seek to hedge the currency exposure, using a passive strategy that will involve hedges being placed and reset on a regular basis. There may be overhedging or underhedging depending on factors outside of the control of the Investment Manager. Hedged positions will be kept under review to ensure that overhedged positions will not exceed 105% of the Net Asset Value attributable to the hedged Class. Hedged positions materially in excess of 100% of the Net Asset Value of the hedged Class will not be carried forward from month to month.

The successful execution of a hedging strategy which mitigates exactly this risk cannot be assured.

Leverage and Global Exposure

The Fund may only borrow on a temporary basis and the aggregate amount of such borrowings may not exceed 10% of the Net Asset Value of the Fund. Please also refer to the section of the Prospectus entitled "Borrowing Powers" under the heading "THE ICAV".

The global exposure of the Fund will be measured and monitored using the “commitment approach”. The Fund may have a global exposure of up to 100% of its Net Asset Value as a result of its use of FDI.

The expected leverage of the Fund (measured based on the market value of the equivalent position in the underlying assets of the Fund’s derivatives plus any outstanding borrowings) is expected to range between 0% and 10% of the Fund’s Net Asset Value (as a result of any stock index futures or currency futures held by the Fund) though this is an estimate and not a limit by which the Fund will be bound.

4. RISK FACTORS

Shareholders and potential investors (the “**Investors**”) are specifically referred to the section headed “RISK FACTORS” in the Prospectus.

Shares require a medium to long-term commitment and are only redeemable subject to the terms disclosed. Prospective Investors should therefore be aware that they may be required to bear the financial risks associated with any investment in the Fund as long as they maintain their investment.

The investment risks set out in this Supplement and the Prospectus do not purport to be exhaustive and potential Investors should be aware that an investment in the Fund may be exposed to risks of an exceptional nature from time to time.

5. INVESTMENT AND BORROWING RESTRICTIONS

The Fund is subject to the investment and borrowing restrictions set out in the UCITS Regulations, the Central Bank Regulations and in Appendix I to the Prospectus.

Where the Fund receives collateral as a result of trading in OTC FDI, the use of efficient portfolio management techniques or otherwise, the requirements of Appendix III of the Prospectus will apply.

6. DISTRIBUTION POLICY

Classes are all Accumulation Classes. Accumulation Classes capitalise income.

The Directors, in consultation with the Manager and the Investment Manager, may at any time change the policy of the Fund with respect to dividends distribution, in which case full details of any such change will be disclosed in an updated Supplement and Shareholders will be notified in advance.

Please also refer to the “Distribution Policy” section in the Prospectus.

7. SUBSCRIPTIONS

Offer

The following Classes are currently available:

Class	Subscription Fee	Minimum Subscription	Initial Offer Price per Share	Minimum Holding	Investment Management Fee	Performance Fee
A	5%	\$2000	\$100	\$2000	1.60%	No
B	0%	\$1m*	\$100	\$1m*	0.80%	No
D	0%	\$500,000,000	\$100	\$5,000,000	None	None

*The Directors or their delegate may partially or wholly waive the Subscription Fee and/or the Minimum Subscription amounts in respect of one or more Shareholders or investors at their discretion.

Each of the above Classes are available in Euro, Australian Dollar, Canadian Dollar (CAD), Sterling, Swiss Francs, US Dollar, Singapore Dollar and Hong Kong Dollar. Class D is currently only available in Australian Dollar. Each non-US Dollar denominated Class is available as a hedged Class (hedged against the US Dollar) and an unhedged Class. Class D AUD is currently only available as an unhedged Class. Performance of unhedged Classes may be strongly influenced by movements in FX rates because currency positions held by the Fund may not correspond with the securities positions held.

Please see the paragraph entitled “Currency Hedging at Class Level” in this Supplement for more information on the Fund’s currency hedging policy. Please see the paragraph entitled “Application for Shares” in the Prospectus in the section entitled “THE SHARES” for more information regarding the cost of Shares.

The Net Asset Value will be calculated in accordance with the principles described under section “Net Asset Value and Valuation of Assets” in the Prospectus with the following distinction: securities valued under point “(a)” in that section, which are listed or traded on a Regulated Market will be valued at the closing bid prices or, if no closing price is available, at the last known market bid prices.

In accordance with the terms of the Prospectus, an anti-dilution Levy may be applicable for this Fund at the discretion of the Directors, acting in consultation with the Manager and the Investment Manager. Where the Fund buys/enters or sells/exits Financial Instruments in response to a request for the redemption of Shares, it will generally incur a reduction in value, made up of dealing costs and any spread between the bid and offer prices of the investments concerned when compared to their valuation within the Net Asset Value per Share. The Net Asset Value per Share generally does not reflect such costs. The aim of the anti-dilution Levy is to reduce the impact of such costs (which, if material, disadvantage existing Shareholders of the Fund) so as to preserve the value of the Fund. In calculating the Redemption Price of the Shares, the Directors, in consultation with the Manager and the Investment Manager, may on any Dealing Day when there are net redemptions, adjust the Redemption Price by deducting an anti-dilution Levy to cover dealing costs and to preserve the value of the underlying assets of the Fund.

The Net Asset Value will be published as often as the Net Asset Value is calculated promptly following its calculation. Please see the section headed “**Publication of Net Asset Value per Share**” in the Prospectus.

Voting Rights

Shares of each Class may be issued with full voting rights or restricted or no voting rights. Shares of a Class carrying no voting rights shall be referred to in this paragraph as “Non-Voting Shares”. Class B USD Shares will be available as Class B USD Shares and Class B USD Non-Voting Shares. Class D AUD Shares are currently available as Class D AUD Non-Voting Shares only. Shares of all Classes, other than Non-Voting Shares, shall carry full voting rights under the Instrument. Non-Voting Shares shall not carry any right to attend or vote at general meetings of the Fund or ICAV but shall entitle the holder to receive notice of any general meeting of Shareholders to which the holders of all Classes in the Fund carrying full voting rights are entitled. In accordance with the requirements of the Central Bank, the decision to subscribe for any Non-Voting Shares (or any Class of Shares in respect of which the voting rights are restricted) shall be made solely by the investor. The holders of Non-Voting Shares shall have the right to convert, with effect from any Dealing Day, any of the Non-Voting Shares that they then hold into Shares of a Class carrying full voting rights, which Shares will in all other respects rank *pari passu* with such Non-Voting Shares, without being required to pay a fee or penalty for such conversion. Any matter requiring Shareholder approval (including a proposed increase in the management fees, a change to the Fund’s investment objective or a material change to the Fund’s investment policy) shall not proceed without all Shareholders, including the holders of the Non-Voting Shares, being given reasonable notice of such proposed change to enable them to redeem their Shares prior to the implementation of such change. To apply to convert, a Shareholder must give to the ICAV, at such place as the Directors may from time to time determine, a written notice in such form and by such time and date as the Directors may from time to time determine and notify to such Shareholders. Upon such conversion, any such Shareholder converting his Non-Voting Shares shall be issued with one equivalent Share with full voting rights for every Non-Voting Share held by him, prior to such conversion, as applicable, and all such Non-Voting Shares the subject to the conversion shall be cancelled. Paragraph 3 of section 6 of the Prospectus headed “GENERAL INFORMATION: Voting Rights” shall be interpreted accordingly.

Minimum Subscription Amount

The Minimum Subscription in respect of each Class is set out in the table above.

8. REDEMPTIONS

Shareholders may request redemption of their Shares on and with effect from any Dealing Day. Shares will be redeemed at the Net Asset Value per Share for that Class, calculated on or with respect to the relevant Dealing Day in accordance with the procedures described below (save during any period when the calculation of Net Asset Value is suspended).

In accordance with the terms of the Prospectus, an anti-dilution levy may be applicable for this Fund.

For all redemptions, Shareholders will be paid the equivalent of the Redemption Price per Share for the relevant Dealing Day. This price could be less than the Net Asset Value per Share calculated for that Dealing Day due to the effect of Duties and Charges and other fees and levies. Potential Shareholders should note therefore that the payments received for Shares redeemed could be less than their value on the day of redemption.

If the redemption of only part of a Shareholder's shareholding of a Class would leave the Shareholder holding less than the Minimum Holding for the relevant Class, the ICAV or its delegate may, if it thinks fit, redeem the whole of that Shareholder's holding in such Class.

Please refer to the section headed "Redemption of Shares" in the section entitled "THE SHARES" in the Prospectus for further information on the redemption process and restrictions.

Timing of Payment

Redemption proceeds in respect of Shares will normally be paid 3 Business Days following the relevant Dealing Day provided that all the required documentation has been furnished to and received by the Administrator and provided further that proceeds must (unless dealing in the Shares is suspended or a redemption gate is applied) be paid within 10 Business Days of the relevant Dealing Deadline.

Withdrawal of Redemption Requests

Requests for redemption may not be withdrawn save with the written consent of the Directors in consultation with the Manager and the Investment Manager or in the event of suspension of calculation of the Net Asset Value of the Fund.

9. SUSPENSION OF DEALING

Shares may not be issued or redeemed during any period when the calculation of the Net Asset Value of the relevant Fund is suspended in the manner described in the Prospectus under the heading "Suspension of Valuation of Assets". Unless withdrawn, applications for Shares will be considered and requests for redemption will be processed as at the next Dealing Day following the ending of such suspension.

10. FEES AND EXPENSES

The Fund shall bear its attributable portion (based on its Net Asset Value) of the fees and operating expenses of the ICAV. The fees and operating expenses of the ICAV are set out in detail in the section entitled "FEES, CHARGES AND EXPENSES" in the Prospectus. The Directors intend to apply the fees and expenses associated with the establishment and ongoing operations of the ICAV across each Fund of the ICAV pro-rata to each Fund's Net Asset Value, to the extent possible.

Establishment Expenses

The Fund shall bear the fees and expenses attributable to its establishment, which are estimated to be €80,000, including its proportionate share of the establishment expenses of the ICAV, as detailed in the section of the Prospectus entitled "**Establishment Expenses**".

Such establishment expenses may be amortised over the first five Accounting Periods of the Fund.

Subscription Fee

The ICAV may charge a Subscription Fee in respect of Class A Shares only of up to five (5) per cent on the aggregate investment amount subscribed. Such Subscription Fee shall be payable to the Fund and may be retained by the Fund or paid by the Fund to one or more intermediaries such as sub-distributors.

The Subscription Fee is charged at the absolute discretion of the Directors, in consultation with the Manager and the Investment Manager.

Redemption Fee

The ICAV may charge a Redemption Fee in respect of Class A Shares only of up to three (3) per cent of the Net Asset Value of Shares being redeemed. Such Redemption Fee shall be payable to the Fund.

The Redemption Fee is charged at the absolute discretion of the Directors, in consultation with the Manager and the Investment Manager.

Manager's Fee

Pursuant to the Management Agreement, the Manager is entitled to charge the Fund an annual fee not to exceed 0.05% of the Fund's Net Asset Value per annum, subject to a minimum annual fee of up to €45,000. The Manager's fee shall be subject to the imposition of Value Added Tax ("**VAT**") if required. The fee will be calculated and accrued daily and is payable monthly in arrears within ten (10) Business Days of the last Business Day of each calendar month. The Manager's fee may be waived or reduced by the Manager, in consultation with the Directors. The Manager shall in addition charge the Fund a one-off initial set-up fee of up to €10,000.

The Manager shall be entitled to be reimbursed by the Fund for reasonable out of pocket expenses incurred and any VAT on all fees and expenses payable to or by it.

Investment Management Fee

Pursuant to the Investment Management Agreement, the Investment Manager is entitled to charge the Fund an Investment Management Fee, which applies separately in respect of each Class as set out in the table below, based on its Net Asset Value.

Class	Investment Management Fee
A	1.60%
B	0.80%
D	None

Investment Management Fees levied will also be subject to the imposition of Value Added Tax ("**VAT**") if required.

The fee will be calculated and accrued daily and is payable monthly in arrears within ten (10) Business Days of the last Business Day of each calendar month.

The Investment Management Fee may be waived or reduced in respect of one or more Classes by the Investment Manager, in consultation with the Manager and the Directors. The Investment Manager may decide to rebate to one or more Shareholders or intermediaries part or all of its Investment Management Fee.

The Investment Manager shall be entitled to be reimbursed by the Fund for reasonable out of pocket expenses incurred and any VAT on all fees and expenses payable to or by it.

Administrator's Fee

The Fund shall discharge the Administrator's fees and expenses (including any reasonable out of pocket expenses incurred on behalf of the Fund). The Administrator's fee shall not exceed 0.06% of the Net Asset Value of the Fund per annum and shall be calculated and accrued as of each Valuation Day and shall be payable monthly in arrears subject to a minimum annual fee of US\$48,000.

The Fund shall pay certain additional fees to the Administrator for additional Classes of Shares, for the production of financial statements, for tax compliance services (such as FATCA reporting), for the maintenance of the Fund's Shareholder register and for Shareholder transaction processing at normal commercial rates.

Depositary's Fee

The Fund shall discharge the Depositary's fees and expenses (including any reasonable out of pocket expenses incurred on behalf of the Fund). The Depositary's fee shall not exceed 0.025% of the Net Asset Value of the Fund per annum and shall be calculated and accrued as of each Valuation Day and shall be payable monthly in arrears subject to a minimum annual fee of US\$36,000. The Depositary's fee does not include sub-custodian fees which shall be charged to the Fund and will be charged at normal commercial rates.

The Fund shall pay certain additional fees to the Depositary for proxy voting and for cash transfers at normal commercial rates.

Operating Expenses

The Fund will pay all its operating expenses and the fees hereinafter described as being payable by the Fund. The Fund will also bear its attributable portion (based on its Net Asset Value) of the fees and operating expenses of the ICAV as set out in detail in the section entitled "FEES, CHARGES AND EXPENSES" in the Prospectus. Expenses paid by the Fund throughout the duration of the Fund, in addition to fees and expenses payable to the Directors, the Manager, the Investment Manager, the Depositary, the Administrator, the Secretary and any Paying Agent appointed by or on behalf of the Fund include but are not limited to the costs and expenses associated with, brokerage and banking commissions and charges, legal and other professional advisory fees, regulatory fees, auditing fees, distribution fees (including the costs of the registration of the Fund with any regulatory authority), Directors' payroll services, the fees associated with regulatory reporting services, translation and accounting expenses, interest on borrowings, taxes and governmental expenses applicable to the Fund,

costs and expenses of preparing, translating, printing, updating and distributing the Supplement, annual and semi-annual reports (other than those of the Administrator in preparing such reports, provided for in its fees described above), such as the auditor's fees associated with the annual report and the costs of printing and distribution and other documents furnished to current and prospective Shareholders, all expenses in connection with obtaining and maintaining a credit rating for the Fund, expenses of the publication and distribution of the Net Asset Value and any other expenses in each case together with any applicable value added tax.
